

SENATE CHIEFS WOULD CLOSE NEWBERRY CASE

Ruling Brings Efforts to Unseat 'Virtually at an End.'

SCORE SEN. SPENCER

WASHINGTON, May 3.—Republican leaders of the Senate today stated that they regarded the efforts to unseat United States Senator Truman H. Newberry, Republican, of Michigan, as "virtually at an end."

They contrasted the decision of the Supreme Court in holding the corrupt practices act unconstitutional when applied to primary elections, and Senator Newberry therefore wrongfully convicted of conspiracy to violate it, as having "settled the matter."

LODGE ATTACKS SPENCER STATEMENT

Sharp exception was taken by Senator Lodge, of Massachusetts, Republican majority leader, and other leading Republican Senators, to the statement made by Senator Spencer, Republican, Missouri, a member of the Senate elections and privileges committee, that the decision would not prevent the committee from going ahead with its investigation of the Newberry case.

Senator Spencer was declared to have taken an "unauthorized" view of the situation created by the decision and to have spoken for himself and not for the committee. He was said to have been admonished by Senator Lodge for the statement.

SPENCER HAD NO AUTHORITY

It was also pointed out by Republican leaders that Senator Spencer is no longer chairman of a subcommittee designated to probe the Newberry case. The subcommittee ceased to exist with the previous Congress and when the new Senate committees were organized.

It was said the question of the Senate Elections and Privileges Committee pursuing its inquiry into the Newberry case would rest with its chairman, Senator Dillingham, Republican, of Vermont, and the full committee, not with the subcommittee which the former subcommittee of which Senator Spencer was chairman.

The full committee will meet to consider the Supreme Court's decision and it is anticipated by Republican leaders it will decide to close the Newberry inquiry speedily.

DOES NOT WISH 'HAND FORCED'

Harding Frowns on Effort for Disarmament Conference.

WASHINGTON, May 3.—President Harding distinctly does not wish his "hand forced" in initiating any steps toward an international conference on disarmament, he told Senator Poinsett, of Washington, and Senator Hale of Maine, two members of the Senate Naval Affairs Committee, who called on him today to discuss the matter.

The President is understood to have informed the Senators that he would view with disfavor any steps taken by Congress "directing" the executive to initiate any disarmament steps.

Gets Rich on Tourists' Whim

LONDON, May 3.—An American Henry Cohn, has acquired riches in the city of Rome without any great difficulty.

Prior to the war Cohn was passing a fountain, and his curiosity was aroused by the fact that English and American tourists were throwing copper coins into the water.

He sought enlightenment from his guide, who, after throwing in a coin, explained that if the visitors did not throw a coin and hit the fountain every time they passed they would never return to Rome.

Cohn was struck with the idea that a considerable sum of money must be lying at the bottom, and after counting the number of coins that were thrown in an hour, he entered the municipal offices and offered to clean out this and other fountains.

His offer was declined, as there were no funds available for the purpose, but when the American offered to do the work for nothing no objection was raised.

Cohn engaged a number of men to clean out the other fountains, but he devoted himself to the large one that was the target of the tourists.

Now he runs an expensive motor car.

Mere 2,000,000 Pesos Keep Villa Peaceful

MEXICO CITY, May 3.—The Secretary of the Treasury has just paid Francisco Villa, the former bandit chief, 21,016 pesos as the final installment due according to the terms of the peace convention signed by Villa with the government.

It was agreed at that time that if Villa and his band would surrender and resume peaceful occupations the men would be paid for six months. The total cash said to have been given to the Villistas exceeds 2,000,000 pesos.

That Villa is loyal to the Obregon government and has no intention of going on the war path again, is the belief of the officials, who assert that he frequently sends postcards, some in a very humorous vein, to cabinet officers reiterating his pledges. A report that Villa recently was asked to lead a new army in a new revolutionary movement was confirmed, it is said, but he refused to do so. He is now recovering from a serious attack of pneumonia.

