Man, 82, Sued by Bride, 83, Says She Vamped Him

CHICAGO, Oct. 5.—Mrs. Louise Vaughn Merritt, 83, bride of four months, today sued Samuel Hoover Merritt, 82, for divorce.
This is what they told the judge: She: "He was very cruel. He drove me out of his home."
He: "She vamped me."
This is what they told L. J. Legner, license clerk, four months ago: She: "I love him no more."
He: "Love never grows old."
They met at a G. A. R. picnic.

BUSINESS MEN AND BANKERS IN BILLION STEAL

Only Twelve of One Hundred Indicted Placed Under Arrest.

LAWYERS IMPLICATED

OMAHA, Neb., Oct. 5.—Thirty bankers, financiers and business men indicted by the special Douglas County grand jury probing the "financial scandals" which are said to have resulted in nearly a billion dollars' loss to investors, have fled to Mexico, Cuba and other points outside the United States. It was indicated for the first time in history.

A special corps of deputy sheriffs is scouring Nebraska for persons named in the grand jury indictments returned Monday.

Charges contained in indictments against those not yet arrested have not been made public. It is reported several attorneys representing corporations involved in the alleged illegal transactions are named in the indictments.

Another special grand jury to continue the investigation may be called, Attorney General Davis said.

RAIL STRIKE NOT PROBABLE, SAYS OFFICIAL

Union Leader Regards Men Will Not Quit Posts Under Conditions.

CHICAGO, Oct. 5.—There is only a remote possibility of a railroad strike, a union official high in the councils of his brotherhood stated today.

"In spite of the strike vote now being taken," said this official, "I do not believe there will be a strike. Industrial conditions do not warrant one. In case of a strike, the union men would become 'scabs' and the other half would be against them."

The name of the official was withheld at his request.

Convoys of the ballots of the Brotherhood of Locomotive Engineers, Locomotive Firemen and Engineers, the Switchmen's Union of North America and the Order of Railway Conductors will not be counted before a week, it was announced.

Tabulation of the vote of these organizations on the proposition of accepting the 12 per cent wage cut which took effect in July continues under the direction of brotherhood chiefs.

Early returns showed the men voted overwhelmingly in favor of a strike.

ONLY ONE JUROR LACKING TO TRY M'ARDLE GIRL

Of Eleven Selected, Two Are Women—May Open Trial Today.

CLEVELAND, O., Oct. 5.—With only one place in the jury box to be filled as court opened, it is thought a jury to try Marian McArdle, alleged youthful accomplice of Mrs. Catherine Eva Kubler, her mother; Mrs. Mary Brickel, her grandmother; Mrs. Ernesta Colvato, alleged "stolen queen," and two men, in the slaying of her stepfather, Daniel F. Kubler, will be obtained today.

The opening statements by counsel for the State and the defense are expected to be short and the State at once will begin the presentation of its mass of testimony in an attempt to connect the girl with the crime. Prior to this, however, the jury will visit the Lakewood home of Dan Kubler received his death wounds.

Although unaccompanied by friend or relative, the pretty defendant presents anything but a dejected appearance in court. She takes a keen interest in the proceedings and carefully scans every person examined for jury service, and whispers her views to her attorneys, Francis W. Peniston and Louis E. Hart.

The State's case is expected to be short and the State at once will begin the presentation of its mass of testimony in an attempt to connect the girl with the crime. Prior to this, however, the jury will visit the Lakewood home of Dan Kubler received his death wounds.

BANKERS THINK UNITED STATES NEARS BUSY ERA

Worst of Credit Stringency Over and Nation Ready for Prosperity.

EUROPE KEY TO TRADE

LOS ANGELES, Oct. 5.—The economic policy commission of the American Bankers' Association believes America is on the verge of a new era of economic prosperity.

In a report to the convention today the commission said:

"The commission recognizes with satisfaction that the worst of the credit stringency seems to be over and it appears that the country has borne the period of stress remarkably well. Natural recuperative forces are now making for recovery and there is every reason to believe that when wages have been readjusted and normal balance is re-established between industries and between nations, our country will have secured well the era of prosperity and advancement."

The optimistic forecast of the commission was echoed by D. R. Crisinger, controller of currency, who spoke before the National Bankers' section of the convention. Crisinger told the bankers:

"It is my pleasure to bring you word of a vast improvement in the general business and financial situation. The last year has been marked by a steady liquidation of credits too long standing and a persistent increase in the volume of cash available for current business. The outlook, by whatever standard judged, is better now than in many months."

Crisinger declared the financial fabric of America has been so strengthened that our banks possess resources and resources of the National Bankers' Association are now being used to the rest of the banking resources of the world.

"The truth is, it seems to me," he said, "that if we will be fair with institutions that have secured well, we will have to admit they are stronger, sounder, more logical than we ourselves believed them to be."

Circumstances demand, Crisinger said, that America now assume a role of leadership.

"The rehabilitation of Europe is the key to our whole economic industrial situation. We cannot help effectively to rehabilitate Europe by merely doling out aid without system or foresight. Our part of leadership must be played by using our influence to induce Europe to help herself."

GENEVA, Oct. 5.—An attempt to introduce secret diplomacy into the League of Nations conference on the assembly today. A resolution had been offered to amend article 18, making it unnecessary to register all international agreements with the league's secretariat, but the assembly, after hot debate, deferred action until 1923. The fight against the resolution was led by Lord Robert Cecil of Great Britain.

The resolution was drawn by ex-President Wilson and was specifically aimed at secret diplomacy. A determined fight was made against the article, many of the speakers calling it "too drastic."

The resolution, if it had been adopted, would have amended Article 18 to say that the league secretariat should register agreements of a technical nature.

Lord Robert Cecil argued that nations might conclude military agreements, calling them "technical." The British delegates by police and sheriff's deputies were deemed necessary. It might be arranged to have all international treaties presented to the new international court to determine if they should be registered with the secretariat.

NEGRO HOLDS UP EIGHT AT PARTY

Ties Victims, Beats and Kicks Them and Makes His Escape.

FT. WORTH, Texas, Oct. 5.—A lone negro bandit who held up, robbed and tortured members of a Lakewood house party and escaped after attempting to assault a girl whom he used as a shield in the robbery, was sought by posse armed by police and sheriff's deputies today
