

## PUBLISHERS OF COUNTRY FACE BIG PROBLEMS

New York Convention to Deal With Most Important Questions.

### MILL TROUBLE LOOMS

NEW YORK, April 26.—The American Newspaper Publishers Association, meeting in annual convention here tomorrow will be faced by the most important problems with which it has been confronted in years. These include:

Wage adjustments.  
Postal rates.  
Taxation.  
Threat of a strike in the news print industry.

Maintenance of advertising scale.  
The newspaper business, in common with other industries, has reached a point where wage adjustments are vitally necessary in insurance against actual loss, it was pointed out today by some publishers. While this is a question which must be worked out individually by the publishers, it will require the consent of the convention of the research by the association labor bureau. Any adjustments which might be made, it was said, would be effected only after consultation with the employees.

### FAPER MILL WORKERS

### WAGE CUT

The forty-eight locals of the International Brotherhood of Pulp Sulphite and Paper Mill Workers have voted to reject the proposals of the manufacturers for a 20 per cent wage cut. The workers asked a 10 per cent increase. If a strike results when the present agreements expire between May 1 and 11 more than 25,000 workers and fifty mills will be affected. The International Paper Company was reported to have withdrawn all contracts after May 1. Government reports recently showed fifty days' news print supply in the hands of the publishers or en route.

### SAY ASSESSMENT NOT EXCESSIVE

Citizens Investigate and Find Rolls Correct.

Assessments on the rolls for the straightening of Michigan street, from Highland avenue, to Dorman street, are not in excess of the estimated cost of \$250,000, a committee of citizens, headed by H. Miller, president of the board of public works to go over the records, found today.

### Woodpile Whisky

### Case Before Jury

The jury which has been hearing the case of Thomas Cassidy, charged with operating a blind tiger on an alleyway from him in a room in the Severin Hotel testified shortly before noon today that Cassidy was found in a woodpile in the rear of 420 West Maryland street. Cassidy's defense was that the whisky in question did not belong to him. The case began yesterday in the Criminal Court before a jury.

### Negro Identified as Pittsburgh Convict

A negro, who gave his name to the police as George Simms of Chicago and who was cut in the hand by Mamie Lamb, negro, while visiting her in her home in California street several days ago, was identified today by Pittsburgh authorities as Grafton Mahoney, an escaped convict from the Huntington Reformatory of Pennsylvania.

### Clean Up Call Is Heard at Greensburg

### Special to The Times.

### GREENSBURG, April 26.—The grand and petit juries for the May term of court have been drawn by County Clerk Robert McKay. According to the prosecuting attorney, he has some very important things to present to the grand jury at this session and some startling cases may develop. A general cleaning up of lawbreakers is being demanded.

### 2 DIE IN DUBLIN FRIARS.

### DUBLIN, April 26.—Bullies again swept part of Dublin last night. Two civilians were killed just before the curfew sounded.

**Regular Scale**  
CHICAGO, April 26.—Bombers \$100 each and slugs \$20 each was the prevailing price in labor wars here. Otto Luedtke, former secretary and business agent of the Upholsterers' Union, testified in court. Three officials of the union—Edwin E. Gray, international vice president; Roy F. Hall, business agent, and Gus T. Krueger, a member of the executive board, are being tried for conspiracy to commit acts of violence.

### U. S. WILL SCAN ANTI-ALIEN ACTS

### Hughes to Reopen Negotiations With California.

### WASHINGTON, April 26.—Secretary of State Hughes has assured Baron Shidehara, the Japanese ambassador, that the State Department soon will reopen negotiations on the California anti-alien laws, it was understood here today.

### Hughes has not yet taken up the California question because of the immediate press of other matters. He also wants to acquaint himself thoroughly with all phases of the issue before reopening the parleys.

### Negotiations on this question during the Wilson administration were terminated with an agreement between Roland S. Morris, then American ambassador to Tokyo, and Baron Shidehara on a report recommending to their respective governments a plan for settlement of the dispute.

### YOUTH, 18, HELD TO GRAND JURY

### Placed Under \$2,500 Bond, Charged With Auto Stealing.

### Henry Carroll, 18, 1918 Jones street, was bound over to the grand jury under \$2,500 bond on a charge of vehicle taking by Judge Walter Pritchard in city court today. John Drury, 17, 3361 Jennings street, arrested in connection with the theft of the automobile, the property of Albert Reep, 2111 North Delaware street, was freed of a similar charge.

