Legion Conference to Be Held at Culver June 25-26.

Special to The Times. CULVER, Ind., June 20.—Every one of the 341 American Legion posts in Indiana is expected to be represented at the summer conference of the Indiana department, which will be held at Culver Military Academy June 25 and 26. It was announced today by L. R. Gignall, the department commander. The conference was postponed from June 11 and 12 on account of the death of the national commander, F. W. Galbraith Jr.

The same program that had been originally planned will be carried through, with a number of new pleasures and recreation features added. Competition between teams representing the several districts in athletic contests will be a new item on the program and a prize has been offered to the district that is represented by the best attendance. The attendance will be based on two representatives from each post and the district having the most points so represented will be declared the winner.

District teams in rifle matches and boat and swimming races are being entered. The water sports will take place on Lake Maxinkuckee. The summer season here will be nearing its height at the time of the conference. All of the delegates will be guests of the academy and will be fed and billeted in the Culver summer camp. The program will open Saturday morning with a ride around the lake. In the afternoon a business session will be followed by a swimming meet in the lake, and the delegates will be guests of the local post at a smoker Saturday night. Sunday morning there will be a second business session and the afternoon will be spent in recreation and amusement. The program has been arranged so all the delegates will have the fullest opportunity to enjoy the outing.

## Young Stillman Defends Mother; Scores His Dad

Copyright by Underwood & Underwood.

Mrs. James A. Stillman in the gypsy costume she wore at the hearing before the referee at Poughkeepsie in her husband's divorce suit. It consists of red and white pleated silk skirt, white crepe shirtwaist, blue straw hat. Just before going to court she was photographed walking in the garden on the estate of John E. Mack.

NEW YORK, June 20.—James Stillman, Jr., or "Bud" as he is known to his schoolmates, took the leading publicity role in the sensational divorce of the banker, James A. Stillman, today, following his interview in which he denounced his father and revealed that a split had occurred among the children with his sister Anne supporting her father. Young Stillman—he is only 17—is a student at Milton Academy. He has been "cranking" for examinations which began today. His interview in support of his mother was the most striking human interest utterance that has come out of the sensational case.

It has been learned from an authoritative source that Mrs. Stillman will demand that the charge of illegitimacy brought by her husband against her young son Guy, be dismissed when the divorce hearings are resumed before referee Gleason June 28. For the time being, Mrs. Stillman has centered her fight in behalf of her little son.

## Reflections of 'Poor Rich' Boy

"It is sort of hard to say it, but I don't believe I have a father any more. The last time I saw father he put his hand out to me, but I refused to take it. I think it is downright mean of my father because of the attitude he has taken toward mother. I cannot recognize my father the man who is trying to ruin my mother. Gosh, sister Anne has me puzzled. She knows everything that is going on and yet she turns from mother to my father. I don't think my father ever did love mother. One night I saw my father with another woman, but he said he only went with women to such harmless things as tea parties." From an interview with James (Bud) Stillman, Jr.

man's counsel the plaintiff's evidence in support of his illegitimacy will be completed when the hearings are resumed and then Mrs. Stillman can begin her counter move. The demand for the dismissal of the charges against Guy must be made by Attorney John E. Mack, guardian at law for Guy.

It is reported that Stillman is preparing a new effort for a settlement, but so far as known no definite developments have taken place in this connection. Mrs. Florence Leeds, the co-respondent in Mrs. Stillman's counter action for divorce, has dropped from sight. Her friends said they could not confirm the report that Stillman had broken with her and had given her \$500,000, as well as offered to support and educate little Jay Leeds. Mrs. Stillman alleges her husband is the father of Jay.

## New Hair Growth After BALDNESS

On legal affidavits, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. 'After hair growth' I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures show here are from my photographs."

INDIANS' SECRET OF HAIR GROWTH Mr. Brittain certified further: "At a time when I had become discouraged at trying to grow my hair again, I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he asserted would grow my hair. Although I had but little faith I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days."

True Hair Grower at Last "That I was astonished and happy in expressing my state of mind. Photo when bald, mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the then mysterious pomade. I negotiated for and came into possession of the principle for preparing this, now called KOTALKO, and later had the recipe put into practical form by a chemist. That my own hair growth was permanent has been amply proved."

