Indianapolis—149th Motor Transport company.
11th Medical Regiment.
Marion—13th Ambulance company.
Marion—13th Ambulance company.
Indianapolis—state administrative staff.

SOVIET RUSSIA HERE TO STAY, HIBBEN STATES

Indianapolis Man Talks on
Former White Empire at
Philadelphia.

PHILADELPHIA, Feb. 13.—"The red army in Russia is equipped. The Soviet government has come to stay, but it will be hard to get that into the heads of the people who voted for Harding," exclaimed Paxton Hibben, of Indianapolis, world traveler and New York newspaper writer, in Labor Lyceum here, addressing a meeting of Russian sympathizers. He lectured on conditions in Russia as he has seen them during and since the war. "You do not realize here what is going on in Russia. Here you run about looking for a job, run from one job to another, where you get a little more money. Just like a squirrel in a cage," said Mr. Hibben, rotating both hands by way of illustration. "In Russia they have built up and are perfecting the greatest government in the world, and every peasant has a say in it. You can't break down such a government, and the Soviet government is not going to be broken down. You hear them talk about killing Lenin and Trotsky, and that they have killed each other. That Denikin gang of thieves and cut-throats set out to break down the Soviet government. They made Lenin and Trotsky the stronger. They blew up 1,000 bridges—and I wish you could have seen them as they were and see them now, every bridge has been restored by the Soviet government. "I do not know what the other nations are going to do about recognizing this wonderful achievement in Russia—they do not know themselves. But they have built a wall around that government and decided not to deal with its 150,000,000 people. But I give them six months to tear down that wall and yield to the inexorable law of supply and demand, for they must have these 150,000,000 people to trade with. "Europe today would be in a terrible shape if the Soviet government had been crushed out by that drunken, thieving cut-throat Denikin gang. They say now this will be accomplished next spring. Very well, let them try it. Lenin and

COURAGE EFFECTS HERCULE

Mary Moore, captivating actress, who suffered a broken neck, fractured skull, internal injuries and dislocated vertebrae when the motor in which she was riding met with an accident, is now on the road to recovery. Miss Moore's stamina has baffled every one in the medical profession, who say that her recovery is a miracle. She was unconscious and was in a plaster cast for thirty-two days. Miss Moore is lonesome for the stage and is eager to resume work behind the footlights.

Danny Cupid Gets 'Em All Agoin' One Day Out of 365

No Matter How Old and Hard-Boiled Saint
Val's Agent Breaks Through.

"Woof, woof," barked one of the army of modern Serooges the other day while sitting at his mahogany desk making out his income tax and growling over the increase in telephone rates, gas, "everything. There's nothing in life today but financial worry and everlasting grubbing for money, romance is dead. There's no such thing as love, it's had its day like the hoop skirt and the knee breeches—it's out a date, antiquated. Fancy any one in this day and age playing a guitar in the moonlight under the window of the bobbed haired, plucked eyebrowed damsel of today. It's the lure and the twin-silver motor car that speaks to her. It's money, jazz, automobiles, clothes or lack of 'em, bah, romance has been buried for years."

"Not years," piped a scrawny fellow from just round the corner. "Only 365 days, old top, and as the astounded Serooge raised his eyes at the sound of an alien and dissenting voice, a plump visitor coming apparently from thin air, hopped impudently on his desk, armed with a quiver of arrows.

**KNOWN AS ORIGINAL
DESIGNER OF HEART.**
"Who in heaven's name are you?" queried Serooge crossly, and whoever you are, what ya know about romance?" "Who am I? I'm a cupid, the original designer of the heart, why, what I do know about romance wouldn't cover the brain of a mosquito. Why, besides that, when it comes to archery, take it from me, I'm the boy that never misses his mark, why I let an arrow fly from the river Nile and hit old Julius Caesar, who was way up in Rome. "But the point of all this is that Romance is dead, 365 days out of the year, maybe, but that day is dedicated to it. St. Valentine's day. And it's Tuesday! About midnight this evening you'll hear the faint rustle of wings and romance will come flying into the world after his year of rest. You can't down a good saint you know and along with Saint Patrick and Saint Nick, St. Valentine for centuries has claimed his day. And each saint has his emblem, the shamrock for the Christmas tree and the heart."

