

PROGRESS MADE
IN U. S. RELIEF
FOR RUSSIANSOrganization to Furnish Food
for Starving Mil-
lions.

RIGA, Jan. 6.—By the end of February the American relief administration in Russia will be feeding 2,000,000 children in the famine zone, and as soon as the new \$20,000,000 credit is opened in America, the relief organization will be feeding about 7,000,000 adults, according to Col. William N. Haskell, who arrived here today from London en route to Moscow.

Colonel Haskell is chief field director of the American relief administration.

"Good progress is being made in extending relief to the Russians in the starvation zone," said Colonel Haskell. "The basis of the daily ration is a pound of bread augmented by other nourishing foods."

"The Soviet is turning over \$10,000,000 in gold for the purchase of food and grain seed in the United States and already one-third of this sum has been transferred to the Guaranty Trust Company of New York City.

"Large shipments of maize are en route from America for distribution by the A. R. A. among the adult population of the Volga districts. The ration of the adult population will not be in full swing, however, until February."

"The Moscow soviet has placed at the disposal of the A. R. A. 7,000 railway locomotives and 8,000 cars for transportation of foodstuffs."

SOLONS CONFER
WITH HARDING
ON ACTION PLANPresident Sees Danger in
Activities of Agricultural
Bloc.

WASHINGTON, Jan. 6.—A group of congressional leaders will gather at the White House Saturday night to arrange a legal and constitutional plan to end Harding's guidance. This plan of action was agreed upon at a conference last night with Senator Lodge, majority leader, Senators Curtis, Watson and others.

President Harding agreed that the soldier bonus measure ought to be passed soon, but he warned that a way of raising the money must be found.

Action on the foreign debt refunding bill was asked by the President again.

Harding sees party danger in the activities of the agricultural bloc and this question is expected to come up at the conference tomorrow night. The warning against breaking up party alignments conveyed in his recent message to Congress apparently has had little effect in taming the farmer spokesman at either end of the Capitol.

DAN SAYS HE HAD
TO BUY HIS DRINKS
FROM WIFE'S MAID

CHICAGO, Jan. 6.—Jessie Reed, Follies beauty, added stage door Johnnies to her list of "don'ts" today.

Reed took this dig at "dashing Dan" Caswell, heir to the Caswell millions whom she is suing for divorce.

"What do you think of that, girls?"

Miss Reed exclaimed to the chorus when told that Caswell had filed a cross bill

alleging, among other things, that Jessie's maid was a bootlegger and he had to buy his drinks from her.

One of the first things Miss Reed wanted to know was who started calling her "dashing Dan."

"The only thing I know about him is that he was a dashing Dan,"

and he fell in love with Jessie, gave her the ring and they were married.

Jessie had been married before and has a daughter in Texas.

CASWELL met Jessie on a train. He was on his way to present Virginia Van Sant, daughter of a former Governor of Minnesota, with a diamond ring.

But he fell in love with Jessie, gave her the ring and they were married.

Jessie had been married before and has a daughter in Texas.

SCHOOL SURVEY
TO BEGIN JAN. 169 Counties, 2 Cities in State
Embraced in Plans.

A survey of schools in nine Indiana counties and two Indiana cities will be made during the week of Jan. 16 by the general education board of the Rockefeller Foundation, which has charge of the general school survey in Indiana, as provided by the 1921 Legislature. The counties to be surveyed are Crawford, Jessup, Clay, Johnson, Madison, Howard, Jasper and White, and the cities are Evansville and South Bend. The organization will use 200 field men in the work.

Survey plans were made at a meeting of the State school survey commission and others who will participate in the work yesterday afternoon. Leaders in the survey work were instructed in giving psychological tests and visitors were made to Indianapolis schools where the tests were given.

Dr. M. E. Haasgarty, dean of the College of Education, University of Minnesota, in addressing the meeting, said that better school facilities and scientifically trained teachers are needed.

RHEUMATIC ACHEs
QUICKLY RELIEVED

THE racking, agonizing rheumatic ache is quickly relieved by an application of Sloan's Liniment.

For forty years, folks all over the world have found Sloan's to be the natural enemy of pains and aches.

It penetrates without rubbing. You can just tell by its healthy, stimulating odor that it is going to do you good.

Keep Sloan's handy for neuralgia, sciatica, lame back, stiff joints, sore muscles, strains and sprains.

At all druggists—35c, 70c, \$1.40.
