

# LEGION HEADS PLAN CENSUS OF EX-SERVICE MEN

Each Soldier to Be Asked His Desire Regarding Compensation.

MEETING HERE JAN 20

A census of all World War veterans in the United States to determine what form of Federal compensation each man prefers is to be arranged at the most important meeting of the American Legion ever held between national conventions. At this meeting, to be held in Indianapolis, Jan. 20 and 21, Hanford MacNider, national commander of the legion, will present plans for interviewing every ex-service man to determine his desires as regards the five-fold adjusted compensation scheme set out in the pending "bonus" bill in Congress.

By determining in each instance whether cash payment, paid-up insurance, vocational training, or buying a home or aid in settling land is preferred, the census is expected to be of vast assistance to the Government in making provision for compensation settlements. It is pointed out, the extent of the immediate demand on the cash resources of the Nation.

The census, which also will include ex-service women in addition to getting an accurate perspective of the so-called bonus situation, is designed to pave the way for speedy adjustment of claims of the veterans against the Government.

The question of employment, too, will come in for a goodly share of attention by the convention. President to be REPRESENTED.

C. B. Forbush, director of the United States Veterans' Bureau, is coming to the meeting as the personal representative of President Harding and Judge K. M. Landis is booked as one of the speakers. All state commanders, adjutants and National executive committee members; chairmen of standing committees and National legion officials are to attend.

The census will be known as a service and compensation campaign and is modeled after the "Iowa plan," successfully used in that State, when Commander MacNider was head of the State legion organization. After approval by the convention, it is intended to undertake the census at once. The country will be divided into districts, with a legion committee to supervise. Districts will be small enough so that thorough canvassing can be assured. Legion volunteers will work under the direction of the committees and will visit every house and interview every veteran.

Canvassers also will ascertain how many veterans will lead their compensation payments money to a general fund to be administered by the legion, out of which loans would be made to disabled, unemployed or needy ex-service men. Commander MacNider in recently announcing this new plan, expressed the belief the revolving fund would total several million dollars.

CONSIDERATION OF ALL CLAIMS.

Every one who has a claim of any sort against the Government is to be assisted in presenting it and obtaining quick settlement. Under the census plan, veterans will be asked to tell what they desire the legion to accomplish. This latter phase of the program is expected to be of immense assistance to the national organization.

As to unemployment, some means will be devised whereby the legion can assist nationally in placing ex-service men in jobs. Plans will be adopted for further assistance by the legion in the rehabilitation of veterans.

Important committee reports to be presented include:

Report of the Oriental committee which has spent months in an exhaustive study of the question of Mongolian immigration and particularly the Japanese problem on the Pacific Coast.

Report on the subject of memorials in the United States to soldier dead.

Report of the committee in charge of a proposed memorial in honor of the late P. W. Galbraith, national commander who was killed in Indianapolis in a motor accident. It is expected the committee recommendations will be accepted without question and work on the Galbraith memorial started soon.

Weekly will meet to consider policy, finances and development of the official publication of the organization.

Fun-makers will be on hand, too, for the Society of Forty Hommes Elgit Chevrons—survivors of strenuous tours in French box cars—is to be represented. A formal dinner to all visiting legionnaires and public officials will be given on the night of the 20th.

# GAME WARDENS ARRESTED 198

Report For December Shows 179 Convictions.

Game wardens of the State conservation department in December made 198 arrests which resulted in 179 convictions for violations of the fish and game laws, George N. Mansfield, a conservation department official, says. Three defendants were acquitted and sixteen cases remain to be tried. Total fines and costs assessed against the 179 convicted persons aggregated \$4,237.00.

Mr. Mansfield points out that in December 1929, the total arrests numbered 123, convictions 123, and fines and costs totalled \$2,788.10. The December 1921 record shows an increase of 73 arrests, 56 convictions and \$1,449.50 in fines and costs.

