### HAZARDING FOES SAY SOLDIERS MUST BE FIRST

Opponents of Ship Bonus in Congress Announce Slogan.

WASHINGTON, March 1.—"No bonus for the shipping interests until after the soldiers get their bonus."

This was seized upon as a slogan today by opponents in Congress of President Harding's plan for a direct aid of \$30,000,000 a year to American ship operators.

However, sentiment in both Houses showed the President by his address to Congress yesterday submitting a definite and comprehensive subsidy program had broken down to an unexpected degree the long standing opposition to such a measure.

President Harding has thrown down the gauntlet to Congress by virtually declaring the subsidy program is "the last and only chance" to save the American Merchant Marine. Leaders of both parties admit it would be unwise to continue the present plan of having a deficit of hundreds of millions piling up through continued shipping board operation of the marine. What to do with the large number of Government ships, unless the bill is passed, is a difficult problem.

Opponents of the subsidy will attack it on the ground the Federal Government should not give money to private interests. They also will attack an apparent plan of the subsidy advocates to make it appear that the subsidy will not take money directly out of the Treasury. The subsidy program calls for a diversion of customs receipts to a revolving fund to be given the ship operators. This it is claimed, is in reality a direct expenditure from the Treasury because otherwise all receipts go into the Treasury.

Efforts will be made by the Shipping Board to rush the program so it may dispose of all its ships. Should the bill be passed, the shipping organization would have to be maintained to administer it. Senator Borah will lead the fight against the measure in the Senate.

"I don't think this is the time for a bonus or subsidy," he says.

## CALL ISSUED FOR CONVENTION

Illinois Republicans to Meet April 21.

CHICAGO, March 1.—A call for the State convention to be held at Springfield, April 21, has been issued by the Republican State central committee.

The basis of representation will be one delegate for every 800 votes cast for Governor in 1920.

About 1,400 delegates will sit in the convention under the new apportionment plan.

They will nominate university trustee candidates who are the only State-wide officers exempt from the operation of the primary law. A Republican platform will also be adopted.

## 10 TRAFFICMEN BACK ON BEATS

(Continued From Page One.)

Fisher, and Muri R. Pollock, were appointed patrolmen. Patrolman Joseph Stephens was recommended to the police pension fund trustees for retirement.

Mae Rupert was re-instated as police woman, subject to physical examination. The promotion of Battalion Chief Blackwell to first assistant chief of the fire department comes as the result of passage by the city council on Feb. 20 of an ordinance creating the position. This gives the department two motorcycle officers, Simon C. Hoyt holding the other. The promotion carries an increase in salary from \$2,700 to \$3,000 for Blackwell. Two first assistant chiefs are necessary in order that each may be in command of each platoon.

H. A. Williams and William Goodwin are appointed substitute firemen. The resignation of Fireman Howard R. Ten Broeck was accepted.

**OFFICERS TRIED ON CHARGES.**

Motorcycle Officer George Melton was tried on a charge of taking money from a citizen whose automobile had spilled a police motorcycle in which he was riding. The testimony was that Melton accepted \$5 for torn clothing and medicine. The accident happened in December.

Motorcycle Officer H. M. Brooks, and Trafficman Charles Morley, were tried on charges of neglect of duty, and their cases taken under advisement until next week. They were charged with allowing a citizen to ride in a police motorcycle side car and failing to report an accident they had while so doing.

Fire Chief John J. O'Brien reported there were a total of 1,100 alarms answered by the fire department during January and February, 845 of which were caused either by wooden roofs or burning dunes. Under proper care by citizens and law making agencies, these fires could have been prevented and the department left with only 354 alarms in its hands, the chief said. He pointed to the figures as concrete evidence for the need of passage of an anti-wooden roof ordinance in Indianapolis.

February building activities in Indianapolis far outstripped those of the same month in 1921, Building Commissioner Hamilton reported. He said 176 permits for construction valued at \$1,170,385 last month, as compared with 122 permits for building worth \$617,834 in February, 1921.

During the week ending Feb. 25 there were issued 153 permits valued at \$288,969.

**Prosecutor Fights Governor's Demand**

OKMULGEE, Okla., March 1.—County Attorney James Hepburn, prosecuting in the grand jury investigation here of Oklahoma's alleged bank failure scandal, today stood pat in the face of Governor Robertson's demand that the State executive be allowed to testify before the jury.

"I do not intend to permit the Governor to sever me from the ordinary course of law laid out for grand jury procedure, and I have been unable to find any law permitting a person under investigation to testify before a grand jury," Hepburn said.

