

FOREIGN DEBT REFUNDING ACT PASSED, 39 TO 25

Senate's Action Taken as 'Vote of Confidence' for Administration.

BONUS PHASE DEFEATED

WASHINGTON, Feb. 1.—The Treasury Department today prefaced its plans to undertake negotiations with foreign governments for the refunding of their \$11,000,000,000 indebtedness to the United States, following the passage of the debt bill last night by the Senate and the assurances of Republican leaders that minor changes made in the bill by that body would soon be adjusted in conference with the house.

Conferees between members of the House Ways and Means and the Senate Finance Committee probably will begin tomorrow with the expectation that the funding bill can be sent to the White House for President Harding's signature within a week.

WASHINGTON, Feb. 1.—In no uncertain terms, the Senate last night gave the Administration a "vote of confidence." It passed the foreign debt refunding bill by a vote of 39 to 25, but altering the basic provisions in the measure as requested by President Harding.

The efforts of the opponents of the measure to amend the bill to provide for the authority granted the commission proposed in the bill to refund the \$11,000,000,000 foreign debt were unsuccessful. In the course of protracted debate, many amendments were offered and defeated, while a few were accepted.

The Senate twice defeated attempts on the part of Democrats to tack the soldier "bonus" bill on the debt refunding measure. After setting aside the Simmons amendment on the "bonus" by adopting a motion to lay it on the table, the Senate rapidly disposed of a similar amendment offered by Senator Jones of Nebraska.

"BONUS" PROPOSAL DEFEATED, 42 TO 21

Mr. Jones proposed to attach the soldier "bonus" bill to the debt refunding bill, with a provision to pay the "bonus" out of the United States Treasury instead of directly out of the foreign debt. His amendment was defeated by a vote of 42 to 21. The only Republican recorded in favor of the amendment was Senator Norris of Nebraska.

The final roll call showed only three Republicans voting against the debt refunding bill. They were Senators Borah of Idaho, La Follette of Wisconsin, and Norris of Nebraska. Senator Johnson of California was not recorded. The roll call on the passage of the bill was as follows:

FOR THE BILL

Republicans—Borah, Brandegee, Baurum, Calder, Cameron, Capper, Colt, Curtis, Dillingham, Elihu, Ernest, Harlan, Fredrickson, Gooding, Hale, Harrell, Jones of Washington, Kellogg, Keyes, McCormick, McCumber, McKinley, McLean, McNary, Moses, Nelson, Odell, Page, Pepper, Poinsett, Smith, Spencer, Sterling, Sutherland, Townsend, Wadsworth, Warren, Watson of Indiana, and Willis. Total, 39.

AGAINST THE BILL

Republicans—Borah, La Follette, Norris, 3.
Democrats—Ashurst, Broussard, Carnahan, Fletcher, Glass, Harlan, Harlan, Heflin, Jones (New Mexico), King, McKellar, Myers, Overman, Pittman, Randall, Reed, Sheppard, Simmons, Stanley, Walsh (Massachusetts), Walsh (Montana), Watson (Georgia), 22.
Under the provisions of the bill as passed a commission of five members, of which the Secretary of the Treasury is chairman, is created. It is given broad authority to proceed with refunding of the \$11,000,000,000 foreign debt over a period of not more than twenty-five years at an interest rate not below 4 1/4 per cent. There is no restriction as proposed by Senator Borah of Idaho, to compel semi-annual payment of interest. Up to the last Mr. Borah, contended the bill was paving the way for ultimate cancellation of the debt.

The efforts of Senator Simmons of North Carolina, to attach the soldier "bonus" bill to the bill were summarily disposed of through a motion by Senator Watson of Indiana, to lay the amendment on the table. The action was adopted by a vote of 42 to 21. It was supported by three Republican Senators, Johnson of California, La Follette of Wisconsin, and Norris of Nebraska.

Mr. Watson made his motion after Mr. Simmons had denounced proposals to raise a "bonus" with a gasoline tax and "consumption tax." In response, Senator McCormick of North Dakota, chairman of the Finance Committee, reiterated assurances that the "bonus" bill would be passed by Congress.

With an outstanding exception, the Administration was supported throughout the consideration of numerous amendments.

Revenue Inspector Held in \$500,000 Thefts of Whisky

CHICAGO, Feb. 1.—Scott Burnett, an inspector in the Department of Internal Revenue, is under arrest here today, and, according to Chief of Detectives Michael Hughes, has confessed participation in whisky robberies estimated at \$500,000. Fourteen other men alleged to have been involved in the plot, also are in custody.

Burnett was assigned to the task of checking inventories of liquor in the homes of wealthy men. He is accused of entering into a conspiracy with thieves to rob the places to which his badge as a Federal official gained him admission.

Among the robberies attributed to Burnett and his associates is the theft of \$100,000 worth of liquor last week from the home of Maurice L. Rothschild, wealthy merchant.

ments to the bill. The exception was an amendment offered by Senator Walsh of Montana, striking from the bill the provision permitting the commission proposed in the measure "to adjust and settle any and all claims, not now represented by bonds or obligations which the United States now has or hereafter may have against any foreign government in the past or future."

It was adopted by a vote of 38 to 35. Objections to the provision was based on grounds that it gave the commission authority extending beyond the refunding of the debts contemplated in the bill.

The Simmons amendment providing that interest payments should not be postponed for more than three years without the approval of Congress, was defeated by a vote of 41 to 27. The Senate next rejected an amendment offered by Senator Jones of New Mexico, providing the accrued interest on the debt should be transformed into principal. The vote was 44 to 23.