### Carroll was sentenced to the Boys' School at Plainfield until he is 21 years old, stole the machine April 2 from Vermont and Pennsylvania streets, and after taking a "joy ride," left it on Monument Circle. Later Foust and Drury are said to have stolen the car from the circle and as a climax to their "joy ride," they were arrested after an accident in which the car was driven into a curb April 3, at Northwestern avenue and Thirtieth street.

### Briand Is Given New Confidence Vote

### PARIS, April 26.—By a vote of 429 to 29 (unofficial figures) the Chamber of Deputies today reaffirmed its confidence in Premier Briand.

### The attack on Briand was made by Clemenceau supporters. It was led by Joseph Barthélemy, who made a short speech in defense of his policies just before the vote was taken.

### The overwhelming character of the premier's victory was considered especially significant just at this time when Briand is preparing to order a further advance of French troops into German territory.

### Davenport (Ia.) Fires Work of Incendiary?

### DAVENPORT, Iowa, April 26.—Four fires, believed to be of incendiary origin, broke out in Davenport between midnight and 1 a. m. today, causing \$100,000 loss. Police have arrested several suspects.

### The most serious fire was the destruction of the Burke Opera House, a loss of \$85,000. The other fires were at the plants of the Iowa Furniture Company, Brower & German Candy Company and the Jensen flats.

### High Wind Storm Hits Greencastle

### Special to The Times.

### GREENCASLE, Ind., April 26.—Metal roofs of business houses in the downtown section of Greencastle were unroofed and chimneys were blown over by a heavy windstorm which swept through Greencastle about midnight last night. The storm bordered on a tornado and had run its course after about fifteen minutes.

### Sparks blew into the sawdust at a Putnamville sawmill owned by Webb Hester and Charles Mitchell and destroyed the place with a loss estimated at \$14,000.

## U. S. MAY ISSUE FAIR PRICE LIST

Hoover Cites Fact of Unreasonably High Costs to Consumer.

### WASHINGTON, April 26.—Fair price lists may be published by the Government as a consumers' guide on the cost of commodities. The commerce department is giving serious consideration to the plan, in connection with the work of reorganizing the Federal bureau on statistics, Secretary Hoover said today.

### "Retail prices of manufactured articles still are unreasonably high in many lines," said Secretary Hoover. "Whole-sale prices show deep cuts, but the consumer is a long way from getting the benefit of corresponding reductions."

### Secretary Hoover cited woolen goods as a sample from lengthy lists on which consumers still are being forced to pay large profits.

### "Reductions made by dealers," said Hoover, "are upon a narrow margin, and the prices in many directions still enable dealers to make even more than it was possible during the war inflation."

### The Government seeks in this way to interfere with the normal processes of business. What it does contemplate, however, is the matter of an accurate determination of manufacturing costs, for the benefit of the public and with such wide publication that small buyers can purchase with an intelligent idea of what reasonable prices should be."

### More than 100 former soldiers have been assigned to the school by the government board of vocational education. Pierce, who began the agitation to oust the president, was one of these men. The students' opinion of the school was head, passed a resolution demanding the resignation of Dr. Hodgdon and action by the faculty in dissolving the council as a part of a protest against the school's part of Dr. W. O. Winkel, dean of men.

### STATE WILL TAKE NO ACTION NOW

### Although Valparaiso University has been given official recognition by the State department of education, no steps will be taken to remove the charges of Dr. Daniel Russell Hodgdon, who has resigned as president, to the effect that the university is a "hotbed of Bolshevism, Communism and other evil influences," said the State department of education.

### Mr. Williams explained that the school was recently given temporary recognition by the department, the recognition to expire Sept. 1, at which time a thorough investigation would be made to determine whether the school should continue to be accredited. He said that for the time being the attitude would be taken that the school is only an internal quarrel not affecting the scholastic standing of the institution.

### HOORAY! CIRCUS WINS IN COURT

### (Continued From Page One.)

### By its decree practically condemn them for visiting an indecent scene, or show or place, as amusement, or that they are guilty of indecency? The day has long gone by when men and women proper places to visit for amusement.

### "So how can this court say that circuses are offensive to the senses, in view of the many thousands of respectable men and women who frequently visit them?"

