

INDUSTRIES IN OHIO DO BETTER

Youngstown District Leads in
Increasing Steel Output.

CLEVELAND, Oct. 14.—Industrial resumptions in the northeast quarter of Ohio are making in the basic industries. Following the opening of the Youngstown district iron and steel manufacture, reports are coming in from the smaller cities of quickening production. Additional mills are operating near Canton, and a few plants there report their operations to be 100 per cent.

The Stark Division of the United Alloy Steel Company, Canton, is running twenty-one out of twenty-eight mills; the United Furnace division is nearly normal and the United Alloy plant is between 40 and 50 per cent capacity. Canton steel has enough orders to operate for several weeks at the present accelerated scale of seven mills out of thirteen. Superior Sheet Steel Company, Canton, will soon enter its eighth week at 100 per cent. The Louisville Sheet Steel Company, Louisville, Ohio announces a material increase in orders and has increased its operations from 40 to 60 per cent for the coming week.

That Bessemer has the call over open-hearth steel at the present time in the steel trade is the assessment of the independent manufacturers. This is because of the low cost of manufacture. The Bessemer plant of the American Steel and Wire Company in Cleveland has been running several weeks and the Carnegie Steel Company's Bessemer plant at New Castle, Pa., will operate next week, following the drawing of two blast furnaces of the same company at New Castle this week.—Copyright, 1921, by Public Ledger Company.

Following the services the congregation greeted the new pastor and welcomed him into the church.

Cadle Tabernacle Meetings Postponed

Because of the failure to have the heating plant of the new Cadle Tabernacle installed, the management has found it necessary to indefinitely postpone the revival which had been planned by Dr. W. E. Biederwolf. The tabernacle was formally dedicated last Sunday by Gipsy Smith. As soon as the heating plant is installed, the meetings will be resumed. It was announced home prayer meetings will be held on Tuesday and Friday mornings. Dr. Biederwolf will leave Sunday for Marshalltown, Iowa, to begin a revival.

Home Building Exhibit Attracts

One of the distinctive exhibits at the Industrial Exposition is that of the Realtor Building Company which is the only home building concern to enter the show. The sign "Manufacturers of Homes" explains how the firm was enabled to enter a home building exhibition. The sign is composed of Ford V. Woods and Frank E. Richards, two young men who entered the contracting business after leaving the Army.
