## 4 DEAD, 7 HURT DURING RAID ON VIRGINIA STILL

Race Feeling Develops and Militia Is Called to Patrol Village.

ORANGE, Va., Oct. 24.—One hundred armed militiamen from Charlottesville and picked police from several nearby towns patrolled the streets of Orange today after forty-eight hours of intense excitement, in which four men were killed and seven others, all prominent citizens of Orange County, were wounded.

The known dead are:

Sheriff W. M. C. Bond.  
Police Sergeant J. F. Boyer.  
Walter Ware, negro.

Another negro who has not been identified as the fourth man killed.

The officers were killed with a high-powered rifle when they sought to arrest Ware and his accomplices, who were running a still in the town.

Within an hour after the bodies of the officers were brought into Orange, 500 angry citizens, armed with rifles, shotguns and revolvers, started on the negroes.

The negroes were cornered in a barn a few miles from town. The crowd rioted the barn with bullets, but the pair of negroes apparently escaped unscathed. Then a torch was applied and both negroes perished, but not before seven members of the posse had been shot.

Terror reigns in the negro quarter of the town. All inhabitants have been ordered to keep off the streets.

## Fear Deluge of Liquor in Washington

Arms Perley May Be Used as Pretext for Law Violations.

ROME, Oct. 24.—The Italian delegation to the Washington conference departed today.

PARIS, Oct. 24.—Premier Briand may be prevented from going to Washington to attend the limitation of armaments conference by the attempted Karlisk coup in Hungary. It was said here semi-officially today.

WASHINGTON, Oct. 24.—The American delegates to the armament conference, headed by Secretary of State Hughes, held their third formal session today. The delegates met at 10:30 o'clock with all members present.

Special to Indiana Daily Times

WASHINGTON, Oct. 24.—The Anti-Saloon League has declared war upon what its officials assert is a plot to use the forthcoming armaments conference as a pretext for "flooding Washington with liquor."

According to Wayne B. Wheeler, general counsel for the league, some foreign publicists, aware of the amount of the liquor which may be put into the world by the conference, are plotting to use the "embassy privilege" to propose to make the conference the occasion for procuring to the world the "force of prohibition in the United States."

The nation-wide law will be on trial before the world, he said, and prohibition enforcement officers and officials of the Anti-Saloon League will be remiss in their duty if they do not check the importation of intoxicants.

Mr. Wheeler explained that the recent decision of Federal Judge Mayer in New York upholding the illegality of the shipment of beverage liquor through the United States has put its way into the hands of enforcement officers by which abuses that have grown up in the so-called diplomatic liquor traffic can be definitely checked.

"There is reason, of course," continued Mr. Wheeler, "for permitting the occupants of embassies to bring with them in their baggage liquors which are to be used solely within the embassy, but no good reason can be given for permitting greater amounts. Exhibits in the case reviewed by Judge Mayer showed that greater quantities of liquor are being sent to the embassies than their occupants or guests could possibly use."

"It has been heralded all over the country that there will be a flood of liquor in Washington during the conference. We also have been informed that publicists from foreign countries will be here to announce that prohibition is a farce. The guests and attaches of the conference are not in the same position as the occupants of the embassies, and even if they were, they cannot transport liquor into the United States without a permit. The citizens of the United States are required to obey the laws of foreign countries which they visit, and there is no reason why the same rule should not apply here."—Copyright, 1921, by Public Ledger Company.

TERRE HAUTE, Ind., Oct. 24.—A woman faced trial here today on charges of arson and murder.

Marble Foster is alleged to have fired three dwellings last June. William Scholten, a fireman, was killed fighting the blaze and another fireman is near death.

If the second fireman dies Mrs. Foster will face a charge of double murder. Scholten died after the Foster woman had been arrested on arson charges. The home of Mrs. Foster accidentally was burned in the fire. She is alleged to have set fire to two houses for revenge on Henry Koehner, the owner. The flames spread to her own home.

Chester Davis, attorney for the fire marshal's office, O. V. Hickey, deputy state fire marshal, prepared to assist in the prosecution.

WOMAN DRAGGED INTO ALLEY AND ROBBED

Mrs. Noble Ash, 23, 1025 Bates street, was attacked late Saturday night by a man who robbed her and escaped. Mrs. Ash was on her way home at 11 p. m. when she saw that a man was following her. At Shelby street a half block south of Maryland street she was stopped by the man who said, "Where are you going?"

"Home," was her answer.

"Oh, I guess not," said the stranger and he seized her and dragged her into the alley. The man robbed Mrs. Ash of a hand bag containing \$8.

FEET WORK ARMS.

