

WHITE PLAGUE VICTIMS URGED TO STAY HERE

Tuberculosis Association Issues Warning to 'Climate' Seekers.

The Marion County Tuberculosis Association has launched a movement to educate the citizens of Indianapolis and Marion County to the dangers that surround the tuberculosis patient, who seeks in another State, without sufficient means to remain in the new climate for several years.

The association is sending out thousands of pamphlets on "Why the Tuberculosis Patient Should Stay Home." Through the Employment Association this pamphlet is being placed in the hands of hundreds of manufacturers and other employers of labor. More than four hundred have been distributed to clubs, civic organizations, labor groups, lodges, parent-teachers clubs and other bodies through the health chairman that represent each of these organizations in the local tuberculosis association.

Ministers of the city also are receiving the pamphlets with requests they pass along the instruction concerning the migratory temptations.

"Occasionally a person with tuberculosis goes West and is cured," the pamphlet says. "Frequently persons with tuberculosis remain at home and recover. Tuberculosis can be cured in Illinois, Indiana and Ohio, just as in Colorado, New Mexico and California. Sanatoria in Chicago, New York, Pittsburgh, Indianapolis and other cities, in every section of the United States, show beneficial results, just as do the institutions in the Far West and Southwest."

The pamphlet goes on to relate how persons suffering from tuberculosis from their home surroundings, without adequate capital to carry them through long convalescent periods in distant States rarely avoid suffering and lack of cure. Examples of how persons seeking the Western climates have been unable to obtain employment are numerous in the hands of the tuberculosis associations of the country, according to officers of the local association and a warning is to be issued throughout Indianapolis and Marion County in an effort to educate the public to the fact adequate finances always are necessary before the migration of the tuberculosis patient should be undertaken.

DRIVE STARTED FOR WAGE CUT

Railroads Attempt to Take Off Remainder of Wartime Raise.

CHICAGO, March 6.—Railroads today began a drive to bring down wages of their employees, when hearings on applications for wage reductions by almost every rail transportation system in the country were begun by the United States Railway Labor board. Nearly all classes of employees are included in some form of the hearings except the "big four" brotherhoods and the switchmen, who are negotiating directly with the roads. The railroads are endeavoring to take away the remainder of the increase given two years ago. The last cut allowed by the labor board took away a large part of this increase.

Representatives of the employees were on hand as the hearings opened to make vigorous fight against the reduction of wages. R. M. Jewell, head of the railway employees department of the American Federation of Labor, whose membership chiefly is affected, and Attorney Frank P. Walsh will handle the case for the employees.

Says Christians Could Save City

A hundred thousand people in Indianapolis—one-third the population—are professed Christians and they "could save Indianapolis in six months if every one were living as he should," declared Matt. E. P. Hites at Caddis tavern Sunday afternoon. He declared that poverty is not the chief ill of mankind, but rather lack of the gospel. "Feed and clothe a man and you have but helped him temporarily, but lead him to salvation while you feed and clothe him and you have solved his problems both here and hereafter," he said. Miss Edith Dearman sang the old revival hymn, "I Want to be There, Don't You?" The Glee Club sang. Evangelist Paul Rader of Chicago will begin a revival campaign at the tabernacle about May 21 and Gen. Ballington Booth, commander-in-chief of the Volunteers of America, will speak twice on March 12.

Reformed Church to Erect New Edifice

The Rev. G. H. Gebhardt announced at the Central Avenue Reformed Church Sunday the home mission board of the Reformed Church in the United States has purchased two lots on the north-east corner of Carrollton avenue and Forty-fourth street as a site for a new Reformed Church. The purchase was made after residents of the vicinity had expressed a desire for the establishment of the church. The board will build a temporary structure on the lots in a few weeks, the Rev. Mr. Gebhardt said.

COPS CONDUCT SERIES OF RAIDS AT END OF WEEK

Several Women Among Those Arrested to Face Statutory Charges.

A series of raids during the week end by the police resulted in numerous arrests of men and women on various charges, including blind tiger operations and gaming.

Four women and one man were arrested in a raid on a West Michigan street. Mrs. Ella O'Dell was charged with keeping a resort. The other three women gave their names as Edith Conover, Helen Arnold and Ruth Clarke, and a man found at the Michigan street house gave his name as Joe Brandel of Richmond.

Six men were arrested Saturday when Sergt. Fred Winkler and a squad walked into a dry drink establishment at 162 East Ohio street. The police obtained fifty cents and a pair of dice as evidence.

William Green, 1623 Ludlow avenue, is charged with being the keeper. The others arrested are Charles Simas, 430 East Ohio street; John Binehart, 810 North Oriental street; Sam Todd, 1033 North Alabama street; Harry Jacks, 1038 South Meridian street; and Archie Canoe, 434 East Michigan street.

