

SHANK REGARDS A. J. BEVERIDGE PROPER LEADER

Says New Eliminated by His
Newberry Vote and May-
flower Trips.

Special to The Times.
GARY, Ind., Feb. 9.—Organization of a Beveridge for Senator Club was begun here last night following a meeting held at the Emerson school auditorium at which Samuel Lewis Shank, mayor of Indianapolis, was the principal speaker. Mayor Shank went after Senator Harry S. New in typical Shank style, telling him "Newberry New" and "Mayflower New" and saying the people of Indiana wanted a Senator who would look after the interest of the people and not spend his time in running around on week-end pleasure trips.

"I have talked with folks from all parts of the State and they tell me that 1922 is going to be a real battle," said Mayor Shank. "We have got a chance to put a real fighter at the head of our ticket. The Democrats are cocky. With Beveridge on the ticket we can beat them sure. This is a good year to be sure.

"If we go on the defensive we are losers. If we do carry we are licked. If we go out and carry the battle to the opposition we're sure winners. Beveridge is the man to lead the fight. He'll keep the opposition on the run from the start. He'll put the pop into the Republican workers everywhere. We need him on the ticket and we need him in the Senate.

"The folks decide the elections. The folks will back Beveridge every time. The folks are for him because he's for the folks. He's the biggest man we've got and the biggest is none too big for the Senate job."

Mayor Shank compared the records of

New and Beveridge, saying the Congressional Record bore the records of the two men. He referred to the Record, showing that Beveridge sent back checks for \$25,000 that had been turned over to him for use in his election, but said New had never done such a thing. He said New was one of the men who stood by Newberry; that the people would not stand for any such actions. "If it had been left to the folks of Indiana Newberry would never have got by. I'll bet a dollar to a flingtail doughnut on that proposition," said Mr. Shank.

TRACTION HEAD ASKS FOR BIDS

Indianapolis & Cincinnati
Line May Be Extended.

Bids for the construction of a traction line from Rushville to Cincinnati have been asked by the Indianapolis & Cincinnati Traction Company, Charles L. Henry, president of the company, has announced. The road would be about seventy miles in length and would cost approximately \$4,000,000.

The new traction line would extend from Rushville, through Andersonville, Metamora, Brookville, Harrison, Ohio, and Cincinnati. The work will begin within a short time, according to Mr. Henry, if the cost is found not to be prohibitive. The road would complete a direct traction line between Indianapolis and Cincinnati.

Oh, Girls!

LONDON, Feb. 9.—Miss Brita Benedicks, talented niece of the Swedish Minister to England, says of the modern girls: "They have nothing to talk about. They spend too much time with theaters, sport, dancing and clothes."

Gompers Pledges Backing in
Event of Strike.

WASHINGTON, Feb. 9.—The American Federation of Labor intends to support staunchly the miners should a nationwide coal strike come.

That organization holds, too, it is up to union labor to see that both railroad and mining are restored to proper functioning and properly serving the people of the country.

President Samuel Gompers of the American Federation of Labor made these points clear today in an interview with the United Press. Copyright, 1922, by United Press.