"Piffle, piffle," interrupted Serooge impatiently. "Why, valentines are for children, at least nowadays, valentines are old stuff, you're behind the times Mr. Cupid, positive. Why, I remember when I was a kid I gotta—but bah, what do I care about your silly valentine chat-

Trotzki will be all the stronger. You can't kill a nation of 150,000,000 people, each one of whom has a voice in the government. Their weak point is railways, but they will remedy that in time, for they work eighteen hours a day building up this wonderful structure of government." Copyright, 1922, by Public Ledger Company.

TRI-STATE FRATS WILL MEET HERE

Governor Allen of Kansas to
Address Delegates.

Delegates from active chapters of the Delta Tau Delta fraternity in Indiana, Ohio and Michigan will meet at the Lincoln Hotel March 3 and 4 in the annual banquet. A formal ball in the Traveler's room Friday night with special features and a banquet Saturday night, at which Governor Henry Allen of Kansas will be the principal speaker, will be the chief social events of the conference. Delegates and visitors who arrive early will be entertained by a smoker by members of Beta Zeta chapter of Butler College at the chapter house, 15 South Ritter avenue, Thursday night, March 2. Governor Warren T. McCray will be the special guest of Governor Allen at the banquet. Roy West, an attorney of Chicago, will also speak. Dr. John H. Oliver of Indianapolis will be toastmaster.

25,000 New England Textile Workers Out

BOSTON, Feb. 13.—Approximately twenty-five thousand textile workers employed in mills in New Hampshire and Massachusetts went on strike today in protest against a 20 per cent wage reduction. Reports from New Hampshire indicated the strike was 100 per cent effective there.

KILTIES BAND WILL BE AUTO SHOW FEATURE

Novel Basket to Contain Musicians, Thus Keeping Rail Birds Away.

SPACE IS ALL TAKEN

Two distinct innovations in the musical line for the State automobile show, to be held March 6 to 11, have been arranged by John B. Orman, show manager—one in the music itself and the other in the "basket" or "container" for the players, according to his statement today.

First, the players themselves. The engagement of the Canadian Klitties Band of Toronto, under the direction of T. P. J. Powers, is announced. This band of musicians is composed of twenty-five men and will appear in full Scotch Highland regiments at all concerts. Many of the musicians are veterans of the World War and they are on a concert tour that will include practically every State in the Union.

The "container" referred to may as well be called a band-stand, but it will be something different in that line, according to Mr. Orman. Heretofore it is pointed out, the musicians have been caged in an inclosure on the main floor level, but this plan served to attract a crowd of hangers-on and rail birds which annoyed the players and also caused congestion around many of the nearby exhibits on the auto show floor.

The new band stand will be suspended from the girders of the roof from the west end of the main pavilion. It is to be of steel and will be of ample size to accommodate a band of thirty or more pieces if necessary. The steel work for the new band stand is now being fabricated and the erecutors will put it in position within a short time.

Display space for the show now is practically all taken. Late comers are met with Orman's murmured words: "There isn't any more." The show manager announces allocation of motor vehicle display space will be made in a drawing to be held in the association's office, 238 North Delaware street, Wednesday night, Mr. Orman states the shop work on the decorations for the show is now completed by Edgerton & Co. and they will have a force of men at work in a day or two installing the thousands of yards of material necessary to swathe the interior of the big auto show building.

**MAIVE AND GOLD
IS COLOR SCHEME.**
The show colors this year will be mauve and gold, he stated. "It won't be mauve or gold, either," he asserted, "but hand-painted effects in cloth. In addition we are rebuilding and elaborating the lighting system so the illumination will be twice that of any previous show."

"Thus, with a band of real musicians, more beautiful decorations and more brilliant illumination than ever before, we can assure automobile fans of Hoosierdom the most elaborate exhibition yet."

**"Cascarets" 10c
For Headache,
Liver, Bowels**

No gripping or inconvenience follows a thorough purge and cleansing with Cascarets. Sick headache, biliousness, gases, indigestion, sour, upset stomach, and all such distress gone by morning. Nerves, phlegm, mucus, and all such things cleared out. A box. Taste like candy.—Advertisement.