### "Can this court say and does the evidence show that this circus will be an obstruction to the free use of plaintiff's property? To ask the question is to answer it. In no way will his access to his property be impeded; for he is not contended for an instant that circus wagons and cages and horses will be allowed to pass for passage to and fro."

### PERFECT LIBERTY THEORY OF THE COURT

### "There are very many things in this life that annoy or interfere with our enjoyment or the enjoyment of our property, and yet the law affords no remedy. In the world there is no such thing as absolute freedom. Freedom is recognized by writers that there can be theoretically, no absolute freedom in this world except when only a single individual inhabits it; and when the first individual arrives on earth the first has lost some of his liberty. The more people on earth the less personal liberty there is. The man residing in a city enjoys far less liberty and freedom of movement than the farmer enjoys in the country. Circuses and animal shows cannot be located in the country; for owing to the lack of carriages and the great distances they may be, if located there, from the centers of population necessary to their financial success they would fall for lack of attendance. If so located they would be financial failures. Does the law contemplate their extinguishment because their location on unoccupied ground in a city would be some annoyance to people residing somewhat near them?"

### The jurist then discussed at length the various court decisions and opinions of the courts on this subject.

### The court also ruled that "the maintenance of a circus is a legitimate business, as much so as the maintenance of a store or mill."

### Tennessee Officers Come for Three Men

### Detectives S. R. Giles and H. P. McCarver of Nashville, Tenn., arrived here today with papers for Grover C. Mathews, Frank Mundy and Artie Sery, who were arrested here recently by Detectives McGinn and Fields on charges of being fugitives from justice.

### The Nashville detectives say the three men are under arrest in Nashville on charges of grand larceny. They say Mathews reported to the police that his machine was stolen and that he collected insurance money on it. When local detectives, having a list of stolen cars, recognized it as the car reported stolen in Nashville, it is said. The detectives say Mundy and Sery are implicated in the case.

### Open Wire Service England to Russia

### LONDON, April 26.—Telegraph and postal connections were to be opened between Great Britain and Soviet Russia today.

### Great Britain is organizing a trade mission which will leave for Russia within a fortnight.

### COLLINS APPOINTS PAGE.

### Announcement was made today that Judge James A. Collins of Criminal Court has appointed Arthur Dykins, a Butler College student, as page of the court. The Criminal Court dispensed with the services of a page during the war and his work has been done by other court attendants.

### WARRANT CHARGES ROBBERY.

### Richard Steele, 27, 2565 Bluff avenue, was arrested today on the charge of robbery. The arrest was made by Detectives Roche and Fossatti on a warrant sworn to by Calvin Sedan of Waverly, Ind., who charges Steele robbed him of two watches and money of a total value of \$80. The warrant was sworn out April 7.

### NEPTUNIA FOR TWO COUPLES.

### SHELBYVILLE, Ind., April 26.—A marriage license was issued here yesterday to Robert Nichols Boone and Miss Mary Georgia Feezle, daughter of William S. Feezle, of Indianapolis, and to Ezra Ever Hale and Miss Claire Meritt Chester, also of Indianapolis.

### Would Create Naval Aeronautic Bureau

### WASHINGTON, April 26.—A bill creating a Bureau of Aeronautics as part of the Navy Department was favorably reported to the Senate today by the Senate Naval Affairs Committee. The bill, sponsored by Senator Keyes (R-N.H.), also provides for the appointment by the President of a chief of the proposed bureau from the active list of naval or marine corps officers.

## Hodgdon Quits Valpo. U. After Student Tilt

School Head Says Plant of Learning Hotbed of Bolshevism.

### Special to The Times.

### VALPARAISO, Ind., April 26.—Declaring that the "University is a hotbed of Bolshevism, communism and other evils," Dr. Daniel Russell Hodgdon has resigned as president of Valparaiso University, known as the "poor man's Harvard." His resignation was the culmination of a controversy between Dr. Hodgdon and a faction of the students.

### The students' opinion of the school was head, passed a resolution demanding the resignation of Dr. Hodgdon and action by the faculty in dissolving the council as a part of a protest against the school's part of Dr. W. O. Winkel, dean of men.