In an itemized list compiled by the fish and game division of the conservation department, it is noted that twenty-one persons were arrested in December 1921 for hunting on Sunday, sixteen for hunting with ferrets, fourteen for digging out of holes fur-bearing animals, twelve for possession of illegal size fish nets, ten for hunting without permission of landowners or tenants, and six for possession of ferrets without a permit. One hundred and eight persons were arrested for hunting without licenses.

A surprising feature of the month's work, Mr. Mansfield says, is that three persons were arrested for killing deer when it was generally believed these animals were extinct in this State. These animals, officials believe, escaped from parks or reservations and probably were rets. They were killed in Montgomery County.

Records for the first three months of the new fiscal year, which began Oct. 1, reveal a total of 787 arrests, 746 convictions, and fines and costs assessed amounting to \$16,582.05. For the same period a year ago arrests totalled 337, convictions 341, and fines and costs amounted to \$11,433.21. The gain for the three months this year over the similar three months period of last year is 230 arrests, 235 convictions, and an increase of \$5,148.84 in fines and costs.

NATURE BREAKS.

LONDON, Jan. 16—England's abnormally warm autumn resulted in many nature freaks. Perfect strawberries were grown in Kent. Ten roses and carnations flowered. Winter wheat grew to the height of a foot in many sections.

# Will Give Address

F. H. BECKMANN.

One of the principal speakers at the meeting of the Retail Lumbermen's Association at the Claypool Hotel Wednesday will be F. H. Beckmann of Spokane, Wash., vice president and general manager of the National Builders' Bureau. Mr. Beckmann is touring the United States to address various lumber organizations, chambers of commerce and advertising clubs.

The subject of Mr. Beckmann's talk will be "Business Service."

The problem of retailing through dealers and through mail order agencies will be a topic of discussion at the meeting arranged by the secretary, C. D. Root. The cause of the dealers' salesmen will be presented to the association by Charles R. Rhodes, director of advertising for the Indiana Farmers' Guide, Huntington.

# MANY CHANGES REPORTED IN RESERVE CORPS

Colonel Root Announces Reorganizations and New Assignments.

Several changes in assignments and the reorganization of twenty-seven commissions in the organized reserve of Indiana have been announced by Col. E. A. Root.

The commissions of the following were revoked because they have taken up residences outside of Indiana: Maj. Hanson R. Hickman, Second Lieutenant, Richard E. Craven, Second Lieutenant, Alton P. Slenitz, First Lieutenant, David McKay, Second Lieutenant, Benno M. Brink, Second Lieutenant, Taylor Long, Second Lieutenant, Earl F. Nauss, First Lieutenant, Ralph C. Kenny, First Lieutenant, Donall Duggett, Second Lieutenant, Lloyd Rinkenberz, Second Lieutenant, Clarence F. Hass, Second Lieutenant, Lafayette Page, Jr., Second Lieutenant, Sultan G. Cohen, First Lieutenant, Harry J. Smith.

The commissions of the following have been revoked because they have become National Guard officers: First Lieutenant, Martin J. Plan, Second Lieutenant, Samuel A. Pence, Capt. Milo D. Snyder, First Lieutenant, John R. Smith, Capt. Cleon W. Mount, Second Lieutenant, Harry J. Swartz, Capt. William K. Yundt, First Lieutenant, Noel C. Ruddle, Capt. Louis L. Roberts, First Lieutenant, Charles S. Manning.

ASSIGNMENTS ARE CHANGED.

The following changes in assignments have been made:

Maj. Nathan A. Morris, assigned to lance headquarters, Sixth Division; First Lieutenant, Lawrence C. Greenley, Infantry, Veederburg, is assigned to Company "I," 336th Infantry; Second Lieutenant, Claude W. Elson, Infantry, Richmond, is attached to staff (adjutant) 3d battalion, 23rd Infantry; Second Lieutenant, Paul K. Warner, Infantry, Jeffersonville, is attached to Battery "B," 20th Field Artillery.

The following have been relieved of assignments because of change of residence:

Second Lieutenant, D. Allyn Bell, Second Lieutenant, Ethel G. McPherson, Capt. Basil N. McGregor, Second Lieutenant, Addison G. Moore.

