

INDIANAPOLIS MAN SHOT DOWN IN KANSAS CITY

A. P. Bruner, 521 Arbor Avenue, Brother of Victim, Leaves for Scene.

Harry Bruner, 43, live stock trader murdered in a Kansas City, Mo., hotel yesterday by Frank Thompson, a speculator, during an argument over one of Thompson's alleged operations, was the brother of A. P. Bruner, 521 Arbor avenue. Harry Bruner is well known among local horsemen and stock dealers, having been a trader in live stock in Indianapolis for many years before going West.

Mr. Bruner received word of his brother's death in a telegram from Hugh Eckman, partner of Harry Bruner, and he and Mrs. Bruner left for Kansas City last night to take charge of the body. The body will be brought to Indianapolis for funeral and burial. The victim was a bachelor.

According to dispatches from Kansas City, Harry Bruner was employed by a Cedar Rapids (Iowa) firm to buy stock in the Kansas City market. Frank Thompson has been involved in huge speculations throughout the war period, according to stories from Kansas City. Becoming infatuated while in the argument to the hotel lobby yesterday, according to the dispatches, Thompson whipped out a revolver and shot Bruner and two hotel standers. Bruner died almost instantly and one of the others is probably fatally wounded. After Bruner fell to the floor the enraged man placed his gun in his victim's mouth and fired twice more, a Kansas City report says.

The Indianapolis brother was one of the staunch supporters of Mayor Samuel Lewis Shank and he carries with him to Kansas City a letter from the mayor asking the authorities there to aid him in every way possible.

HEALTH BOARD RECORD MAKES GOOD SHOWING

Proves Indianapolis Was Better Place to 'Live' in 1921.

Crime wave and industrial depression to the contrary Indianapolis was a better place to live in 1921 than in 1920. The health department records are the proof.

There were forty deaths from homicide in 1921 and twenty-five in 1920, a survey of health reports for 1921 by C. Tompkins, chief clerk of the board of health, shows. Homicides include murders and deaths caused by the violence of one person upon another. There were twenty-eight homicides in 1920.

The records further show there were fifty-two suicides in 1921, forty-nine in 1920 and forty-one in 1921.

Even the automobile was not quite such a deadly aid of the grim walker in 1921. There were twenty-seven deaths from automobile accidents in 1921, forty in 1920 and thirty-nine in 1921.

Street cars killed seventeen in 1921, twelve in 1920 and sixteen in 1921, while railroads snuffed out fourteen lives in 1921, twenty-four in 1920 and sixteen in 1921.

The records show only six deaths in Indianapolis from acute alcoholism in 1921, but health authorities believe there were more since most doctors, for the sake of the family, prefer to report deaths of this nature for some less disgraceful cause, whenever the fatal illness warrants stretching a point or two.

The total number of deaths in 1921 decreased materially from 1920 while births showed a nice gain. There were 4,937 deaths in 1920 as compared with 4,788 in 1921 and 6,728 births in 1920 and 7,027 in 1921.

Loss of life from principal causes are shown as follows:

	1921	1920
Pulmonary tuberculosis	316	336
Other forms of tuberculosis	83	78
Diphtheria	22	20
Scarlet fever	19	12
Measles	27	27
Whooping cough	27	27
Broncho lobar pneumonia	227	267
Diarrhea and enteritis (under 2 years of age)	106	157
Cerebro spinal fever	4	5
Infantile paralysis	6	4
Infuenza	23	194
Chilidbirth	20	28
Cancer	233	212
External causes	247	250
Smallpox	2	0
Syphilis	275	36

The accurate death and birth rates per 1,000 inhabitants have not been computed.

Federation of Labor Aids Eastern Relief

The Indiana State Federation of Labor, keenly sympathetic with the work being carried on by Near East Relief in saving the lives of starving babies of the Bible lands, will ask the 300 affiliate organizations of the State to "adopt" one or more orphans wherever funds will allow.

Headquarters of Near East Relief, 403 City Trust building, has received a strong endorsement of its work from the federation's executive board, of which T. N. Taylor of Terre Haute is president.

A. J. Fritz, secretary of the board, said the federation would start the giving by becoming the "adopted parent" of one orphan. He forwarded a check for \$50 to cover the expense of keeping the kiddie alive for one year. Many labor organizations adopted orphans last year.

Mr. Fritz is a member of the State Near East Relief committee. The board, Farland, president of the International Typographical Union; W. L. Hutcheson, president of the United Brotherhood of Carpenters and Joiners, and John L. Lewis, president of the United Mine Workers, are members of the national Near East Relief advisory committee.

Police Carry On in Tiger Crusade

Two men were arrested late yesterday on charges of operating "blind tigers" as the police continued to carry out Mayor Samuel Lewis Shank's orders to enforce the prohibition law.

Charles Argo, 325 Warren avenue, was arrested when police raided his home and found two and a half gallons of "white mule" whiskey in a jug and five half-pints.

John Isaacs, negro, 1010 North Senate avenue, also was arrested. The police raided his room and found five quarts of beer, thirty-two pints of beer and a half-gallon of "white mule" whiskey, they declare.

Robbers Take Coats Valued at \$20,000

NEWARK, N. J., Jan. 6.—Four thieves early today stole twenty-five fur coats valued at \$20,000, from the store of Salisbury-Jacobsen & Co. Three of the men escaped with the loot in an automobile truck. The fourth man, who was captured, was identified as Warren Smith, Newark, who, police say, was at liberty under bail on a charge of stealing automobile tires.

