

## ILROAD MEN KE WAGE CUT UNDER PROTEST

ent of Acceptance Prob-  
y Will Be Issued at  
Chicago Today.

### WOLD TO AGREEMENTS

By CARL V. LITTLE,  
United Press Staff Correspondent.

CHICAGO, July 4.—Two million rail-  
road workers who have been  
meeting here for several days to accept  
or reject the \$400,000,000 annual wage  
cut will issue a statement today agree-  
ing that the membership of their or-  
ganizations will work for less money,  
according to reliable information.

The acceptance of the reduction will  
be under protest, however. The pro-  
testers are expected to tell the pub-  
lic that the cost of living has not  
decreased to such an extent as to justify  
a 12 per cent wage cut.

The railroad board ordered these  
agreements which provide for working  
conditions, overtime pay and other regu-  
lations. It was expected that the board  
would issue a statement today accept-  
ing the \$400,000,000 annual wage cut.

The 1,000 union representatives here  
worked all day Sunday and were pre-  
pared to resist the board's offer.

Acceptance of the cut is considered a  
victory for the conservative leadership of  
the rail unions. Votes taken by the rank  
and file of union members indicated that  
they were overwhelmingly against work-  
ing for less pay.

## ONE KILLED IN DEMONSTRATION

'Dempsey Wallop' Believed to  
Have Caused Death.

PHILADELPHIA, July 4.—Five men  
were killed by police here today during  
a demonstration, following a free-for-  
all fight, which Joseph Garland, 25, a  
former sailor, was charged with instigating.

It was believed by police, the fight grew  
out of demonstrations by several men  
of the blows used by Jack Dempsey in  
knocking out Georges Carpentier at Jer-  
sey City Saturday.

Garland was recipient of one of the  
blows. His skull was fractured when he  
fell against the curb.

## Admits Tiger Charge; Gets \$100 Fine, 30 Days

pleaded guilty in city court today to a  
charge of operating a blind tiger and was  
fined \$100 and sentenced to 30 days in  
the city jail.

The police yesterday found a twelve-gallon  
still in his home. They said he has made  
twenty-five gallons of moonshine Sat-  
urday.

may be first President of the United  
States to visit Alaska.

ernor of the territory, made these state-  
ments at a luncheon while here.

Governor Bone left yesterday for  
Anchorage.

"President Harding expects to visit  
Alaska this season," said Governor  
Bone. "He told me a week ago that if  
the Congress clears him up by Aug. 10, he  
will visit our territory shortly thereafter."

NEW YORK, July 4.—A Democratic  
party purged of the League of Nations  
issued and devoted to the 'ideals of liberty,  
justice and fair play, to freedom of  
speech and freedom of action for all peo-  
ple' was urged today by William Walsh,  
Democrat of Massachusetts, in address-  
ing a gathering of Tammany leaders and  
followers.

nard Novakowski, Fred C. Schilling,  
Charles Ryker, Newton Wright, Fred  
H. Kiel, Fred Panko, Peter D. Presser  
and Fred H. Kenoyer. C. Milton Kelly  
was the only one of a venire of twelve  
who qualified as jurymen for the Ma-  
rion County grand jury.

Other veniremen will be drawn to fill  
out the required number for both petit

## PURSE AND BANK BOOK FOUND.

A. A. Wilson, 929 Union street, a mer-  
chant policeman, early today found a  
purse in the rear of 129 South Meridian  
street. The purse and contents were  
taken to police headquarters. Two bank  
books were in the purse. One was issued

## Bootleggers Take Up New Line; Sell Fireworks in Chi

CHICAGO, July 4.—Chicago refused  
to "safe and sane" Fourth today and  
celebrated with bootleg fireworks.  
The bootlegger who spends 364 days a  
year selling forbidden liquor filled his  
suitcase full of contraband fire-  
works and started to peddle.

It is against the law here to sell  
fireworks of any kind, so the inevita-  
ble bootlegger stepped in. Bootleg  
fireworks were being sold at fancy  
prices on the streets in all parts of the  
city, despite precautions of police.

## 'Let's Declare Our Friendship,' Says Pres. to England

LONDON, July 4.—The welfare of  
the world and the immediate interest  
of English speaking peoples are  
concerned in continuation of the  
Anglo-American friendship, which  
has continued more than a hundred  
years, President Harding declared in  
a message to the London Times to-  
day.

The declared understanding will  
prove the purest antidote for the  
unfortunate irritation which too  
often has been caused by the un-  
important and aggravating utter-  
ances of thoughtless demagogues and  
irresponsible agitators," Harding  
said.

The message was the feature of a  
special twenty-page American edition  
of the Times, published in honor of  
American independence day.

## FRENCH OPEN MONUMENT FUND

Celebrate Fourth of July in  
Honor to America.