Without a record vote, the Senate then adopted an amendment offered by Senator Walsh of Massachusetts, which provided the Secretary of the Treasury should submit to Congress a report of the results of the negotiations contemplated in the bill. The amendment does not make necessary approval by Congress of the results of the negotiations.

Mr. McCumber then offered an amendment making clear that the authority of the proposed commission did not extend beyond refunding of the foreign debt. His amendment was adopted without a roll call.—Copyright, 1922, by Public Ledger Company.

Three Cars Reported Stolen During Night

Three automobiles were reported stolen during the night according to reports made to the police early today. Two of the cars were stolen in the downtown district.

Kenneth Sanders, 3515 Balsam avenue, reported his touring car was stolen from in front of his home. Charles Demouss, Lebanon, reported that his coupe was stolen from its parking place at Illinois and Ohio streets. The touring car of Charles Hutzler, 1216 East Washington street, was stolen from its parking place at Maryland and Illinois streets.

Middle Class Lads Suffer in Germany

BERLIN, Feb. 1.—One of the minor post-war tragedies in Europe is the problem of the middle-class boy who cannot find a job suitable to his attainments and social station. Usually over-educated for the common type of manual labor, he finds himself constrained to an indefinite period of idleness or to accepting a clerical position at a small wage.

Owing to the rigidity of class distinctions, the liberal professions and genteel occupations were much overcrowded even in the days before the war.

GIRLS! LEMONS
WHITEN ROUGH
CHAPPED HANDS

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter-pint of harmless and delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerine and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy-white complexion, because it doesn't irritate.—Advertisement.

JURY MAY GET ARBUCKLE CASE LATE THURSDAY

State Opens Argument This Afternoon—Two Hours for Each Side.

SAN FRANCISCO, Feb. 1.—The fate of Roscoe (Fatty) Arbuckle will soon be in the jury's hands.

The State will open its arguments to have him found guilty of a manslaughter charge in connection with the death of Virginia Rappe at 2 p. m. today, according to present plans.

Four hours will be allotted each side for arguments. Each side will employ two attorneys. Two hours will be allowed the State for its rebuttal argument.

According to this schedule, the case will probably be in the jury's hands some time Thursday afternoon.

"If the jury renders a verdict strictly according to the evidence of what happened to Virginia Rappe in Arbuckle's room on Labor day a quick verdict of guilty will be returned," said District Attorney Brady today.

"There is no doubt that Arbuckle will be vindicated quickly by the jury," said Garvin McNab. "The State's case has completely fallen through."

"I feel certain that Monday will see Arbuckle in Los Angeles legally and morally vindicated and ready to go to work."

Objections to the provision was based on grounds that it gave the commission authority extending beyond the refunding of the debts contemplated in the bill.

The Simmons amendment providing that interest payments should not be postponed for more than three years without the approval of Congress, was defeated by a vote of 41 to 27. The Senate next rejected an amendment offered by Senator Jones of New Mexico, providing the accrued interest on the debt should be transformed into principal. The vote was 44 to 23.

Without a record vote, the Senate then adopted an amendment offered by Senator Walsh of Massachusetts, which provided the Secretary of the Treasury should submit to Congress a report of the results of the negotiations contemplated in the bill. The amendment does not make necessary approval by Congress of the results of the negotiations.

British Lords Fight Shorter Drink Period

English Peers Object to Having Their Freedom Curtailed.

LONDON, Feb. 1.—A contingent of prominent Britishers, including the following peers, Lord Inchcape, Lord Ritchie of Dundee, Lord Swaythling, Lord Balfour of Burleigh, Lord Ashfield, Lord Farington and Lord Devenport, has addressed an appeal to the licensing justice against further restriction of drinking hours sought by "pussyfooting" reformers.

A recent effort to shorten the drinking hours, closing saloons at 10 p. m. instead of 11 p. m., resulted in the movement on the part of the lords "to preserve British liberty."

"Probably never in the history of British," says the peers' appeal, "has the liberty of the individual been subjected to such rigorous limitation as at present."

"This fact in itself implies two evils, one limitation of the right of a citizen to conduct himself with freedom, which is an essential part of the character of a free citizen in a free state; two, the establishment of an arbitrary bureaucratic authority."

TWO KILLED IN RAIL COLLISION

Engineer and Fireman on B. & O. Scalded to Death.

VINCENNES, Ind., Feb. 1.—Two trainmen were killed on the Baltimore & Ohio Railroad late last night in a head-on collision of a freight and a passenger train between Nobles and Olney, Ill.

Misunderstanding of orders is said to have resulted in the wreck.

William Smalley, engineer and August Lucas, fireman of the passenger train were scalded to death when the boiler on their engine burst. Bert Chatin, another trainman, was hurt but is expected to recover. All three men lived in Washington.

It is said the passenger train was supposed to take the siding one mile west of Nobles, but that orders were garbled. The engines locked together and rolled over. Several passenger cars were derailed, but none of the passengers was injured. Smalley and Lucas were pinned under the wreckage.

Swiss Invents Muffler for Aeroplane Engines

LONDON, Feb. 1.—M. Bergers, a Swiss, has invented a "muffler" to silence aeroplane engines. He claims that his invention permits an instructor and student to talk freely when flying and allows the machine to go very low to make bombing raids.

The inventor states that the principle of his invention consists of a rapid cooling of the ejected burnt gases, resulting in a reduction of 50 per cent of the usual noises made by the exhaust.

MOTHER!

Move Child's Bowels with "California Fig Syrup"

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Beware of cheap imitations. "California" or you may get an imitation fig syrup.—Advertisement.