Feminist Movement Growing in China

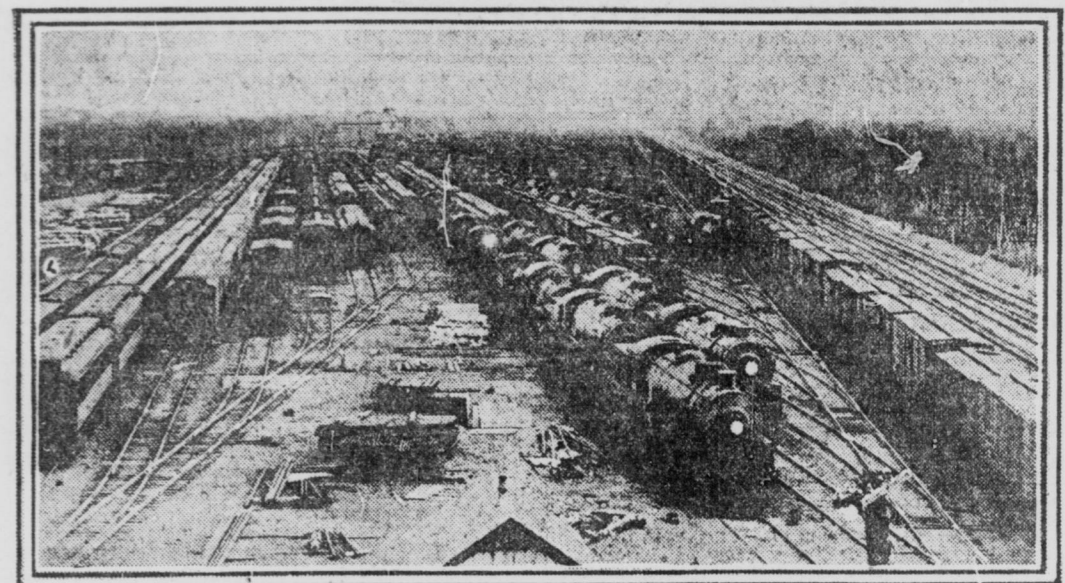

PARIS, May 3.—The feminist movement in China has been making tremendous strides since the war, according to Miss Fume-tcheng, who has just arrived here in charge of twenty young Chinese women sent to France by the Peking government for study purposes. Most of them have entered the students' roll at Sorbonne University.

Miss Fume-tcheng has been for years the leader of the woman suffrage movement in China. Her sister, who is an old aristocratic family, was one of the leading figures in the overthrow of the monarchy, risking her life in supplying ammunition to the rebels. As a 17-year-old girl she married at China by refusing to accept the man whom her family wanted her to marry.

Two-Bits Apiece Now to Cast Vote

When Mrs. Arthur Jones, 1657 West Twenty-Seventh street, and Mrs. Davis, 1015 West Twenty-Seventh street, were asked to pay 25 cents for the privilege of voting they backed out, according to the stories they told to thank headquarters. The women both declared they were asked to pay by members of the election board in the Fifteenth precinct of the Fourth ward.

Idle Equipment in one Railroad Yard

Depression in business on the railroads throughout the country is responsible for the storing of this railway equipment at Kramer, N. Y. The engines cost approximately \$60,000 a piece to build, freight cars are worth nearly \$4,000, while passenger coaches cost \$20,000. Idle equipment on American railways represents an investment of more than \$1,000,000,000.

and the clerks in the precinct were both Republicans and that they could not be depended upon to give a fair and impartial count.

Wise was made clerk by the precinct board when the Democratic judge was late in reporting for duty this morning and the Democratic clerk was advanced to the judgeship.

Reports of irregularities began to come to headquarters from Shank workers shortly after the polls were opened at 6 o'clock. Shank leaders were taking voters who claimed they had been the victims of fraud before the city board of election commissioners at police headquarters. They announced that they would attempt to get the city board to order a new election.