Peter Prampel and Nick Dragano are under arrest on charges of operating a blind tiger. The police raided their home at 38 North West street and found a small supply of white mule whiskey. Three persons were arrested in a raid at 430 West Wabash street. Florence Penn, negro, was charged with keeping a resort. Minnie Wright, negro, and Bruce Galtner, negro, were arrested on statutory charges. Two police in plain clothes were passing the house when the woman motioned for them to come in, not knowing they were policemen.

Alie Wildofsky, 924 Union street, is under arrest on the charge of operating a blind tiger. Sergeant Gillespie's squad of raiders also found fifty gallons of whiskey at the Union street house.

Robert Marshall, 38, 225 North West street, was arrested by Patrolman Thompson on the charge of operating a blind tiger. The officer said he found a small quantity of white mule whiskey in Marshall's possession.

GRAIN GROWERS LAUNCH AGENCY

Indianapolis Will Be One Market Center.

CHICAGO, March 6.—The United States Grain Growers Sales Agency has been organized as a subsidiary of the United States Grain Growers, Inc., to handle grain under the pool plan, according to an announcement here today.

Operation of the new organization will begin at once in Chicago, Kansas City, Omaha, Indianapolis and Minneapolis markets.

All grain contracted with the United States Grain Growers, Inc., by 50,000 farmers in the Midwest to date, representing a bushelage in excess of 110,000,000 to be marketed each year, will be handled through the subsidiary selling company, officials announced.

SHANK MAKES THRUST AT NEW IN 'BONUS' TALK

Says if Senator Would Work for Bill as for Re-election It Would Pass.

"If Senator Harry S. New would figure as hard on how the Government might pay this 'bonus' as he is figuring on how he will be re-elected, the 'bonus' bill would have been passed long ago," declared Mayor Samuel Lewis Shank at a mass meeting to boost the adjusted compensation measure pending in Congress held in Tomlinson Hall Sunday afternoon under the auspices of the Veterans of Foreign Wars. Approximately 5,000 ex-servicemen, their friends and relatives attended.

Upon suggestion of the mayor it was decided to appoint a committee to interview each congressional candidate in Indiana upon his views as to a 'bonus' before the primary election. A downtown parade preceded the demonstration.

Judge Arthur R. Robinson of Superior Court, Room 4, declared that America is rich enough to pay her defenders a cash "bonus" without feeling the cost, and that foreign nations who owe the United States huge sums have compensated their soldiers since the war.

"A nation that will not take care of her defenders that way cannot give money to soldiers to defend her," said Judge Robinson. "I want the time never to come when historians shall write about the rise and fall of the great American Republic. We must be just to the Nation's defenders, so that those who come after us will know that the Nation will be just to them."

Judge Delbert O. Wilmett of city court explained the meaning of the "bonus" bill and the proposal of certain legislators that a non-cash certificate plan be substituted.

Albert Stump resented "the four-in-a-platoon" that "cannot give money to the ordinary soldier because it will ruin him."

"These ordinary soldiers are your sons, husbands and brothers," he said. "They are just ordinary citizens who believed in their country enough to fight for it."

Copies of a resolution urging the immediate need of a cash settlement upon ex-servicemen was adopted and ordered sent to President Harding, Vice President Coolidge, Speaker Gillett of the House of Representatives and all Indiana Senators and Representatives.

Thomas B. Garvin was chairman. The Rev. T. R. White, chaplain of the Veterans of Foreign Wars, gave the invocation.

Federal Grand Jury Plans Big Clean-up

Approximately 200 indictments are expected to result from the session of the federal grand jury which opens Tuesday.

United States District Attorney Homer Elliott announced today.

Among matters to be investigated by the grand jury are the usual run of violations of the prohibition law, evidence of the existence of a syndicate to dispose of stolen automobiles, which has cropped out in a number of cases in Federal Court in the last year; National bank and postoffice embezzlements and further evidence of collusion between violators of Federal liquor laws and officials at Muncie. The bulk of the work will consist of investigating the ramifications of the illicit booze industry.

Efroymsen Directs Big Jewish Drive

With the naming of Gustave A. Efroymsen, 432 East Fall Creek boulevard, as chairman of the drive of the Union of American Hebrew Congregations to stimulate the interest of Jews in organized American Judaism, a drive which the union hopes will result in the formation of many new synagogues over the country is under way.

As the first step in the organized movement, 150 rabbis and laymen this month will visit 600 communities which have no synagogues and speak at mass meetings of Jews. Mr. Efroymsen announced. Each of these rabbis will come from 150 cities in close proximity to the 600 towns without Jewish synagogues.

Vatican and State Unlikely to Agree

ROME, March 6.—Contrary to views expressed at the time of the election of Pop Plus, XI, papal officials now do not expect complete reconciliation between the Vatican and the Italian state during the present pontificate. It was learned on high authority today.

