MISSIONS TO HEAR NOTED SPEAKERS

Hadley and Ainslie Scheduled for Addresses.

This coming week will be a time when the students and friends of the College of Missions will have the opportunity of enjoying an unusual treat. This will consist of lectures by Ross A. Hadley, general secretary of the American Friends' board of Missions of Richmond, Ind., and the Rev. Peter Ainslie, D. D., LL. D., president of the Association for the Promotion of Christian Unity and editor of the Christian Union Quarterly of Baltimore.

Mr. Hadley has spent several years in connection with the Y. M. C. A. work in India, made visits to a number of foreign mission fields, and for the last seven or eight years has been with the Friends' board. He will give two lectures at the College of Missions in Graham Chapel, Tuesday, April 5, at 4 and 8 p. m., on the subject, "The Society of Friends and Their Missionary Enterprises." Mr. Ainslie is an outstanding apostle of Christian unity, world peace and international friendship. He is a trustee of the Church Peace Union and was a delegate to five international conferences, including the one recently held in Geneva. In addition to his other work he is friend, pastor and guide to the 1,500 members of the Christian Temple in Baltimore, where he has ministered for twenty-nine years. He will lecture the afternoon and evening of April 6 and the morning of April 7. His subjects are "Recent Movements for the Unity of the Church," "Christian Unity the Only Way to International Friendship," and "The Compelling Forces in the Quest for a United Christendom."

RELEASES MAN 'TO RETURN' ALONE

California Police Chief's Act 'Peaves' Chicago Cops.

CHICAGO, April 4.—Chicago police today are considerably "peaved" at E. S. Doss, chief of police of Santa Ana, Cal. They blame Doss for the fact that Edwin Anderson, alleged swindler, is not in custody.

Anderson was arrested at Riverside and Chicago detectives were preparing to go there and bring him back. The Riverside chief, however, wired Chief of Detectives Hughes here that Anderson had asked to be allowed to return alone, thus avoiding the embarrassment of traveling as a prisoner.

Chief Hughes telegraphed a vigorous protest, but the Riverside chief wired back that Anderson had declared the charges were "false as hell" and that he had left \$150,000 in securities as a bond.

Latest advices from California are that Anderson left for San Francisco, presumably with the intention of fleeing to the Orient instead of Chicago. Chicago police are preparing to undertake a world-wide search for him.

Plan International Winter Chess Meet

HAVANA, Cuba, April 4.—Plans are being made for an international chess tournament to be held in Havana next December and January. Dr. Emanuel Lasker and Jose R. Capablanca, at present playing a match for the world's championship in this city, have signified their desire to participate.

Invitations recently were extended to some of Europe's best known chess masters to take part in the match, among them Boris Kostich, the Serbian champion; A. K. Rubinstein and A. A. Alekhine, the Russian experts; Julius Breyer and Geza Maroczy of Hungary; Richard Reti of Czechoslovakia; R. T. Tarrach of Nuremberg; Richard Teichman and M. Cidmar.

A reply has been received from C. Kagan of Berlin, through whom the invitations were extended, as follows: "Have invited the masters. Thank you heartily for the invitation, which will be accepted by all."

March Postal Receipts Show \$28,000 Increase

Indianapolis postoffice receipts for the month of March showed an increase of \$28,000 over those of March, 1920, according to Postmaster Robert E. Springsteen. There was a net gain of more than \$5,400 in receipts from third and fourth-class matter, probably due, Mr. Springsteen says, to the restricted advertising policies adopted by many of the newspapers. However, the sale of stamps far more than made up the deficit. Total receipts for March, 1921, were \$263,256.24, as against \$235,090.22 for the corresponding month of last year.

Teachers' Delegates Adopt Constitution

The proposed constitution of the Indiana Teachers' Association was adopted by an almost unanimous vote of the 125 delegates in a meeting at Caleb Mills hall Saturday afternoon. The constitution was submitted by W. F. Collins of Ellettsville for a majority of the committee. Miss Elizabeth Murphy of Ft. Wayne submitted a minority report. The constitution must now go before a convention of the entire association for ratification next fall.

DONN ROBERTS MAY TEST LAW

Terre Haute Man, Seeking Nomination, Affected by Legislative Act.

Special to The Times. TERRE HAUTE, April 4.—Donn M. Roberts was preparing today to campaign actively for the Democratic mayoral nomination in the face of the Tucker law passed by the recent Legislature, which would prohibit him from seeking the office. The law upon its promulgation will provide that no one who has been convicted of crime in a Federal court can hold a public office. Roberts, who formerly was mayor, served more than three years in a Federal penitentiary for election frauds.