One of the first complaints to come from the election commissioners was from the Second precinct of the First ward in Brightwood, where, it was said, the ballot box was unlocked. Investigation showed that the keys had been "lost."

A new set was dispatched to the polling place by the board. The commissioners received many calls during the day from the precinct boards declaring they could not find the keys to the ballot boxes.

When H. C. Allen, 619 North Liberty street, reported to the polling place in the First precinct of the Seventh ward at 713 Massachusetts avenue, to act as Democratic judge he found William McDonald, 619 Pine street, a former policeman, acting in his place.

Mr. Allen, properly equipped with credentials, declared that the acting judge had no credentials. He protested but McDonald was sworn in and remained on the board of election commissioners.

Mr. Allen said that the other members of the board told him that Thomas A. Riley, Democratic member of the board of public works, had sent McDonald to act in his place. Mr. Allen said he appealed to William Kinsel, Democratic ward chairman, but that the latter did not seem surprised at the turn events had taken.

SLATE MAKERS PULL SOME PECULIAR STUNTS. Some peculiar stunts were being performed by Howe slate makers. It developed that instead of having tickets with the names of the News-Jewett candidates printed thereon, the Howe organization distributed thousands of sample ballots to its precinct committees with instructions to mark crosses after the candidates for city judge, city clerk and city councilmen, in accordance with what seemed to be the popular sentiment in the particular neighborhood.

Thus it happened that in the white precincts of the Fourth councilman district the administration "slates" were marked to indicate Lloyd D. Claycombe, white attorney, as the favorite but in the negro precincts a cross was put after the name of William E. Brown, his negro opponent.

Reports of irregularities varied from intimidation of Shank voters by Howe workers to delays in opening the polls in precincts where the News-Jewett crowd thought Mr. Shank was strong.

Mrs. Lena Wagoner, negro, 411 West North street came to Shank headquarters and told how she had been ordered out of 623 North West street, the voting place in the Third precinct of the Sixth ward, by Archie "Joker" Young, negro, inspector, and other members of the board who are for Mr. Howe. Mrs. Wagoner was taken before the board of election commissioners to tell of the incident and it was announced that an attempt would be made to get prosecuting Attorney William P. Evans to permit her to testify before the grand jury.

SAID "JOKER" YOUNG MARKED HER BALLOT. Wearing a large Shank badge, Mrs. Wagoner went into 623 West North street and asked for instructions. She said that "Joker" Young, who is known as the operator of notorious gambling joints under the protection of the News-Jewett administration, jumped to his feet and entered the booth ahead of her. The time she got in, she said, "Joker" was marking her ballot, even before she had an opportunity to tell for whom she wanted to vote. "Joker" placed a dot opposite the name of Samuel Lewis Shant and several other candidates, the only legal mark he made being opposite the name of Dr. James R. Norrell, negro candidate for city councilman, said Mrs. Wagoner. When she protested that the ballot would be thrown out and was not marked the way she wanted it "Joker" got another and proceeded to "mess it up" the same way, the Shank voter said.

"I told him that I wanted him to mark that ballot the way I said," said Mrs. Wagoner, "and that I wouldn't fold up the last one he marked and put it in the box. He told me he wouldn't give another ballot and said 'git out of here.' Several other men in the room began to tell me to get out and acted like they were going to throw me out, so I came on out. I haven't voted yet."

Upon receiving Mrs. Wagoner's complaint, George O. Huttsell and Thomas McGee of the board of election commissioners went to 623 North West street and investigated. Mr. McGee said that the board showed them the two ballots, the first of which was marked for Professor Howe and the second of which was mutilated. The commissioners ordered both ballots thrown out as being mutilated, Mr. McGee said.

TROUBLE STARTED EVEN BEFORE POLLS OPENED. Trouble started in this same precinct even before the polls were opened. It was reported to Shank headquarters that

begin their forward movement from the Rhine.

