

## WHEAT TO STAY AT PRICE LEVEL, SAY GRAIN MEN

Winter Crop Large, Spring  
Sowing Below Normal,  
Reports Show.

### FOREIGN AGENTS BUY

CHICAGO, April 7.—Wheat prices are expected to maintain their present level by leading grain dealers here in touch with the market conditions. Acreage is slightly above normal, according to reports from the great wheat fields of the middle and Northwest.

"Prices will probably not drop appreciably," James A. Patton, "wheat king" said today. He added, however, that farmers may have some difficulty in getting \$1 a bushel for July wheat.

Patton pointed out there is heavy buying by foreign agents for July and August shipments.

"Estimates show 40,000,000 acres of winter wheat were planted; about 5,000,000 acres above the prewar normal," said J. E. Carney, grain expert. "The spring wheat acreage is 15 per cent below the prewar normal."

Dry weather conditions in the northwest were relieved yesterday and today by rains.

Grain men said Argentina's present shipping makes it appear the crop there was estimated high.

"Unless Argentina shipments increase, American producers may look for an excellent demand for wheat," Carney said. "European acreage is below prewar normal, and advances show French and Roumanian growers are apprehensive as the result of dry weather."

"The selling price of grain today as well as that of other basic commodities, does not represent the intrinsic value. The demand is limited to absolute requirement. After readjustment of conditions prices of all basic commodities will seek above a pre-war level."

Some Argentine and Australian wheat is expected on the American market soon. **PREDICTS BUMPER WINTER WHEAT CROP.**

B. W. Snow, a leading wheat authority, after a tour of the Middle and Northwest, predicted a bumper winter wheat crop. He said it is too early to talk about spring wheat.

"The crop will be over 600,000,000 bushels,"

Grain dealers say the corn crop will fall slightly below normal.

The planting season for oats is under way. High freight rates probably hinder the crop in some sections, however, experts said.

### Crawford Selected on Farm Committee

Earl Crawford, Connersville, will succeed Maurice Douglas as a member of the executive committee of the Indiana Federation of Farmers' Associations, following his election Wednesday at a meeting of the board of directors. Mr. Douglas, who served as secretary of the organization, has been appointed as a member of the public service commission. A secretary to the association will be named at a meeting of the directors in May.

James Gaultney was named a representative of the Tenth district, to succeed John A. Brown, who was appointed a member of the State board of tax commissioners.

### Little Theater to Give Closing Bill

The Little Theater Society of Indianapolis announces Friday, April 15, as the date for the last of the season's performances. The bill will consist of four plays: "The Beauty Doctor," by Mrs. Virginia C. Schaffer; "Sam," by Frank C. Tompkins; "The Confessor," by J. Kenyon Nicholson; and "The Lotion of Love," by J. Harry Irvine.

These four short plays will mark the end of the sixth and most successful season that the Little Theater ever has had. Tickets for the performance, which is open to the public, will go on sale Monday at the Kautz stationery store at 116 North Pennsylvania street.

### Watch Disappears; Two Men Arrested

The disappearance of a watch from the coat of Louis Butler, 226 West Michigan street, on April 5, caused the arrest of two men today. One is Archie Works, 30, negro, 115 Adelaide street, who is charged with grand larceny, and the other is William Boyd, negro, 1422 North Capitol avenue, charged with vagrancy. The arrests were made by Detectives De Rosette and Glen, who say the watch was worth \$45.

### Why Stomach Trouble Weakens the Heart

Use Flagwort D'scos  
50 cent BOTTLE FREE

Better digestion makes for better nutrition and increased bodily strength. Indigestion and dyspepsia frequently weaken the heart, especially when fermentation occurs in the stomach. The stomach when distended crowds the lungs and affects the heart action. Intestinal indigestion leads to the formation of irritant poisons which, when carried by the blood through the heart, aggravate its condition. Many distressing ailments vanish as the stomach gets well. Increase the health of your stomach and intestinal glands. Great results are accomplished.

If you suffer from Stomach Disorders, Indigestion, Dyspepsia, "Sour" Stomach, Belching, Fermentation, Bloating, Wind, Colic, Gas or Stomach Ailments we will give you a 50-cent bottle of FLAGWORT D'SCOS (50 discs) FREE.

Prepared with herb juices only. Entirely free from mineral matter. Not an artificial digestant. Invigorates organs engaged in the process of digestion, nutrition and strength building. Send this notice with 10 cents to The Francis Co., Dept. E-240 Temple Court, N. Y. City. You will receive by paid parcel post a regular 50-cent bottle (50 Discs) FREE.—Advertisement.

## LANDIS HITS DRY LAW'S ENEMIES

Says Crooked Officials and  
Doctors and Druggists Work  
to Nullify Statute.

CHICAGO, April 7.—Nullification of the eighteenth amendment by the "doctors and treas of officialdom" and by "crooked doctors and druggists working in cahoots" was charged by Judge K. M. Landis in an address here.

Bureau heads who make a lot of rules that permit soft drink establishments to sell "real booze" were scored.

The judge declared the prohibition amendment must be given a fair trial to determine if it is beneficial.

"I would say off-hand," the judge declared, "that fifty years' would be necessary for a fair trial."

### Runaway Scrambles 200 Dozen Eggs