LONDON, Oct. 23.—An armless mechanic who is blind in one eye demonstrated to an audience an apparatus which supplies arms to any one who lacks those members. He sat at a table and by levers worked by his feet operated a pair of arms with which he ate a heavy meal, using knife, fork, cup, spoon and napkin.

## TAKE GAMBLERS IN HOTEL RAID; ARREST SEVEN

Bootleggers Also Among Women and Men Held by Police Over Week-end.

The police made an effort during the week end to clamp the lid down in Indianapolis. As a result there were a number of arrests on gambling, operating blind tigers and statutory charges.

A squad swooped down on an alleged gambling place in the basement of the Colonial hotel, arrested Ed Reeves on the charge of keeping a gambling house and gaming. The following were arrested on the charge of playing and gaming: Walter Benjamin, 1229 Olive street; Henry Woods, 320 East New York street; C. W. Johnson, 1229 East New York street; Ed Jones, 836 West Michigan street; E. B. Edwards, 304 East Washington street; and James Canel, 126 West Ohio street. The police brought to headquarters an evidence \$3.15, a table, and a complete buzzer outfit.

Two alleged "hip pocket" bootleggers were stopped and searched by the police, and as a result were arrested on charges of operating a blind tiger. A bottle containing "white mule" whisky was found in the pocket of each man, it is said. They gave their names as James Cooley, 6114 South Illinois street, and James Dunham, 1133 Kentucky avenue.

George McKinney, 30, of Bedford, Ind., was arrested on the charge of operating a blind tiger, and his automobile, with license number 176311, ordered held. The arrest was made at Washington and Missouri streets, and the police say they found a half pint of "white mule" whisky in the car. Virgil Gill, 17, and Howard Chestine, 17, both of Bedford, were held on vagrancy charges.

A fight resulted in the police arresting two negro women, a negro man and a white man, at 430 West Wabash street. Minnie Wright, negress, of the Wabash street address, is charged with a statutory offense and Jernsey. The police allege that Oliver Redding of Lawrenceburg, Ind., paid the woman \$2, and that she robbed him of \$10. Raymond Wright, husband of the woman, is alleged to have struck Redding when Redding attacked Mrs. Wright in an effort to get the money back. Wright was arrested on the charge of assault and battery and Redding was arrested on the charge of assault and battery and associating. Eva Swandigan, negress, 1222 East Fifteenth street, was arrested on a vagrancy charge.

Hattie Davidson, 411 Smith street, was arrested on the charge of operating a blind tiger. The police allege they found three quarts of "white mule" whisky at her home which they searched.

ENGAGES ROBBERS IN GUN BATTLE

Fred Braming Fires on Two Burglars.

Detectives today are searching for the three burglars who fought a revolver battle with Fred Braming, 715 Economy street, at 1:30 o'clock Sunday morning. Mrs. Braming joined her husband and, with a poker, pursued the burglars.

The men had broken into the office of Otto J. Sues, 719 North Pine street, proprietor of a warehouse. The three men took a strong box from the safe and were breaking it open when surprised by Braming.

Mr. and Mrs. Braming were awakened by the sound of the men pounding open the strong box. Braming secured his revolver and went to investigate. His wife followed him to the yard and one of the robbers opened fire, shooting at Braming three times. Braming fired two shots and the two fled after taking the contents of the box, \$30 worth of war savings stamps and \$5 in thrift stamps.

Burglars entered the room of H. M. Sanders, 127 East St. Joseph street, last night and took a purse containing \$2.

Burglars took two rolls of film from Cook Bowley's Theater, 231 East Washington street.

A thief took an automobile tire off of a car owned by Anna Clark, 108 East St. Clair street.

H. E. Redding, 2209 Broadway, reported a motor meter worth \$10 taken off his car while it was parked at Thirty-Fourth and Central avenue.

Negroes in Hospital as Result of Duel

Two negroes are held in the detention ward at the city hospital today, both being charged with assault and battery with intent to kill. One, Columbus Williams, 27, 417 1/2 Muskingum street, has a bullet wound in his left ankle and the other, Archie Johnson, 35, 417 Muskingum street, has three long knife cuts on his head.

The battle occurred at the home of Mattie Hughes, 417 Muskingum street. Williams told the police that Johnson shot him. An hour after being called to the scene of the fight the police found Johnson covered with blood in a shed in the rear of 417 Muskingum street. Johnson denied shooting Williams and said he had been lured to the house and three men attacked him and beat and cut him. The police failed to find the revolver with which Williams was shot.

MOTHER!

Open Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poisons, sour bile and waste out of the bowels, and you have a well-playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Advertisement.