It is accepted as a foregone conclusion that the American troops in the Coblenz area will not participate. The advance would begin at dawn on the morning of the thirteenth, according to present plans, and the French troops will be thrown forward in two columns, one starting from Dulsburg and the other from the neighborhood of Wesel. The Ruhr district with its 165 coal mines and vast industrial enterprises, including the Krupp Works at Essen, would be completely encircled.

1,200 MEN HEAR RETREAT SERMON

'Sin' Topic of Chicago Priest at Cathedral.

An audience of 1,200 men filled St. Peter and Paul Cathedral last night for the second of a series of sermons being given by the Rev. Edwin Roman, Chicago, in connection with the annual Knights of Columbus retreat.

Father Roman, in the course of his sermon on "Sin," deplored the attitude in the working world which he saw in the making of a name for one's self. On every hand we see this evasion of the simplest duties of morality, we see it in the moving picture houses, in the theaters, in the literature of our day, and in the fashions. And everywhere, every day we see all too plainly evidence of man's inhumanity to man, a total disregard of one's responsibility to one's fellow man and to his God.

The sermons will continue each evening this week at the cathedral except Saturday, and the closing services of the retreat will be held Sunday evening at 8 o'clock.

Held on Charges Brought by Girl, 13 Special to The Times. PAOLI, Ind., May 3.—Blake Payne, 25, of Sacramento, Cal., was under arrest here today charged with a statutory offense against Edith Sutton, 13, whose home is three miles south of French Lick. Payne was arrested by Sheriff George Pope after he and his deputies had trailed Payne to the home of a neighbor of the Sutton family.

Finds Life's Danger

Seeks Divorce From Shimmy and Jazz LONDON, May 3.—Jazz and London are to know each other no more. The shimmy shake is likewise to go.

The goliwog glide, the alligator azzle, brontosaurus bump and every other variety of shake, wiggle, wuzzle and glide have been tabooed in New York, but London has not gone quite so far.

London dancing instructors this season will taboo wriggly, squirming jazz and shimmy shake from their curriculum.

Dancing classes in future will be nothing but waltz, mazurka, with perhaps an occasional fox-trot thrown in.

There is, however, one ray of hope for the confirmed jitter. He or she will not have to ape his or her Victorian ancestors by waiting all night and day, as it has been decided that the straight one-step and the fox-trot, without the animal mixed variations, are permitted.

In the place of "Alabama Madness," we shall have the piano, the violin and the gramophone—drammily offering up their sacrifice to Bacchus in the shape of "The Blue Danube."

30 Jews, 10 Arabs Dead in Jaffa May Rioting

LONDON, May 3.—Thirty Jews and ten Arabs have been killed in a renewal of rioting at Jaffa, Palestine, following the May day outbreak, said a dispatch from Jaffa today. Two hundred and twenty-five persons were wounded. Sixty-six arrests have been made.

CRIME WAVE IN U. S. SUBSIDING, POLICE CLAIM

Officials in Convention See Sentiment in Some Parts Against Prohibition.

NOTE UNEMPLOYMENT

NEW YORK, May 3.—The crime wave in the United States is subsiding. The attitude of the people toward prohibition varies in different localities. One of the biggest problems looming on the police horizon today is unemployment for foreigners and ex-soldiers.

This is the consensus of opinion as expressed by police officials from 137 cities and forty states throughout the country, who are gathered here for the national police conference at the Hotel Commodore. An idea of conditions may be gathered from expressions from various police chiefs in attendance.

IT, WAYNE CHIEF NOTES CONDITIONS

"Conditions in Ft. Wayne are fine," he said today. "There have been no big holdups, but little vice and no serious gambling. Most of our trouble comes from foreigners and ex-soldiers."

