

NEW ENTENTE NOW FORMING; REDS AT HEAD

Destined to Be Powerful Military and Political Organization.

NEGOTIATING TREATIES

LONDON, May 31.—A new entente, headed by soviet Russia, is being created in the East and Near East and when it is completed it will form a powerful military and political organization, stretching from the Arctic Ocean to the Arabian Sea and occupying about half of Asia.

Treaties of alliance have already been negotiated between the following countries:

Soviet Russia, Nationalist Turkey, Persia, Kiva, Bokhara, Georgia, Armenia and Azerbajanian.

Some of these countries (all are now under republican form of government) are newly created and their names are unfamiliar to European and American ears. Kiva, Bokhara, Georgia and part of Azerbajanian were formerly included in the old Russian empire as it existed before the war. Nationalist Turkey includes most of Anatolia; "the Prussia of the old Ottoman empire."

SOVIET ALLIANCE WITH AFGHANISTAN.

Soviet Russia has made powerful efforts to form an alliance with Afghanistan, but the result is not known.

This new entente will have a powerful influence in the future not only in Asia, but Europe as well and its destination is guided by Moscow. Even if Lenin goes no further in Europe than he has gone at present, the continental powers must reckon with soviet Russia in the future.

Aside from the eastern and near eastern entente Russia exercises strong influence in the Balkans and Finland, which has entered into a treaty of peace with Moscow. Soviet Russia is now at peace with Poland, but is an ally of Lithuania and Lithuania is complaining of bad treatment from Poland. The Balkans as likely the Russo-Germany will get together when negotiating a commercial treaty, although it is understood that they would have formed a close alliance if Poland had been crushed by Russia in the war of 1920.

NATIONALIST TURKEY WARS AGAINST GREECE.

Only one section of the near eastern group of powers is now actively at war—Nationalist Turkey. The Turks have been actively engaged against the Greeks in Asia Minor, and there are intimations that there may be an extension of hostilities in that zone. The diplomatic respondent of the Dardanelles declared today that M. Kemal Pasha, head of the Turkish nationalist government at Ankara, is threatening to attack Constantinople and the Straits—Dardanelles and Bosphorus.

A previous dispatch from Constantinople to the Daily Express had stated that Nationalist Turkey already considers herself at war against Great Britain and has warned British ships not to put into Anatolian ports.

MAY GET CURB IN ANTI-TRUST LAW

Cabinet Discusses Rail and 'Big Business' Questions.

WASHINGTON, May 31.—President Harding and his Cabinet discussed for two hours today the railroad situation and the tendency of certain "big business" organizations to take advantage of conditions that have grown out of the war to maintain high prices.

There is a grave question in the minds of President Harding and his advisers as to whether the activities of some of these organizations do not contain combinations in restraint of trade and so become liable under anti-trust laws.

3 ARTISTS TO GIVE RECITALS

Violinist, Baritone and Pianist to Appear June 6 and 7.

Irma Seydel, violinist; Edgar Fowlston, baritone, and Willem van Der Arndt, pianist, are to be presented in joint recitals on the evenings of June 6 and 7 in the Riley room of the Claypool Hotel, under the auspices of the Central W. C. T. U.

The three artists have appeared in concert abroad and in the larger cities of the United States, gaining decidedly favorable comment.

Miss Seydel has played with the Philharmonic orchestras abroad and has appeared with leading orchestras of this country. One critic says of her, "Her playing is marked with extreme brilliancy, she has magnificent tone and in everything she does one can feel the dominant power of personality."

Mr. Fowlston, who has had wide experience in opera as well as in concert, and Mr. Van Der Arndt, with his brilliant technique and vivid interpretive ability, have both gained a high standard of musicianship. The concerts promise to be decidedly worth while.

Mrs. W. W. Reed, 1332 Bellefontaine street, is president of the W. C. T. U. and any information concerning the concerts may be obtained from her.

'Doug' Denies Report That the Stork Is Around Their Home

LOS ANGELES, Cal., May 31.—"The only bird I have seen hovering around here is an ostrich that was given us last Christmas—and that is for sale, cheap," Douglas Fairbanks declared today in denying published reports that his wife, Mary Pickford Fairbanks, is preparing for a visit from the stork.

"There is absolutely no truth in the report," continued Fairbanks. "If such a wonderful thing were true, we would have no reason to deny it."

ASKS SLICE IN RATES ALONG WITH WAGE CUT

Brotherhood Head Says High Rail Charge Keeps Food From Hungry.

LIVING COST IS ISSUE

WASHINGTON, May 31.—A demand that the proposed cut in railroad wages be accomplished by a reduction in rates on Pacific coast fruits and vegetables was made today by J. B. Malloy, vice president of the United Brotherhood of Maintenance of Way Employees and Shop Laborers.

Thousands of thousands of dollars worth of fruit and vegetables can not be shipped to the hungry East because of high rail rates and are rotting in California," Malloy said in a statement.

WOULD TEST GOOD FAITH.

"If the railroad executives who have been talking so much are up to them June 1, when wage cuts are announced, to show it by reducing freight rates proportionately. If rates from the Pacific coast were reasonable, fruit and vegetables would float the eastern markets, thus materially reducing the cost of living. Cheaper food is a big issue and there are too many starving people now to allow such a wage cut to be seen on California farms and orchards."

Strike officials today were prepared to sign up with Admiral Benson and arrange a date for return to work.

Some insurgents in the rank and file, however, may present a settlement because of their refusal to accept the wage reduction.

BELIEVE MARINE STRIKE END NEAR

Officials and Strikers Hold Conference.

WASHINGTON, May 31.—Hope that the strike will be settled by a conference of the strikers and management.

Officials and strikers held a conference at the Hotel Benson of the United States shipbuilding board and representative of private vessel owners. The strike committee and Benson practically have reached agreement on a 10 per cent wage reduction, while private vessel owners thus far have refused to go in.

Strike officials today were prepared to sign up with Admiral Benson and arrange a date for return to work.

Some insurgents in the rank and file, however, may present a settlement because of their refusal to accept the wage reduction.

The said Prince Vlora, charged Joyce, "spent several hours in the room of the conditions (Peggy) at the Hotel Du Rhin the patient was in bed alone and unattended and with the doors securely closed."

Joyce asserted Peggy's romance with the prince became so well known that it was publicly mentioned in the press on one occasion.

Of her recent affairs, Joyce charged Peggy with appearing on the streets of New York "intoxicated at night in company of one Joe Pani, a restaurant keeper." This, he said, happened in January this year.

"While automobile with Pani," Joyce said, "while in an intoxicated condition, she sat upon his lap and embraced him."

Of the army Lieutenant whom Joyce charged Peggy drove to suicide, the lumber king with his name "out of respect for his memory."