PARIS, July 4.—French and Americans  
made the Fourth of July a mutual man-  
ifestation of their nations' amity.

The government opened a national sub-  
scription for a huge monument to com-  
memorate Americans in the world war.  
It will be erected near Boulogne at the  
point where the young Marquis de La-  
fayette left for America to aid the col-  
onists in the revolutionary war.

All public buildings and many private  
homes were decorated with American  
flags. American women's clubs de-  
corated the Lafayette statue. Others placed  
wreaths on the grave of the unknown  
French soldier.

Hundred Rotarians motored to  
Chateau Thierry and Belleau Wood where  
special services were held. Ambassador  
Wallace, who is retiring, held his last  
reception at the embassy. He will make  
his farewell speech at the banquet given  
by the American Chamber of Commerce  
tonight. Marshal Foch, Premier Briand  
and other notables will attend.

The Harvard Glee Club will sing French  
and American patriotic airs at the Tro-  
adero.

Democratic women of Indianapolis  
will meet Wednesday for the purpose of  
making plans for the city campaign and  
for the registration of voters. The meet-  
ing has been called by Mrs. Grace Jack-  
son Bodendiller, director of the  
women's club. Mrs. Bodendiller is a  
member of the Seventh District  
Women's Club, who are opposing Thom-  
as Meeker as city chairman. It is ex-  
pected that an attempt will be made at  
the meeting to stop the discord among  
the women of the Democratic party.

## Proposed Community Building Combines Many Essential Features of Ideal Memorial

Here is shown another set of draw-  
ing at Mankato, Minn. This building,  
planned for a proposed community build-  
ing rather than small, combines many  
of the features of an ideal memorial build-  
ing. Chief among these are an auditor-  
ium, a memorial hall and numerous  
rooms where small meetings can be held.

In writing of the relationship of art,  
music and drama with memorial com-  
munity buildings, Christine Wetherill  
Stevenson in the War Camp Community  
Service, says:

"The movement to erect community  
houses as war memorials has assumed  
national-wide proportions. In hundreds of  
cities and towns it has been decided that  
the local memorials of the great war shall  
take the form of this living monument to  
an ever-living victory, rather than the  
useless and often unsightly monuments  
of old."

"It is uniquely fitting that these ed-  
fices erected to commemorate the triumph  
of civilization should be centers of civic  
and recreational activity, but they should  
at the same time form a great national  
artery through which the idealism of the  
country may flow unobstructed by com-  
mercial considerations. The form of  
idealism most in need of such a channel  
is the art of the Nation."

## WHOLE OF STATE JOINS IN FOURTH OF JULY FETES

(Continued From Page One.)  
were taken, however, by the influx of  
visitors from other parts of Hoosier-  
land.

Ralph Hamilton, Grover W. Workman  
and Jacob Morgan were in charge of the  
sporting events at the fairground which  
include a mile and half mile horse run-  
ning race with four entrants from the  
fairground stables in each. Maurice H.  
Kuntz, who was killed in France, was  
present at the fairground. He was a mem-  
ber of the 14th Field Artillery. He was  
killed at Chateau-Thierry, France, in  
1918.

The American Legion's program of  
entertainment will be discussed by Gen-  
eral Overly, who heads the Americanism  
commission. He comes from Texas. He  
served in the war as a lieutenant colonel  
in command of troops from the old Texas  
National Guard.

Much attention has been devoted to  
provision for the comfort, convenience  
and safety of citizens who attend. A  
first aid station, commanded by Dr. Les-  
lie Maxwell and manned by former army  
nurses and a corps of men who served  
in France with Base Hospital No. 32,  
has been established. City ambulances  
will be available in such serious cases  
as may arise. An information booth  
where facts about celebration and the  
American Legion will be dispensed will  
be maintained. Memberships in the leg-  
ion will be solicited here. To gain  
against profiteering the general commit-  
tee has had schedules of prices printed  
and these have been posted in conspicu-  
ous places all over the grounds.

Shortly after noon special street car  
service to the fairground was to start.  
Officials of the Indianapolis Street Rail-  
way promised. If traffic upon the regu-  
lar college avenue branch to the  
grounds becomes too heavy other cars  
will be routed over Central avenue and  
Illinois street lines.

The Great Lakes Naval Training Sta-  
tion Band arrived in the city at 8 o'clock  
Sunday afternoon and gave a special  
concert on the Circle from 7:30 to 9  
o'clock in the evening.

The chief speakers were guests of  
honor at a luncheon at the Clappool  
hotel at 12:15 o'clock this noon. The  
luncheon was given in the Riley room  
of the hotel. The speakers were: Judge  
Arthur Robinson acted as toastmaster. Several  
briefs speeches were made.

neral of a Purdue University student, who  
died at Indianapolis from injuries he suffered

at Chateau-Thierry, France, in 1918.