Mayor John F. Hyland delivered the address of welcome to the visiting police officials. In his address Mayor Hyland commented on the salient purposes of the convention as follows:

1. Standardization of police procedure, methods and systems throughout the United States.

2. Closer cooperation between departments throughout the country.

3. Standardization of traffic regulations, systems, etc.

4. Establishment of a central police bureau, perhaps in Washington for the collection and distribution of criminal intelligence.

5. Establishment of efficient methods of handling criminal immigrants.

6. Creation of a system for controlling and tracing movements of anarchists or other radicals.

7. Tracing the movements of known criminals in and out of prison.

HOME RULE ACT IS HELD VALID

Evansville Court Overrules Demurrer.

Special to The Times. EVANSVILLE, Ind., May 3.—Judge Robert J. Tracewell in Superior Court here today decreed the commission manager act passed by the last legislature is constitutional. The ruling came when the court overruled a demurrer of attorney for City Clerk Ben Newman to a suit in which petitioners for the city manager form of government here are seeking to force Newman to certify their petition to the city council.

The court further held that the clerk in refusing to certify the petition as sufficient to provide the referendum election had no right to exercise the powers of judicial discretion. He declared the clerk's duties were purely "a ministerial obligation."

Meanwhile, the city primary proceeded, although it will be invalidated if the petition for the city manager form is brought to a vote and approved.

Steel Stocks Advance on Report of Wage Cut

NEW YORK, May 3.—Reports persisted in reliably informed Wall street circles today that an announcement would be made by the United States Steel Corporation of a 20 per cent cut in wages. Such a cut would top \$120,000,000 annually from the corporation's payroll, which last year amounted to \$600,000,000. It was upon this report that steel stocks became active and advanced.

Senator Well Digger.

From well digger to United States Senator is the record made by Senator Peter Norbeck of South Dakota, one of the new members of the upper house. At the age of 25 Senator Norbeck started on a business career as a well digger. He had been interested in artesian wells and well machinery since his early youth. He entered politics in 1900 and has served three terms as State Senator, two terms as Lieutenant Governor and two terms as Governor of his State. A Republican, he was elected last November to succeed ex-Senator E. S. Johnson, Democrat.

Hunt Reformatory Trusty in 2 States

Special to The Times. JEFFERSONVILLE, Ind., May 3.—Authorities of Indiana and Kentucky were asked today to keep a look-out for Merle Clause, a trusty, who escaped from the reformatory here.

Clause, according to Hol Shideler, head of the reformatory, was a trusty at the farm of the institution five miles away. All prisoners who work on the farm live there and no one is stationed there to guard them during the night.

According to other trustees, Clause took a boat about 9 o'clock last night and rowed to the Kentucky side of the Ohio river. His sentence would have ended next September, having served the minimum term for escaping from the penal farm. If he is caught, Clause will be forced to serve two more years, according to Shideler.

The escaped prisoner was sentenced to the penal farm from Muncie.

Charm of Motherhood

THERE are many homes once childless that now are blessed with healthy, happy children, because Lydia E. Pinkham's Vegetable Compound restored the mother to a healthy, normal physical condition.

The following letters give the experience of two young women and prove the value of Lydia E. Pinkham's Vegetable Compound in such cases.

Chicago, Ill.—"I was always tired, my head always ached, and my back ached until I could hardly stand the pain. I doctored for years, and the doctor said nothing but an operation would help me, and that I could not have children. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles of it and it helped me wonderfully, and I now have a fine baby boy, thanks to what your medicine did for my restoring my health. I can highly recommend the Compound to all women who suffer from female ills."—Mrs. Wm. Reiss, 304 Willow St., Chicago, Ill.

Marinette, Wis.—"I was in a very nervous condition, was irregular, and could not have any children. I took doctor's medicine without success, and he advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. I soon felt benefited by its use, became regular, and now we have a fine baby girl after having been married nine years. I am always glad to recommend Lydia E. Pinkham's Vegetable Compound to my friends who suffer from such troubles."—Mrs. H. B. Hely, 330 Jefferson St., Marinette, Wis.