**Seven Bottles in a Woman's Chest!**

Yoho and \$100 Fine!

SAN FRANCISCO, March 1.—Mrs. Elizabeth Stephens, 77 of Juneau, Alaska, widely known suffragist and a delegate from Alaska to the Democratic national convention in 1920, today paid \$100 fine because of an odor.

The "aroma" arose from a trunk packed with lingerie and other feminine dainties. Dry sleuths detected the odor, opened the trunk, found seven bottles of a Scotch liquid, including one broken, and arrested Mrs. Stephens for violation of the Volstead act.

She pleaded guilty and Federal Judge Doelger assessed the fine.

## STATE BOARD GRANTS ENGLISH AVE. BOND ISSUE

Authorizes Construction of Link Joining With Brookville Road.

A bond issue of \$70,000 for the construction of English avenue from South-eastern avenue to the Brookville road was authorized by the State board of tax commissioners today. The case was taken before the tax commissioners on appeal. The original order was for \$100,000 in bonds, but the county commissioners have advertised only \$70,000 and it is understood the order is satisfactory to them.

The construction of the road was advocated by the board of tax commissioners who desired an outlet from the city to the Wilmer Christian Park, recently presented to the city.

## Price War on Fish Marks Lent Opening

The Lenten season was ushered in yesterday with a price war on fish and sea foods in Indianapolis, with the result fish will sell today for prices which will put the delicacies within reach of the modest purse.

A car load of fish will be placed on sale this morning by the Willis Fish and Oyster Company, 337 East Market street, at prices of 10 and 12 1/2 cents a pound. The entire car load was caught through the ice in Canadian lakes, and was delivered here packed in snow. Fancy white fish, round lake pickerel, round W. C. mullets and dressed lake superior bluefish will be sold for 10 cents a pound. Ten thousand pounds of winter caught yellow perch will be offered at 12 1/2 cents a pound.

An outside company has entered the Indianapolis market, selling whole fish direct from railroad cars at about 15 cents a pound.

**Omaha Students Mix as Result of Game**

OMAHA, Neb., March 1.—Reports of a number of students would be expelled were current today, following a riotous night, participated in by 800 students, 200 of them girls. The demonstration climaxed the defeat of the Commerce High School basketball team at the hands of Central High.

General street fighting broke out. Brick were hurled and several windows in downtown buildings were broken. Two boys were injured seriously before the emergency police squad arrived and quelled the outbreak.

## Sanders for Senator

JESSE A. SANDERS.

The latest candidate for the Democratic nomination for the United States Senate is Dr. Jesse A. Sanders of Garrett. Dr. Sanders is an ex-service man, having served as a lieutenant in the Medical Corps in the World War. He was graduated from Indiana University in 1911 and from Vanderbilt University, Nashville, Tenn., two years later. He has been practicing medicine in Garrett. He is expected to make an appeal to the farm and labor element.

## MORE BROKERS SHUT UP SHOPS

Three Additional Ones to Suspend Makes Total 28 Since Feb. 1.

NEW YORK, March 1.—Three more brokers announced suspension of business today, bringing to twenty-eight the number of brokerage houses to close since Feb. 1.

Walter J. Schmidt & Co., announced in order to conserve the interests of all our customers and creditors during the period of uneasiness we have deemed it necessary to announce our suspension from business at this time.

The other firms to close were Hall & Co., and Howell & Watts.

## SHOPLIFTING GAINS.

NEW YORK, March 1.—Instead of shoplifting decreasing after the holidays, it is steadily increasing, according to secret reports made by local department stores.

## MOTHER!

Open Child's Bowels with "California Fig Syrup"

Grippe, Influenza and treacherous Pneumonia all start with a cold, so guard against these dangers before your cold gets deeply seated.

At the first sign of a cold (which is just congestion) bring your circulation back to normal by rubbing Musterole on your throat, chest and back. Musterole is a counter irritant which warms up the body quickly and sets the blood surging through the congested parts.

Remember the good old-fashioned mustard plaster that was grandmother's standby? Musterole has all of the good qualities of that messy old mustard plaster without the sting and blister.

Made of pure oil of mustard, camphor, menthol and other simple ingredients, it penetrates the pores and goes straight to the seat of trouble.

During the "Flu" epidemic several years ago, Musterole was used in our army training camps and the U. S. C. A. War Board sent thousands of jars to our soldiers in France.

## ARREST FIVE IN ROANOKE ST. FOR VAGRANCY

Police Get Reports Whites and Negroes Meet at Place.

