Early Frost Presaged  
by Coming of Katydids

Special to The Times.  
GREENSBURG, Ind., July 8.—Frost in  
six weeks is predicted by the early ap-  
pearance of katydids. The first katy-  
did of the year was heard last night by  
visitors at Lake McCoy, four miles east  
of here. Old residents say that this is  
the earliest appearance on record for  
katydids, which are usually heard in  
August and that the early appearance  
means that there will be frost within  
six weeks.

Grocer Slayer Pays  
Penalty on Scaffold

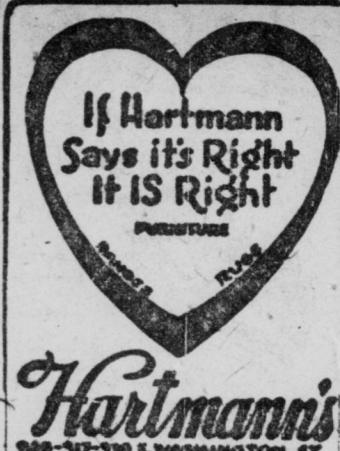

CHICAGO, July 8.—Antonio Lopez, con-  
victed of slaying a grocer during a hold-  
up, was hanged in the county jail here  
today. Lopez had been in jail more than  
a year and was twice reprieved. Gov.  
Small yesterday refused to grant a third  
reprieve. During his stay in the county  
jail Lopez became known as the "chan-  
ticer of murderers' row" because of his  
imitations of a crowing rooster.

vited to attend the event.