Because of the officers moving from the 5th Army Corps area, the assignments of the following have been cancelled:

Second Lieutenant, Everett E. Zimmerman, First Lieutenant, Dora G. Hovis, First Lieutenant, Vance H. Treublood, Capt. Edmund L. Hatt, Maj. Marshall A. Goff, Second Lieutenant, John F. Gardner, Capt. Voris R. Norton, Second Lieutenant, Walter D. Stanforth, Second Lieutenant, Henry H. Miller.

The commission of Second Lieutenant, Frank R. Law, Infantry, has been revoked because he previously had established a permanent residence outside of the area allotted to the 5th Infantry. The commission of First Lieutenant, Will H. Evans, Infantry, has been revoked because he previously had accepted a commission in the regular Army. The commission of Second Lieutenant, William S. Lantz, quartermaster, has been revoked because he was discharged previously from the quartermaster officers' reserve corps. The assignment of Capt. Hiram C. Work has been cancelled, as he was discharged from the Infantry officers' reserve corps.

# LOVERS FULFILL DEATH CONTRACT

Suicide Ends Romance of St. Louis Pair.

CHICAGO, Jan. 16—Thomas J. Clarkson and Miss Dora Monell have kept their "rendezvous with death" and suicide has written "fate" to a romance which could not endure separation.

Clarkson, a chauffeur for Mrs. Elsie G. Monell of St. Louis, the mother of his sweetheart, ended his life twenty-four hours after Miss Monell swallowed poison and died. The police and relatives are convinced that a suicide pact existed between them. Clarkson took poison in St. Louis while Miss Monell ended her life in Chicago.

The couple eloped from St. Louis last week and came to Chicago. Mrs. Monell traced them here and, after bitterly upbraiding Clarkson who was married although separated from his wife, and threatening him with prosecution under the Mann Act, induced the girl to promise to return home with her. En route to the station Miss Monell drank poison and died while being taken to a hospital.

Clarkson returned to St. Louis and there learned that his sweetheart had killed herself. After writing a note to his father in which he asked forgiveness and told his father "not to blame anybody" Clarkson drank poison which he said he had taken away from Miss Monell. He was found dead in an alley near his home.

# EMBANKMENT AT NEW BRIDGE IS ALMOST READY

Hoosier Motor Club Reports Need For Michigan Road Improvement.

Construction of the big earthen embankment, leading from the north end of the new White River bridge on the Michigan road, is near completion, according to announcement from the touring department of the Hoosier Motor Club today.

It is stated this fill was made necessary because of the greatly increased height of the new bridge as compared with the old, and the embankment will form a levee across the White River lowlands at the foot of what was once known as "Michigan Hill," considered in the earlier days of motoring as a "test" hill for the power of motor vehicles. With the new fill, it is stated, there is little hill left, and it will be more like a boulevard.

The bridge itself is completed, with the exception of the pavement. Concrete paving now extends from the west end of Maple Road vantage at Crown Hill north to the bridge, but no paving can be done on the bridge or on the embankment to the north until next spring, until such time as the new earthwork has become fully settled.

The way now extends from the hill north for about two miles. It is understood the remainder of the highway will be paved to the Marion County line in the spring.

Inasmuch as the Michigan road was established in 1892 and has a 100-foot right-of-way nearly the entire distance to South Bend, through Logansport, Rochester and Plymouth, with scarcely a turn in it, there has been much agitation in an effort to get the State highway commission to adopt it as part of the State highway system. The recent announcement that the State commission is to extend its system has led to renewed hope on the part of Michigan road boosters. The motor club reports because of lack of attention this road way is in poor condition for the most part, except in the northern section of the State, where a hard surface road-way recently has been completed.

# WOMAN SKATER KILLED BY PLANE

Pilotless Aircraft Plunges Into Crowd on Ice.

RED BANK, N. J., Jan. 16.—The plunge of a pilotless airplane into a throng of skaters on the Shrewsbury River, which resulted in the death of a woman and the serious injury to a man who tried to save her, was believed by investigators today to have been caused by an unexpected opening of a home-made throttle.