Although Roberts had not announced his intention to do so, some political workers here believe he will bring suit to test the constitutionality of the law. The time for filing petitions of candidacy expired Saturday and the laws of the 1921 Legislature likely will not be printed until June 7 or later. Roberts may take the position, if successful in the primary, that he filed his petition and made the primary race before the law was promulgated.

Two other Democrats are seeking the nomination. Mayor Charles Hunter asks re-nomination with five men opposing him. There is one independent candidate.

SYMPHONY MAN CRACKS DOME OF BOSTON OFFICER

Back Bay District Wrought Up Over Battle of Cop and Musician.

BOSTON, April 4.—Boston's exclusive Back Bay today harbored a baffling mystery as a result of a battle in the home of Dr. Elissa Flagg between Patrolman George L. Reid and Nicholas Forlan, a Symphony hall musician. The patrolman is in a serious condition with a fractured skull at the city hospital, while Forlan is under arrest charged with assault with intent to kill.

The chief feature of the mystery, according to the police, is the disappearance of a woman who was engaged in an altercation with Forlan when Reid appeared.

Mrs. Flagg was "not at home" to reporters, but through her housekeeper word was that she did not see the woman. Three young women of the neighborhood who dragged the musician from the prostrate policeman, declared they saw no one else.

The first notification of the trouble came to the Back Bay station by telephone from the home of Dr. Flagg, who is said to be in Maine. A woman who said she was Mrs. Flagg, told the police that a woman and man were "in distress" in front of her house.

A rescue squad was sent from the station, but in the meantime Patrolman Reid appeared on the scene. According to the police, he accosted Forlan, who was standing in front of the house, asking what he was doing there. Forlan replied, "I am waiting for a woman in there," pointing to the Flagg residence.

Forlan then dashed down the basement stairs into the Flagg home, the door being unlocked, the police say. Officer Reid followed and grappled with the man in the Flagg kitchen. The two men rolled out the door and up the stairs to the sidewalk. Here Forlan is alleged to have drawn a pistol, with which he beat the policeman on the dome.

Mother of 7 Held for Murder of 2

SAGACHE, Colo., April 4.—Mrs. John Haner, 38, mother of seven children, is in jail today charged with murder, following her confession, police say, to shooting and killing Frank Schmid, 35, and R. H. Reiford, 39, who she declares "broke up her home."

Mrs. Haner asked Schmid late Sunday afternoon to drive her to the ranch of Reiford. When the two men came out of Reiford's house the woman opened fire with a pistol, five shots taking effect in Reiford's body and three in Schmid's. Mrs. Haner is the wife of a rancher who is at liberty on bond charged with larceny. Schmid was implicated in the same theft.

Special to The Times. GREENSBURG, Ind., April 4.—Following a search made in several homes south of Westport last night, Sheriff Harry Braden and Deputy Charles Beeson and Officer James Grinstead placed Andrew Hessler under arrest on a charge of manufacture and unlawful possession of intoxicating liquor.

Auto Mishaps Cause Three Persons Hurt

In a series of automobile accidents Saturday night and Sunday three persons were injured in Indianapolis.

A wild driver leaped across the curb on North Senate avenue last night. The motor of the automobile had been left running by Andrew Thomas, negro, 1019 Lafayette street, and the automobile evidently got tired of waiting and started. It struck Normel Reams, 19, 1710 Boulevard Place, and Brooks T. Burt, 18, 305 West Sixteenth street. Both were knocked down and bruised. The automobile tore down a fence in front of 914 North Senate avenue and finally halted against the porch of a house. Thomas was arrested on the charge of leaving an automobile with the motor running.

Frank Quattrocchi, 3, 425 South Alabama street, was injured when he was struck by an automobile driven by Frank Sheets, 21, 417 South Alabama street. The accident occurred Sunday in the alley in the rear of the Quattrocchi home. The child's injuries were not serious.

Omit Washing Your Face But Never Your Teeth

So many are alert to eternal cleanliness because it is considered a friendly act to remind an acquaintance that the face is smudged.

But who is to remind you, or notice that your teeth are neglected? An unclean mouth poisons the stomach, and often leads to chronic disease. Keep your mouth in condition by having your teeth examined regularly.

I neglected my teeth for years. They were extracted without pain by the People's Dentists. I give this recommendation that others will not delay the work which is so necessary to good health.—Mrs. Marie Lisc, 3846 E. Washington street, city.