## DOG HILL PARAGRAPHS

Several attended the speaking in the Cliff Ribs neighborhood Wednesday night. It was a prohibition lecture and during the course of his remarks the man drank nearly a bucket of water.

Washington Hocks says a person can live on one side of a town so long and look at things in the same direction so much that he comes to the conclusion it is the way it looks to everybody; but when he moves to some other part of town he begins to look at things from a different angle and has to readjust his specs.

Frisky Hancock was at preaching last Sunday all shamed up so that nobody knew him hardly. You can tell that Frisky shaves himself because he always leaves some lather on the bottom of each ear.

BUTCHERS TALK CALLING STRIKE

Chicago Meat Cutters Say They Will Fight Wage Reduction.

CHICAGO, Oct. 24.—Three thousand butchers will strike Nov. 1, if the Master Butchers' Association carries out its announced intention of reducing wages from \$10 to \$8.2 a week, it was announced today. The strike would affect every shop and meat market in Chicago.

Carl Schmidt, president of local 564, said the men had voted to strike, that they felt they could not live on less than they are now getting. Their agreement with their employers runs out Nov. 1, a conference between representatives of the men and the employers was arranged for today.

Corn Huskers Scarce in Benton County

Special to The Times.

LAFAYETTE, Ind., Oct. 24.—A call for corn huskers to help harvest the crop in Benton County and vicinity has come from Lafayette and to several southern Indiana counties, which usually send a large number of men to northwestern Indiana at corn husking time. The scale of wage is 3 to 3 1/2 cents a bushel in fields that will average fifty bushels to the acre or more. Board and room also is furnished. Huskers from southern Indiana have not come to this section of the State this year in the usual numbers, causing a shortage of help in this kind of farm work.

Doesn't Like Big City; Returns Home

CHICAGO, Oct. 24.—"I don't care for the big city; I'm going back to Texas."

This was the only comment today of the so-called "mystery girl" giving the name of Mrs. Alfred Nelson, who is at the county hospital after having been found half clad and disheveled in the vestibule of an apartment.

She said she would wire her father, J. L. England, wealthy cattleman of Paris, Texas, that she is coming home.

## PRESIDENT MAY FREE DEBS WHEN U. S. IS AT PEACE

Socialist Leader Expected to Be Given Chance to Regain Health Outside Prison.

WASHINGTON, Oct. 24.—Eugene V. Debs, the imprisoned leader of the Socialist party, is nearing the end of his confinement at the Atlanta penitentiary, according to the belief prevailing here today. President Harding's action on the pardon appeal is believed to be imminent.

Soon after the exchange of the ratification of the peace treaty by Washington and Berlin, the President will issue a proclamation that the United States is once more at peace with the whole world. Action in the Debs case is expected to follow promptly.

RECOMMENDATIONS OF DAUGHTERY APPROVED.

Attorney General Daugherty has submitted his recommendations to the President and these have been approved except for some minor changes as to phraseology.

While the decision in the Debs case is closely guarded, it is believed certain the Socialist leader will gain his liberty. In no official quarter is it suggested that there will be a full presidential pardon with its restoration of civil rights, but instead a commutation that will allow him to recuperate his broken health outside prison walls.

DEBS HAS RECORD OF MODEL PRISONER.

Debs has served about one-fourth of his ten-year term for violation of the espionage act. He has been a model prisoner and the reports upon his conduct from the prison authorities have had no small effect in influencing officials here to extend clemency.

A general cleaning of the pardon slate probably will follow.

Prize Offered for Best City Slogan

The silent orator on the Merchants Heat and Light Company's building tonight will dash forth an appeal for a city slogan in the following message:

"This city needs a slogan. One that will help sell Indianapolis. The Advertising Club offers a prize for the best city slogan submitted before Dec. 1. Send your slogans to the Advertising club, Chamber of Commerce Building, Bryant Sando, president."

Guarrel Over Change

An argument over \$1.40 yesterday resulted in one man being sent to the city hospital and another to police headquarters. John Jackson, 528 Fulton street, is in the city hospital suffering from a knife wound in his left side. Albert Jules, 528 Fulton street, was arrested on the charge of assault and battery with intent to kill and petit larceny.

Jackson alleged that Jules stole \$1.40 from him. The men had a fight. After the fight Jules is said to have entered the kitchen of Jackson's home and while Jackson was sitting at a table attacked him with a knife.

INGROWN TOE NAIL

URNS OUT ITSELF

A noted authority says that a few drops of "Outgrow" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can no longer penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgrow" is a harmless, antiseptic, manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Advertisement.
