

REGISTRATION OF VOTERS NOT ABOVE NORMAL

141,197 Names on Poll Books When All Precincts Are Reported.

TENTH WARD INCREASES

Party leaders who checked registration returns today came to the conclusion that there is not an unusual number of voters qualified to participate in the November city and school elections. With three precincts of the 10th ward reported, it appeared the total number of voters on the books will be approximately 140,000. This is almost 20,000 less than was registered in Marion County for the presidential election last year. It is estimated that there were about 30,000 voters registered in Marion County outside Indianapolis at that time.

Leaders also came to the conclusion that there was nothing particularly unusual about the registration, so far as total figures are concerned, because the number on the books in some precincts had been a gain in others. Finally analyzed, the politicians said, the registration was normal.

In the Tenth ward, which both Republicans and Democrats are fighting for, the registration was 141,197. There were 600 more persons registered this year than last, the total for this year being 141,197.

The first ward registered 350 less than last year, the fifth ward 572 less, the sixth ward 801 less and the second ward 833 less.

TOTAL REGISTRATION ABOVE 140,000.
The total registration in the 104 precincts reported is 141,197. Of this total, 77,775 are men and 63,422 women. Officials estimated that there are close to 8,000 duplications upon the registration books, due to the fact that voters personally registered as well as gave applications to political agents, which would bring the net total down to approximately 140,000.

The registration by precincts and wards is as follows:

FIRST WARD.		
Precinct.	Men.	Women.
1	415	378
2	454	408
3	406	362

Scientific Pack Employed in Missouri Leopard Hunt

Airedales to Fight, 'Houn' Daugs' to Make Noise, Planners Suggest.

KANSAS CITY, Mo., Oct. 12.—Independence, Mo., and that part of Kansas City next to the little town were still most cautiously on the trail of a black leopard today.

The animal, imported from India, escaped from the Horne Zoo a few days ago and has mystified both its owners and residents of Independence by committing no depredations and by completely disappearing. Varied searching parties took the field today at daybreak.

Officials at the Horne Zoo warned residents in the vicinity that if they came unexpectedly upon the leopard not to try to capture it single handed.

The party leading the field had a dog pack "scientifically" made up as follows: Four airedales to fight leopard; four dogs, cross-bred between airedales and western bear dogs, for "instinct" to fight; a Missouri "houn" dog whose baying served to keep a line of communication between the searching party and the dog pack.

Officials at the Horne Zoo warned residents in the vicinity that if they came unexpectedly upon the leopard not to try to capture it single handed.

PLANS MADE FOR BIG PARADE ON ARMISTICE DAY

City Organizations to Take Part—No Americans Excluded.

At a meeting last night comprised of one delegate from each of the organizations that will participate in the observance of Armistice day in Indianapolis on Nov. 11, arrangements were made for a monster parade in commemoration of the close of the World War.

The line-up, as outlined, will be as follows: First Division—United States Government, Maj. Gen. Read and staff, 1st Battalion, 11th Infantry, 11th Infantry band, U. S. Marine detachment and U. S. Naval detachment.

Second Division—Ex-service men, Indianapolis Newsboys' band, Indianapolis Post-Gazette band, United States Veterans, McGraw camp, Hoosier Post No. 624, Veterans of Foreign Wars, and American Legion Overseas League.

Third Division—Fraternal, Indiana Daily Times drum corps, uniformed band, I. O. O. F., Tribe No. 18, Indiana O. R. M., Moose drill teams and drum corps, and a band of 100.

Fourth Division—Police department, R. O. C. band of high schools, in uniform, and band of 100.

The day will start with a memorial service at 11 o'clock at the south steps of the Soldiers' and Sailors' Monument, and the parade will be in the afternoon.

It is understood the grand jury expects to investigate the statements of Francis concerning primary manipulations and especially the alleged use of a slush fund.

When the jury adjourned at noon it was understood that when it reconvened in the afternoon Francis, in the event he had completed his statements before the grand jury, would be returned to elaborate on his previous testimony.

Francis had not been before the Marion County grand jury more than an hour when Prosecutor William P. Evans is said to have recognized the probable interest that the Federal Government might have in the case under advisement.

Shortly before 4 o'clock Francis and his wife were led from the jury room on the third floor of the courthouse under heavy police guard to the office of the prosecuting attorney.

About a quarter of an hour later, J. J. Mattice, assistant United States district attorney, arrived at the office of Prosecutor Evans. Police stopped him at the door, but immediately admitted him to the prosecutor's office when he presented his name.

Mr. Mattice saw Francis in the office of the prosecutor and following a conference with Mr. Evans, left the courthouse. Less than an hour afterward Deputy United States Marshal Beum arrived with a warrant for the arrest of Francis and his wife.

While the Federal warrant was being served, Francis was before the grand jury when Francis left the courthouse after 6 o'clock he was escorted by Chief of Police Kinney and Marshall Beum.

Francis was taken to the Marion County jail, where he was placed in a cell located some distance under heavy police guard.

Mrs. Francis also was detained. Mr. Mattice saw Francis in the office of the prosecutor and following a conference with Mr. Evans, left the courthouse.

Joyce Will Fight Suit of Peggy's Parisian Jeweler

CHICAGO, Oct. 12.—J. Stanley Joyce, millionaire husband of Peggy Hopkins Joyce, is not going to pay \$370,000 to Cartier, Inc., noted Paris jeweler, if he can help it. Joyce is preparing for a vigorous fight against the suit for \$370,000 filed against him here by Cartier.

The Parisian jeweler's content that Joyce never has paid for a honeymoon gift of precious jewels that he ordered for the vivacious Peggy when they were celebrating their marriage in Paris. They claim to hold notes signed by Joyce for a total of 1,805,025 francs. Joyce, it is understood, will admit signing the notes, but will contend that the jewels he ordered for Peggy never were delivered. His attorneys are at work on an answer to Cartier's suit, which will be filed in court within a few weeks.

The jewels involved in the suit were the object of an exhaustive search a few months ago when the marital troubles of Joyce and his wife first came to public attention. Government agents were interested to learn if the jewels had been brought into this country without the requisite payment of duty. It was reported at that time that Peggy had locked her trinkets in a Paris safety deposit vault.

Joyce has admitted spending more than \$800,000 on Peggy in less than two years. His appeal from a court ruling requiring him to pay \$1,350 a month alimony and \$10,000 cost money is still pending. When this is settled it is expected the trial of his divorce suit will get under way.

AGENTS TALK OVER EXCHANGE OF MATERIALS

Surplus Disposal Held Important From Purchasers' View.

Technical problems were discussed today by the National Association of Purchasing Agents in convention here. One of the most important subjects discussed was the exchange of surplus materials.

The purchasing agents discussed the establishment of a bureau for this purpose and cooperate with one another in the exchange of such materials. The statement was made that an enormous amount of capital is now tied up in such materials.
