

MARION COUNTY FRIENDS OF NEW NOW ORGANIZED

Speakers Ask Support for Senator on Grounds of Patriotism.

HAS FAVORED WOMEN

With demands for support on patriotic grounds the Marion County campaign of Senator Harry S. New for the Republican nomination for the United States Senate was launched last night at a meeting in the Criminal Court room.

BOOKWALTER SPEAKS.

The first speaker and the chairman of the meeting was Charles A. Bookwalter, Senator New's Marion County manager.

Mr. Bookwalter declared that Senator New during the war "ranked patriotism in favor of patriotism," and declared he had "no patience with a man who was not for the successful prosecution of the war without question."

"We need more Republicans and fewer individualists in the Senate," Mr. Bookwalter said.

"Indiana wants no Borah, no La Follette in the Senate. Indiana wants a man who is a Republican and will support a Republican President. It does not want a brevet Republican."

HENRY LANE WILSON'S LETTER.

Mr. Bookwalter then proceeded to read a letter from Henry Lane Wilson, former ambassador to Mexico, in which Mr. Wilson called attention to Senator New's record for patriotism and to the "unwritten law" that Senators should be nominated to succeed themselves.

Following the reading of the letter W. P. Pittsford moved that a club be organized. The motion was adopted and Dr. Clark, who headed the Lilly Base Hospital No. 32 during the war, was unanimously named chairman.

Dr. Clark told of Senator New's record during the war and gave him the responsibility for the fact that the Lilly Hospital was the health unit of its kind out of 200 to arrive overseas.

Claris Adams, former prosecuting attorney, demanded to know whether Mr. Beveridge would have voted for the war and whether he would vote against the ratification of the peace treaty. He spoke at length and highly praised the patriotic record of Senator New.

SPANISH-AMERICAN WAR RECORD.

Mrs. Harry Miller spoke of Senator New's patriotic record in the Spanish-American war and how he saw to it that negro captains instead of white captains commanded negro companies in that war.

Dr. Nathan Ward, negro, and veteran of the World War, spoke highly of Senator New's war record and of what he had done for the negro soldiers.

John A. Royle, an ex-service man, also praised the Senator's war record and told what he had done for the soldiers.

"We are not for anyone we did not hear much of during the war," he said.

Miss Eleanor P. Barker, head of the organization of women in Indiana in behalf of Senator New, brought the first new note into the meeting when she told of what Senator New had done for women, particularly in relation to the suffrage and prohibition amendments and the Shepherd-Towner maternity bill.

This talk ended the speaking and the announcement was made that Henry A. Fanner will be secretary of the club and Kelly C. Adams will be treasurer.

STOMACH UPSET? Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.—Advertisement.

STUDENTS WILL VISIT HARDING NEXT MONDAY

Representatives From 250 Colleges Working in Behalf of Peace.

Special to Indiana Daily Times and Philadelphia Public Ledger.

By CONSTANCE DREXEL.

WASHINGTON, Feb. 16.—Interest in the Washington conference among the college students are going to be heard from, as both President Harding and ex-President Wilson are being asked to receive deputations from the national student committee, representing 250 male and female colleges of the country.

President Harding already has agreed to see them next Monday at 1 o'clock, but no reply has yet been received from Mr. Wilson. All arrangements for the interviews are in charge of Charles Denby, Jr., a Princeton student. He is a nephew of the Secretary of the Navy and is here for the midyear vacation.

College girls will be represented in the delegation by Miss Elizabeth Vincent of Yassar, who represents the Eastern section of the country, and Miss Eleanor Phelps of Barnard, representing New York State.

The purpose of the visit to the President will be to present resolutions which have been gathered from among the 250 colleges represented in the National Student Committee in support of the Washington conference and urging sustained efforts of the United States Government for continued reduction of armaments. Mr. Denby said today many of the resolutions also advocated going into the Geneva conference and some of them into the League of Nations.

The National Student Committee for the limitation of armaments (which has now been reduced to the three-word appellation originated at Princeton at a conference in November of eastern colleges, and was developed at Chicago to include the universities and colleges of the entire country.)

They have no intention of dropping their organization, it seems, with the close of the conference, but propose to keep it up, so that colleges may be kept in closer touch with current events of the day.

MRS. HATFIELD SABINA, OHIO

In Pitiable Condition When She Began Taking Lydia E. Pinkham's Vegetable Compound

Sabina, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound for my weakness and irregularity. I was weak and nervous and could hardly stand on my feet for long enough to cook a meal. I was this way for about a year and had tried several medicines and had a physician, but to no avail. My sister was taking your medicine and finally induced me to try it. I now feel fine and can do my housework without any trouble at all. You can use this letter for the sake of others if you wish."—Mrs. WEDDON G. HATFIELD, R. R. 3, Sabina, Ohio.

Housewives make a great mistake in allowing themselves to become so weak and nervous that it is well-nigh impossible for them to attend to their necessary household duties.

Lydia E. Pinkham's Vegetable Compound should be taken when you first notice such symptoms as nervousness, backache, weakness and irregularity. It will help you and prevent more serious trouble.

world importance. Women's colleges are also seeking light. Mrs. Thomas G. Winter, one of the four women advisory delegates, and herself a Wellesley graduate, left Washington tonight to give an address on the conference at Wellesley, Smith and Mount Holyoke colleges.

American colleges did their bit to win the war. They are now ready to do their bit to win peace and aid in reconstruction of the world.

The reorganization scheme of government departments is still in the hands of the President, as Cabinet members are still at odds over some of the changes urged in Walter P. Brown's report.

However, the Congressional reorganization committee, of which he was chairman, has been advised that the report would soon be in their hands, and then it is expected public hearings will be held in Congress. Of course, the plan will have to be embodied into legislation and nothing is being watched with greater interest by the Women's Joint Congressional Committee which will meet next Saturday, because women's organizations have been deeply concerned for many years in giving the subject of education greater emphasis in the national Government.

They also are watching the development of a new department of public welfare. It is still asserted the report in the President's hands will combine the two—a compromise which is expected to win support of women's organizations.—Copyright, 1922, by Public Ledger Company.