SPRING DEBILITY
Loss of Appetite, That Tired Feeling and Sometimes Eruptions.
Thousands take Hood's Sarsaparilla as a spring medicine for that tired, feeling, nervous weakness, impure blood, and say it makes them feel better, eat and sleep better, and "makes food taste good."

Spring debility is a condition in which blood is especially hard to combat disease germs, which invade the system here, there and everywhere, and cause all other complaints: rheumatism, catarrh and rheumatism. It has given satisfaction to three generations. Get it today, and for a laxative take Hood's Pills.—Advertisement.

GUARD YOURSELF AGAINST THE FLU

Follow Rules of Self Protection—
Keep The Nose and Throat
Antiseptic.

Guard yourself and others against influenza. Avoid crowds. Sleep with your bedroom window open. At the first sign of a cold, fever, sore throat or that grip feeling consult a doctor.

But, above all, try to keep your nose and throat protected day and night by an antiseptic cream. Pin germs are literally breathed into your system. An antiseptic cream is used to keep the germs from lodging in your nose or throat.

For this purpose get from your druggist at once a bottle of Ely's Cream Balm. Insert a little into the nostrils and draw it through all of the air passages so it reaches the throat.

Do this as often as may be required to keep nose and throat antiseptic. Do it the last thing at night and first thing in the morning until the flu epidemic has passed.

Head colds and catarrh yield like magic to this antiseptic healing cream that soothes swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you can breathe freely. Don't stay stuffed up and miserable.—Advertisement.

we ever have staged. The members of the trade association also are going to an unprecedented expense in the use of printers' ink. For the first time, this year's show will be advertised with full pages in all the Indianapolis newspapers. The stands of "circus" posters now displayed about the city represent a greater use of billboards than any circus, or greater than all the theaters in Indianapolis combined.

"In short, the automobile trade, despite the gloomy past, is making the gamest fight in its history, based on the faith that the industry is facing a real revival, and this revival will lead a general business revival this spring. For one thing, the public's mind is now easier as to prices, which are at pre-war levels in most cases. All the slashes have been made and the market is stabilized. The lowest price abn. What we need now is a concerted effort on the part of the people of Indianapolis to attend this display and show appreciation of our efforts."

BRYAN HEADED FOR U. S. SENATE

Leader May Seek Place of
Senator Trammell.

WASHINGTON, Feb. 13.—Announcement of William J. Bryan's candidacy for the United States Senate is expected by his friends in Washington. It was made known today.

Bryan is expected to seek the seat now occupied by Senator Park Trammell of Florida. Trammell, a Democrat, is completing his first term and will seek re-nomination and re-election.

Though Bryan is regarded as a Ne-braskan he will acquire citizenship in Florida in April.

By that time he will have complied with the law requiring one year's residence in the State as a prerequisite to voting.

For many years Bryan's chief ambition has been the Senate. He has always preferred it even to the presidency, because of the usual freedom of action it offers. But, as a Nebraskan, Bryan could not take the Democratic nomination for the Senate because the Nebraska democracy was about as "wet" as Bryan was "dry."

Why Stay Fat? You Can Reduce

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. Mar-cialla Prescription Tablets overcome all these difficulties. They are absolutely harmless, entail no dieting or exercise, and have the added advantage of cheap-ness. A case is sold at one dollar by all druggists the world over, or send the price direct to The Marcialla Co., 4612 Woodward Ave., Detroit, Mich. Now that you have this, you have no excuse for being fat, but can reduce steadily and easily without going through long, slow, tiresome exercise and starvation diet or fear of bad effects.—Advertisement.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if
Back hurts or Bladder
bothers.

We are a Nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the uric acid, so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Advertisement.

HEALTH WORN TO A FRAZZLE

Texas Lady Suffered from Womanly
Weakness, Pains and Aches;
Says She Took Cardui
and Got Well.

Dayton, Texas.—Mrs. E. H. Weidel, of this city, writes that she has, for a long time, known of the value of Cardui from personal experience. "I don't know where I would be had it not been for Cardui, for it made a new woman out of me," says Mrs. Weidel.

Briefly describing the symptoms of the troubles for which she took Cardui, Mrs. Weidel writes:

"I was haggard, pale—worn to a frazzle all the time.

