DO YOU CATCH COLD EASILY? HOW TO AVOID IT

Colds are due to germs. No one can prevent the germs from getting into your nose and throat. But you can help keep plenty of strong, vigorous, "anti-bodies" in your blood to fight and kill off the nasty "cold germs" before they do any harm.

To develop these germ destroying "anti-bodies" properly, you must have plenty of pure rich, red blood and a strong, vigorous constitution. In fact, this is the best preventative against almost any disease.

If you are weak, nervous or run down, or subject to colds, take no chances. One day you may develop serious throat, bronchial or lung trouble or perhaps pneumonia and you may go off like a shot. Therefore commence to enrich your blood and fortify yourself against "disease germs" today. To build more and better blood and make stronger nerves, there is nothing superior to NUXATED IRON as it contains organic iron like the iron in your blood combined with a product representing the potent chemical constituent of active living nerve force for feeding the nerves. Nuxated Iron may therefore be said to be both a blood and a nerve food. It often increases the body and mental vigor, strength and endurance in two weeks' time.

Over 4,000,000 people are using it annually. It has been highly endorsed by former United States Senators, U. S. Army generals, many physicians and prominent men. Even the Pope at Rome mentioned it favorably in a communication to the Proprietor of the Pharmacy Normale of Paris.

Satisfaction guaranteed or the manufacturers will refund your money. Beware of substitutes. Look for the word "NIXATED" on every package and the letters N. I. on every tablet. Sold by all druggists.

ORCHESTRA AND SINGER PLEASE

Municipal Symphony Organizational Warmly Greeted.

The Municipal Symphony Orchestra of Indianapolis was warmly received by an interested audience when it made its initial appearance last night at Caleb Mills Hall under the auspices of the public school and park board. The orchestra has been organized but three months and is composed of musicians of varied ages, including a number of youthful players. P. Marthus Paulsen, conductor, deserves credit for their smooth, coherent manner of playing and their close observance of his shades.

Their interpretation of Tchaikovsky's "Fifth Symphony," Op. 64, the Andante Cantabile movement, the slow and horns figuring prominently in carrying the theme leading up to a huge climax, was excellent. Their other numbers included "March Triumphant Entry of the Boyards" (Havovren), "Berceuse" (Jardnefeldt), "Ballet Egyptian" (Lugni) and four Oriental sketches, "The Huss Before the Dawn," "The Caravan," "A Desert Song" and "The Temple of Allah," composed by Mr. Paulsen, which were most artistically presented.

Ottile Schilling, soprano, the guest soloist, gave three groups of songs. She has a big, full voice with strong, clear high tones, but her singing lacked expression. Her last few numbers surpassed her earlier ones, Hummel's "Hail-