On a report that white women were going there with negro men, motor policemen raided a house at 417 Roanoke street last night. They arrested a white woman, two white men and a negro and his wife on vagrancy charges. Those held were Mrs. Zelma Anthony, 23, 1105 Washington street and Marshall Hill, 23, all white, and Levi Watkins, 28, and his wife, Hattie, 25, negroes.

When she insisted that if her husband was arrested she should be taken to headquarters also, Mrs. Harry German was slated for assault and battery with German. The police said they were told Mrs. German started to call the police and German, who runs a restaurant at 2035 West Washington street, struck her. A telephone operator sent the alarm on to police headquarters.

Detectives are working on a theory that Earl Goldie, 21, negro, who was found with a bullet in his right shoulder at his home, 683 1/2 West North street Monday night, is the negro youth whom a "night rider" squad had a revolver battle at Sellers farm last week. Goldie told the police he had shot himself in a dream. City hospital physicians say that the wound appears to be several days old. The bullet is to be removed in an operation and compared with the negro claims he injured himself. If the bullet does not correspond the police probe will go deeper.

## BODY OF MOORE BROUGHT HERE

Knights Templar to Conduct Funeral Rites.

The body of A. W. Moore, formerly a bridge and building contractor of Indianapolis, who died at the home of his son, W. M. Moore, in Ft. Worth, Texas, Sunday evening, was brought here last night. The funeral will be held tomorrow afternoon under the auspices of the Knights Templar.

Mr. Moore, who lived at 3339 Park avenue, is survived by a wife and one son. He was born Jan. 20, 1858 and had lived here practically all of his life. He was a member of Oriental Lodge, No. 600; Keystone Lodge, No. 6, R. A. M.; Murat Temple, Rappahannock, and was a charter member of the Marion Club.

Mr. Moore constructed the College and Northwestern avenue bridges over Fall Creek. He retired from active business about eight years ago.

## GRAFT IN GREECE.

ATHENS, Greece, March 1.—Graft in ammunition working is believed to have caused the fatal shell explosion on the Greek destroyer Leon and a rigid investigation is now in progress.

## Take Care of Your Cold

Guard against Grippe, "Flu" and Pneumonia—Rub Musterole on Throat, Chest and Back

If you are feverish, if you ache all over, rub on good old Musterole, take a hot bath, drink plenty of hot water and go to bed and call your doctor. Keep good and warm and see that there is plenty of fresh air in your room.

Musterole has been used for years and is recommended by doctors for Sore Throat, Pleurisy, Headache, Neuralgia, Croup, Lumbago, Grippe, "Flu" and Pneumonia. Apply the healing ointment with your finger tips, rubbing it gently into the affected parts. First you will experience a warm tingling glow, then a refreshing, cooling sensation. Thousands of families keep Musterole always on their bathroom shelf ready for colds and other emergencies.

All druggists, 35c and 65c, jars and tubes. Hospital size, \$3.00.

## COMMONWEALTH OF NATIONS IS IDEA OF BRITAIN

With Egypt Free, Only India Remains Under Old Imperial Rule.

By J. W. T. MASON.

Written for the United Press.

NEW YORK, March 1.—A Federal commonwealth of nations rapidly is replacing the British Empire.

The announcement of freedom is to be given to Egypt following a closely planned revolution. The new commonwealth of nations is the only part of Greater Britain held by the old principles of imperialism. Plans are being considered for extending competitive domestic autonomy to India.

When that is accomplished, the British Empire will have undergone an entire change of form, as a result of the war. This historic metamorphosis taking place in the eyes of the world began when the British colonies were admitted to the Paris peace conference on an equality with nations.

The grant of self-government to Egypt, which has not been free since the downfall of Cleopatra's kingdom, is the latest step in the evolutionary process.

## Seek Booze Boat Riddled by Shots

NEW YORK, March 1.—A bullet-riddled motor boat in which rum smugglers are alleged to have carried thirty cases of liquor from the United Fruit Liner Pastora, is being sought all along the water front today. More than seventy-five shots were fired by customs men while pursuing the fugitive craft. Subsequently three men were arrested on the Pastora, but it was said they were not members of the crew. They were charged with plotting to smuggle liquor into the United States.

## GIRLS! LEMONS

WHITEN ROUGH CHAPPED HANDS

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any rum smuggler will supply for a few cents, shake well, and you have a quarter-pint of harmless and delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerin and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy-white complexion, because it doesn't irritate. —Advertisement.