"My health was wretched. I had womanly weakness, painful . . . pains and aches.

"I heard of Cardui, and decided to use it.

"Cardui built me up. I grew well—like another woman—hence the praise I give it. Cardui is the best medicine I ever saw in my life."

Cardui, which this Texas lady found so helpful, is a purely vegetable, medicinal tonic.

For more than forty years, Cardui has been taken by thousands and thousands of women everywhere, and praised by them for the beneficial results obtained from its use. If you are a woman, and suffer as many women do—

Take Cardui!

Ask your druggist. He sells Cardui, the woman's tonic, and can supply you.—Advertisement.

WOULD DEPORT ALIENS AFTER GRACE PERIOD

Nephew of Lloyd George Ad-dresses Big Meeting on
Democracy.

Foreigners coming to this country either should become citizens or get out, was the opinion expressed by Arthur Walwyn Evans, nephew of Lloyd George, prime minister of England, in an address at the Big Meeting at English's yesterday. Speaking on "What America Means to Me in the Light of World Conditions," he said:

"We should have a law in this country which would permit a man to live here a reasonable length of time, and when that time had expired he should become a citizen or get out.

"I am an American citizen because of democracy. But democracy never will be anything more than you are I am. We are the body and soul of democracy."

Turning his attention to the crime wave and its causes, the speaker said: "Most of the crime is committed by young men and women under 25 years of age in this safe country of ours. There is no use pointing to aliens and trying to blame it on them. There is something wrong with our system and our institutions, too much reckless disregard for discipline. I do not need an orator to remind me of our American liberty."

"We must get more sense of dignity and discipline in our American home. We have the notion discipline is slavery. Too much freedom and too much liberty mean no freedom and no liberty. That is the danger."

For many years Bryan's chief ambition has been the Senate. He has always preferred it even to the presidency, because of the usual freedom of action it offers. But, as a Nebraskan, Bryan could not take the Democratic nomination for the Senate because the Nebraska democracy was about as "wet" as Bryan was "dry."

the reason John Barleycorn is out of business and down and out. Children are not getting discipline in the homes as they should. Too many parents are forgetting their responsibility of married life. And even in our schools we have had instances of pupils walking out on a strike because they did not happen to like a teacher."

PIUS XI BEGINS REIGN AS POPE

Thousands at Coronation on
Sunday—New Pontiff
Deeply Touched.

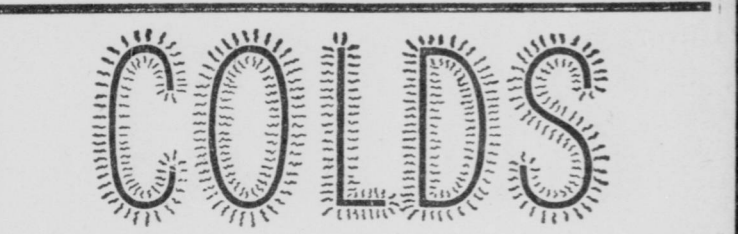

ROME, Feb. 13.—Pope Pius XI, whose pontificate dates officially from the time of his coronation, today assumed for-

mally the duties of Supreme Pontiff of the Roman Catholic Church. The spontaneous tributes of affection and reverence which accompanied the brilliant coronation ceremonies Sunday made it evident that no Pope in the past century has begun his high duties under more auspicious circumstances than the present occupant of the chair of St. Peter.

Pope Pius XI was deeply touched by the evidences of devotion which marked the whole of Sunday. He spoke with deep feeling of the manifestations of "his children" in the great square of St. Peter, flanking the Vatican.

Sixty thousand persons witnessed the coronation rites in St. Peter's Cathedral, while nearly two hundred thousand waited outside for the pontifical blessing.

MUTE RUNS AWAY FROM SCHOOL.
The police were looking today for Philip Miller, 15, an inmate of the Indiana School for the Deaf, who ran away from the school yesterday. The boy's home is in Marion.

"Pape's Cold Compound" is Quickest Relief Known

Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery. The first dose opens clogged-up nostrils and air passages of head; stops nose running; relieves headache, dullness, feverishness, sneezing.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist upon Pape's—Advertisement.
