## "IF I WERE KING"

"If I Were King" is a story of a vagabond poet and his romance with the beautiful Katherine of the court of Louis XI. The vagabond rules France for a week with full knowledge that he is to be killed immediately afterward unless he can win the heart of Katherine, the ward of the King. There is a fascinating climax. E. H. Sothern made one of the great "hits" of his career in the stage play of this historical romance.