The airplane, in which James Casey, ex-Army aviator, was giving joy rides from the ice yesterday, leaped over its restraining blocks when the pilot whirled the propeller to start it.

A gust of wind turned the roaring plane straight toward a group of nearly 1,000 skaters who had gathered to watch the start.

The plane cut down with its whirling propeller Mrs. Anna Hornblan of Red Bank, who had been skating with her husband and two children. Her brother, Lawrence Conley, who leaped in front of the plane to push her to safety, lost his forearm in the whirling propeller.

Casey was arrested, charged with manslaughter, and held in \$1,500 bail.

# SHIVELY WANTS SENATORSHIP

Marion Democratic Leader Announces Candidacy.

Special to The Times.

MARTIN, Ind., Jan. 16.—Bernard Robbs Shively of this city today formally announced his candidacy for the Democratic nomination for the United States Senate. Mr. Shively is a former State Senator and sought the vote in 1920 until Thomas Taggart entered, when he withdrew. In making his announcement Mr. Shively asserted he believed a young man will win the contest this year. This is the first formal announcement by a Democratic Senatorial candidate.

# DID PAIN DISTURB YOUR SLEEP?

THE pain and torture of rheumatism can be quickly relieved by an application of Sloan's Liniment. It brings warmth, ease and comfort and lets you sleep soundly. Always have a bottle handy and apply when you feel the first twinge. It penetrates without rubbing. It's splendid to take the pain out of tired, aching muscles, the pains and strains, stiff joints, and lame backs. For forty years pain's enemy. Ask your neighbor.

INDIANAPOLIS PEOPLE SHOULD KNOW THIS

Nearly all stomach trouble is caused by retained poisonous waste matter in the system. This is also often the cause of appendicitis. The intestinal antiseptic, Adler-Lika, acts on BOTH upper and lower bowel, removing foul decaying matter which may have been poisoning the stomach and its contents. It brings out matter you never thought was in your system. Adler-Lika is EXCELLENT for gas on the stomach and chronic constipation, as well as the CAUSE. Guards against appendicitis. H. J. Huder, Druggist—Advertisement.

# GOVERNOR SAYS HELPING HAND NEED OF FALLEN

Urges Assistance to Restore Former Prisoners to Places in Society.

Former prisoners should be assisted in returning to their places in society rather than be treated as outcasts, Governor Warren T. McCray told members of the men's and women's Bible classes at the Memorial Presbyterian Church yesterday. He pointed out that many young men have become good and useful citizens after leaving correctional and penal institutions.

The average age of prisoners in the institutions of the State is continually growing less, the Governor said. He said the average age at the State farm is 21 years and that the average at the reformatory is only slightly higher. He said this fact is an indictment of society.

"Good influences about these young offenders will lessen crime," he said. "It will require all the good that the good citizens can lend to remedy the situation. I feel that if, when these young men come out of these State institutions, they can be made wards in some way of such clubs as the Rotary and Kiwanis, or come under the guidance of some religious organization, it will be easier for them. We can not permit them to go with looks of scorn and distrust cast upon them. They need all the helpful attention society can give them. The first year or two after they get out is the crucial period of their lives."

The Governor also defended the parole and indeterminate sentence systems.

NEWSBOY NOW MAYOR.

SWINDON, England, Jan. 16.—Reuben George, who began his business life as a newsboy, has been elected mayor of Swindon.

Banish Headaches Colds, La Grippe

HILL'S CASCARA QUININE

NEGLECTED Headaches and Colds are a crime against health and family welfare. Don't be a slave to winter complaints. Don't make yourself sick and endanger others by allowing Colds to run their course.

Always have Hill's Cascara Quinine Tablets handy. For Colds, Headaches and La Grippe they are best by far—quickest to act and end Colds in 24 hours. La Grippe in 3 days. Safe, dependable. No bad after effects. No "head noises." Convenient and pleasant to take.

# BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to urinate out. If you suffer with kidney ailments, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

# STORE OPEN UNTIL 9:00 SATURDAY NIGHT