## Community Pictures Succeed in Shelby

SHELBYVILLE, Ind., July 2.—That the  
interest in the community pictures plan  
in Shelby County is on the increase is  
indicated by the records of attendance  
during the month of June. There were  
sixteen meetings held during the month  
and the total attendance was 6,732 per-  
sons. This was an average of 420 in  
comparison to the average of 302 for each  
of the twenty meetings held during May.  
The plan, which was started during the  
month of May, is to show an educational  
picture of value to the farmers, along  
with a feature attraction of five reels;  
the shows are held on the outside and  
are free of charge. Four meetings have  
been arranged for the coming week.

is just across the river from here. Ron-  
dery was believed to have been the  
murderer.

## IRISH CONTINUE GUERRILLA WAR

Violent Clashes Reported  
From Many Points Over  
Week-end.

DUBLIN, July 4.—Despite the peace  
conversations which were planned in  
Dublin today between Eoin MacNeill,  
"president of the Irish republic," and  
several Irish Unionist leaders, violent  
guerrilla warfare raged over the week-end  
with heavy casualties.

Seven members of the Royal Irish con-  
stabulary and three members of the Irish  
Republican army were killed in battles.  
Eight policemen were wounded.  
The crown forces are being reinforced.  
The battalions of regulars that arrived on  
Sunday have been posted in strategic  
positions.

There was a spectacular encounter at  
Robert in the Dublin-Kerry Railway sta-  
tion, where fifteen members of the Irish  
Republican army held up a train. The  
Sinn Féiners did not know there were  
four black and tan policemen on the  
train. The black and tans opened fire,  
killing two of the attackers. One of the  
cadets climbed into the locomotive cab  
and drove off the train amid a hail of  
bullets.

It was reported that Sir James Craig,  
premier of Ulster, was sending a personal  
representative to Dublin to attend the  
Sinn Féin unionist conference.

## KNOX MAKES PLEA FOR AMERICANISM

Warns of Bolshevism in Inde-  
pendence Hall Speech.

PHILADELPHIA, July 4.—Appealing  
for a stronger Americanism, Senator  
Knox of Pennsylvania warned the Amer-  
ican people to be on the "alert" against  
such insidious foes as Bolshevism" in an  
address today at Independence Hall.

With allens pouring into America Knox  
asserted that the future holds problems  
vital to the Nation's welfare.

"Can we live a polycyst people?" he  
asked.

"At the time of our independence we  
were largely of one race, one language,  
one literature, one set of ideals and as-  
pirations."

"Today there are coming to us by the  
millions people from races untried and  
unseasoned in self-government, peo-  
ples unfamiliar with and largely unap-  
preciative of its responsibilities and un-  
tolerant and untrained to tolerate and  
meet its evils."

"Mighty fermentations are at work among  
us governmentally and socially. Divers  
race elements are bringing novel theo-  
ries of government, an ecclesiastical and  
economic life. They are radical remedies,  
sometimes self-administering to those using  
them."

"We shall not wander after false Gods.  
We must combat the diseased mind and  
conquer."

struct the school.

## Washington Sedate on Independence Day

WASHINGTON, July 4.—The capital  
celebrated one of the most sedate  
Fourth in years today. There were  
numerous community celebrations, but  
nothing approaching a celebration of a

and House were out of town and the  
great crowd of sightseers, who had been  
waiting for the day, were disappointed.

Tulsa and starting another reign of ter-  
ror. Negro women began to leave the  
city in numbers and not a single Tulsa  
hotel had services of negro help. Extra  
police patrolled the negro section.

## Chinch Bug Damage Abates in Shelby

SPECIAL TO THE TIMES.  
SHELBYVILLE, Ind., July 4.—The  
damage from the chinch bug in Shelby  
County will not be as great as first re-  
ports from the northern part of the  
county indicated. According to a state-  
ment issued today by County Agent Rus-  
sell G. East, the situation is not alarm-  
ing and the damage will be confined to  
seven farms in Van Buren Township,  
where the bugs have appeared, and sev-  
eral of these will not be damaged greatly  
by the insect, provided the preventive  
measures which have been taken are suc-  
cessful.

All danger from the chinch bug proba-  
bly will be passed with the next week,  
stated Mr. East today. The sec-  
ond brood will cause some damage to the

## One Day's Test Proves NR Best

The stomach only partly digests the  
food we eat. The process is finished  
in the intestines where the food is  
mixed with bile from the liver.

It must be plain to any sensible per-  
son who realizes this, that the  
stomach, liver and bowels must work  
in harmony or digestive troubles  
are to be avoided or overcome.

This fact also explains why  
sufferers from indigestion, also  
suffer from constipation, headache,  
blisters, biliousness and constipa-  
tion.

If you are one of the many un-  
fortunate persons who cannot eat  
without suffering afterward, if you  
are constipated, have bilious spells,

variable appetite, are nervous, losing
