Is the feeling and plaint of women who are "run-down" so low that work drags, head aches, back aches, dragging down feelings, dizzy, pale, weak, "everything goes wrong." See what Dr. Pierce's Favorite Prescription has done for more than a million women in the last fifty years. What it has done for others it can do for you.

Gary, Ind.—A couple of years ago I began suffering with women's weakness. I had severe backaches, became very weak and nervous, could not eat or sleep well. I consulted a doctor but did not get better under the treatment. At last I began taking the "Favorite Prescription" and it made a well woman of me in less than six months. I was stronger than I ever had been.—MRS. SADIE WEIKEL, 637 Penn St.