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, alopecia areata, or certain other hair or scalp disorders. PROOF BOX KOTALKO contains GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo, but a compound of wonderful efficacy. Safe and harmless, even for a child's scalp and hair. Positively KOTALKO is one of the most reliable hair preparations that has ever been made. Buy a box of KOTALKO at the drug store. Or ask for Kotalko at the toilet goods or drug counter of any large department store. Remember the name. Accept nothing else as "just as good." Money back GUARANTEED. Or if you send 10 cents (silver or stamps) to pay part of mailing and adv. cost only, you will receive a PROOF BOX of Kotalko with BROCHURE, postpaid. We shall also be pleased to send you a big array of sensory testimonials from men and women. Determine NOW to eliminate DANDRUFF, to treat BALDNESS, to STOP HAIR FROM FALLING. ## START HARVEST IN WHEAT BELT

Hundreds of Thousands of Men at Work in West.

KANSAS CITY Mo., June 20.—The world's bread basket is about to be refilled—and filled to overflowing. Today harvesters are at work in the great wheat fields of Texas, Oklahoma, Kansas and Missouri, and the cutting of the ripening grain has begun. Harvesting machinery in the broad expanses of the Southwest is beginning to hum the first notes of a swelling symphony of "Back to Normalcy."

Unemployment problems in this region bid fair to be solved by the harvesting of the wheat crop, which is just getting under way. Harvesting and stacking have entered "early" fields in all four States. Already the harvesting is under way in the wheat belt of the Southwest as far north as Abilene, Kan., and Seaside, Ore. Throughout central and north Texas the click of the harvesters and the machine-gun crackle of the tractor engines are singing the song of the golden grain.

Within a few weeks hundreds of thousands of men will be engaged in garnering the West's 50,744,000-acre wheat harvest. After thrashing and milling, this acreage will yield 20,461,000,000 pounds of flour. And, baked into bread of the old-fashioned wheat recently revived kind.

## Fondant

the basis for all cream candies can be made in a few minutes if you use

Borden's EAGLE BRAND Condensed Milk

this gigantic flour bin will make 4,703,500,000 loaves of the stuff of life.

Wheat growers are happy at this harvest time. For the first time in years the "harvest hand" problem, except in certain small localities, does not exist. Into the Southern belts thousands of unemployed have found jobs in the wheat fields. Thousands of others are arriving and are being put to work. Through Texas and Oklahoma they will follow the "tracks of the bull wheel," gradually working to the Northern fields; and each State, as its crop ripens, will, it is believed, have plenty of help to harvest the crop.

In Kansas, which probably employs more wheat-field workers than any other State, the call for midsummer hired men is just about to be sounded, and labor agencies believe that there will be no shortage of help. War-time wages have disappeared, too, and the harvest hands will work for lower wages than during the last few years. Prices paid for help vary, but in many sections \$3 per day

and board is the prevailing scale, although in many sections lower wages are paid—and accepted.

The heavy rains of early June did no damage to the wheat. The moisture delayed the harvest a little, but the rains served to fill out the grain and improve the crop. And the householder may rest assured that it is a bumper crop—there will be no shortage of wheat with this crop safely stored in the country's granaries.

## CHURCH URGES DISARMAMENT.

SOUTH BEND, Ind., June 20.—Petitions asking President Harding to call a conference to enforce disarmament and international peace were signed by members of the First Presbyterian Church here Sunday. "We respectfully ask that you call a conference of nations, especially England, Japan and the United States, for the purpose of devising means to enforce disarmament and perpetuate the peace of the world," the petitions state.

## Tax Board to Review Elkhardt Road Fight

Special to The Times. GOSHEN, Ind., June 20.—Rural demonstrators to the proposed \$402,000 Elkhardt County road bond issue, who have been making a fight against the expenditure, and the petitioners must file their briefs before the full State tax board at Indianapolis, according to instructions given by Commissioner William A. Huff of Greensfield, at the close of the hearing in this city.

The remonstrators are members of the Elkhardt County Farm Federation. Both sides to the controversy have engaged the best counsel available in this part of the State.