WILL SPEAK FOR WAR SUFFERERS

Eloquent Pulpit Orator to Address Mass Meeting.

DR. NATHAN KRASS.
A mass meeting, open to the public, will be held in Tomlinson Hall Monday night, under auspices of the Indiana section of the American Jewish Relief committee.

The principal address for the evening will be by Rabbi Nathan Krass, one of the most eloquent pulpits orators in America. Dr. Krass has made several investigating trips throughout the famine districts of central Europe, and will give eye-witness details of conditions in that part of the world.

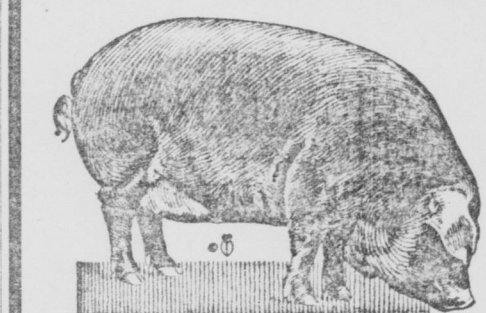

The meeting is being held as the preliminary step in Indiana's campaign for the State's share of the \$14,000,000 fund now being raised in this country for the relief of Jewish war sufferers in the famine and pogrom districts. It is estimated that 300,000 Jewish orphans must be cared for in eastern Europe, to say nothing of the millions of other Jewish sufferers in that continent's famine districts. So great is the distress among Jewish people in that part of the world that the Society of Friends is cooperating with the American Jewish relief committee, and is administering the committee's funds in relieving Jewish orphans in several districts in Russia and the Ukraine.

There will be no admission charge to the meeting.

FIXED FOR PASSING STREET CAR.
R. E. Jenkins, giving his address as 1030 North Keystone avenue, was fined \$1 and costs in city court yesterday by Delbert O. Wulph, city judge. Evidence showed that on Dec. 15 Jenkins passed an East Tenth street car at Middle Drive, Woodruff Place. Police officers on the street car took the license number. Jenkins denied that he passed the car.

MARKET HOUSE CONDITIONS TO BE REMEDIED

Dr. Herman Morgan Advises
Many Improvements in
Sanitation.

The restaurant stands in the city market house should not be permitted to remain in their present condition through another fly-breeding season, Dr. Herman Morgan, secretary of the board of public health, has informed the board of public safety, Mayor Samuel Lewis Shank announced today. The mayor ought to be done to make the market sanitary. He told them informally and is putting the suggestions into writing for future action of the safety board.

Dr. Morgan told the board that the restaurants should be taken out of their present site in the rear of the first floor quarters upon a mezzanine floor, such as was included in the plans for remodeling the market house prepared by the previous administration.

Before the market will be sanitary, Dr. Morgan said, the pools of stagnant water which lie in the alley back of the market house and the wagon loads of refuse which stand there on market days must be eliminated. He recommended an incinerator to burn refuse. Such a burner should be installed so that the whole market could be flushed out with fire hose after market days, Dr. Morgan said. The remodeling plan includes this.

Mr. Shank said that the market problem will be given thorough study and remedies found for its evils as soon as possible.

Bakers Change Name of Organization

The name of the Indiana Association of the Baking Industry was changed to the Indiana Bakers' Association at the final meeting of the convention of the organization at the Claypool Hotel yesterday afternoon. The association adopted resolutions opposing the tariff plans of the "agricultural bloc" in respect to California fruits and nuts, endorsing the Indiana standard weight law, approving the opening of the baking college in Chicago, protesting against any cut in the price of bakery products for advertising purposes.

SAYS CHARITY IS TOO LUMPY

Speaker Urges Steady Flow of
Relief Work.

Instead of providing a superfluity of food for the poor and needy of the city at Christmas time, aid should be spread out over a larger part of the year, Homer Borst of Minneapolis, Minn., associate director of the council of social agencies of Minneapolis, told the board of the Indianapolis Christmas Clearing House Association at a luncheon at the Chamber of Commerce yesterday.

Other speakers were Eugene C. Foster, general secretary of the Charity Organization Society, Herbert S. King, president of the association, and Miss Laurel C. Thayer, secretary.

Miss Thayer said the association had checked over a list of 2,312 names submitted for Christmas packages, and that 538 duplications had been discovered. She said twenty-two organizations of the city are affiliated with the association.

Fight in Lunchroom Causes Two Arrests

Orville Waggoner, 27, 521 North Alabama street, was arrested today on the charge of assault and battery and drunkenness. Esther Paulus, 29, 967 Indiana avenue, was arrested on the charges of vagrancy and drunkenness.

The arrests followed an investigation of a fight between two men in a downtown lunchroom. When the police reached the scene the fighters had disappeared, but they found six men and the woman at Illinois and Maryland street. Three of the men ran. They arrested Waggoner and the Paulus woman. It was after the two were in the police automobile that Waggoner is alleged to have struck the woman. The night man at the lunchroom told the police Waggoner was not in the fight, but the Paulus woman accused him.

New Year Reduces Prices for Material

The new year has brought further reductions in some staple materials used by city departments. City Purchasing Agent Jesse E. Miller announced today. The city has been offered a price of \$29.75 per thousand on paving brick as compared with \$33, the former price on the same grade. Sewer tiles which cost \$9.50 are offered for \$9 and manhole lids, formerly priced at \$6.50, can be bought for \$6 each now, Mr. Miller said.