### SENATE TAKES UP KNOX PLAN

### Upper House to Lead in Hard-Upper House Program to Establish World Peace.

### WASHINGTON, April 26.—The Senate today took the task of making peace with Germany and Austria. Its action, in which the House must concur, is to be the prelude, so congressional leaders have been told, to the whole Harding policy of establishing world peace upon a permanent foundation. Senator Lodge, in calling up the Knox resolution repealing the declarations of war upon Germany and Austria, authorized by Congress in 1917, set that program in motion. All Congress has to do with the program, for the present at least, is to substitute a technical state of peace for the technical state of war which has existed since 1917, and to end actual hostilities more than two years ago.

### The resolution, as reported from the committee, binds the United States to nothing. It does not even hint at this Government's policy toward the Central powers or any other foreign nations. It is simply a formality, necessitated because there is no other way out of the war status, according to Harding policies.

### So far as domestic conditions are concerned, the adoption of the peace resolution is not expected to cause any great change.

### The war laws are nearly all non-operative. War taxes remain, however, and despite pledges that they are to be revised, there is no indication they will be lower. Lodge says a resolution will be introduced in a day or two. He will be satisfied if it is passed this week. The House, having a resolution of its own, may take a week longer.

### GUILTY VERDICT IN CAR THEFTS

### Monon (Ind.) Man Loses Fight in Federal Court.

### Clem Allison of Monon, Ind., was found guilty of stealing from Interstate freight shipments and of having goods stolen in his possession by a jury in Federal Court today. The verdict was returned by Judge Ferdinand A. Geiger after the jury had been out for fifty minutes.

### Lutes of Monon who was indicted with Allison changed his plea of not guilty to guilty on the charge of having goods stolen from Interstate shipments in his possession and on motion of Frederick Van Noy, United States district attorney, the charge was nolle prossed. Lutes then took the stand as the witness for the Government.

### Allison and Lutes are said to be members of a gang of boxcar thieves who operated extensively around Monon. Charles B. Allison, Luther Lutes, Robert Palmer, Victor Winkley and Clay Cabel are under arrest charged with offenses of a similar character, and it is understood that most of them will enter pleas of guilty when their cases are reached.

### The special charge against Clem Allison was the theft of three grafanoils from a box car at Franciscan, near Monon, in April 1920. These grafanoils were in transit from Salem, Ind., to Detroit, Mich.

### "All the stolen property was recovered within a few days after its theft. Allison denied any knowledge of the theft and insisted that Lutes' story of the affair was false."

### Only one day before warrants for the arrest of the suspected men were brought to Monon for service, Allison left for Canada and was not arrested until March 27, when he was found at Kansas City.

### Allison told the court that he had no money with which to hire a lawyer and at the request of the court, Henry Spain, who was in the courtroom at the time, acted as his attorney.

### Allison's wife, a pretty, attractive, young woman, was in the courtroom throughout the trial and when the jury returned its verdict she sat with her arm around him, smiling calmly and apparently doing everything in her power to keep up his spirits.

## 'Rufe' and Ponzi Take Back Seat for This Bloke

DETROIT, April 26.—Wallingford and Ponzi were pliers compared with James G. Burroughs, alleged head of the International Auto Theft Ring, according to testimony in his trial in Federal Court here today.

### Eugene Bradley, Bridgeport, Conn., convicted member of the gang testified that Burroughs made between \$5,000 and \$8,000 daily in the auto thefts.

### The Government is expected to conclude its testimony against members of the ring late today.

### FIFTY-FOOT BOAT CONTINUES DASH

### Gar II on Second Leg of Miami to New York Trip.

### NEW YORK, April 26.—The fifty-foot ocean-going, 900 horse power motor boat Gar II Junior, piloted by its owner, Garfield A. Wood of Detroit, today was speeding from Savannah, Ga., to Norfolk, Va., on the second leg of its 1,240-mile record-making dash from Miami, Fla., to New York. Word received at the office of Motor Boating, whose editor, C. F. Chapman, is aboard the Gar, corrected reports that said the boat hoped to beat the Havana special, the crack Atlantic Coast Line train from Miami into New York. What Woods is endeavoring to do, it was stated, is to beat the actual running time of the train, which the craft is doing so far. The boat is leaving only about eighteen hours out of twenty-four. The boat has no roller crew, while the train gets a new crew every few hundred miles.

### Tomorrow the boat will leave Norfolk for the last dash of its trip to New York. If present running time is maintained the boat will do the trip in less hours actual operation than the train, it was stated.