It is understood Cardinal Gasparri, chief leader of the faction favoring reconciliation between the Vatican and the Quirinal, soon will resign as Papal Secretary of State.

SOVIETS FORM NEW PLAN FOR UNITED LABOR

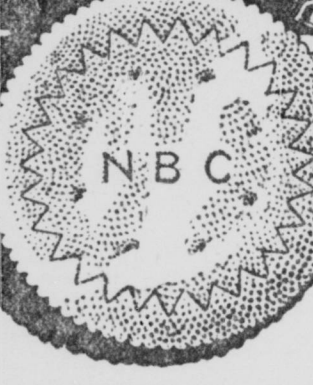

Big Merger of Work Forces Will Touch Every Nation.

MOSCOW, March 6.—A gigantic new workers internationale, forming a united labor front in all lands, is planned by soviet leaders here.

The executive committee of the Third Internationale adjourned last night after deciding to relinquish the organization's self proclaimed leadership of world wide socialism.

The Third Internationale will merge with the proposed world union of labor and will represent the left wing of that body. The several existing Internationale, including the second will be incorporated in the general merger. The proposal of the executive committee is to have workers everywhere, no matter how communistic, present a solid front to capitalism.

This action of the Russians reveals the extent of the swing towards the right of Trotki, Zino-Vief and other leaders, whose recent speeches have been strikingly minus their old challenge, and have counseled moderation. The willingness of the Third Internationale to give up leadership and take a subordinate place in the new order of labor is considered a political move designed to bring to Russian workers' leaders into contact with labor organizations of the world, particularly, if possible, the United States.

2 MEN, 1 WOMAN HELD IN DEATH OF W. A. HOPPER

Ben Goldsberry and Wife Tell of Fatal Stabbing in Thompson's Room.

With two men and one woman under arrest, detectives and Dr. Paul Robinson, coroner, today are cooperating in completing the investigation of the murder of W. A. Hopper, 35, a machinist. Hopper was stabbed above the left eye with an ice pick Friday night, while in a room at 430 West Maryland street.

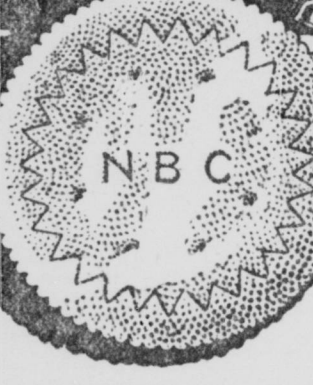

Robert Thompson, 45, 420 West Maryland street, appeared at police headquarters early Saturday and told the police he killed Hopper with a screw driver. The police then went to Thompson's room and found the body. Thompson is charged with murder.

Ben Goldsberry, 38, formerly an attorney, and his wife, Dora Goldsberry, were arrested on charges of murder yesterday. They were found at the home of Mrs. Goldsberry's mother on Second avenue in Mars Hill. Their statements of the affair in Thompson's room were similar to that made by Thompson. The police have not been able to find the sharp instrument which killed Hopper. Those under arrest said it was a screw driver while the coroner is positive it must have been an ice pick or a awl.

A "boose" party was held in Thompson's room Friday night, and Thompson served a concoction of denatured alcohol

REPORT SHOWS 1921 BIG YEAR FOR PRISONERS

Investigation Shows Many Hoosier Lock-ups Are Not Inviting.

The number of commitments to county jails of Indiana for the year 1921, 24,964, is the greatest of any year since 1917, figures compiled by the board of State charities and made public in its annual report today indicate.

The number of persons put in the county jails of the State in 1921, however, is much less than that of the years from 1912 to 1917, the report shows. A complete investigation of the jails of the State has been made by the board with the result unsatisfactory conditions have been found. Many of the county lockups have been condemned for poor arrangement not permitting segregation and good sanitary conditions.

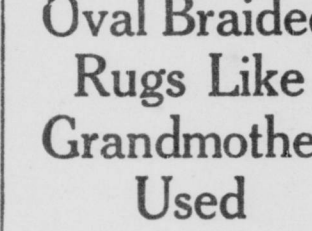

As a place of confinement for long periods, the county jails are used little now, most prisoners whose terms exceed thirty days being sent to State institutions. In some counties, the jails are unoccupied during a large part of the year and two counties, Newton and Pottawattamie, have no jails. The report of the board condemns the use of jails as a place of confinement for insane persons and urges a law be enacted by the next Legislature forbidding the use of jails for that purpose.

The per diem plan of providing for prisoners' care also is condemned by the report which says many abuses arise under it. This system was abolished in Marion County by the Legislature last year and the report urges the law be extended to the entire State.

1 Killed in War on Chicago Hip Sings

CHICAGO, March 6.—One Chinese is dead today and two are suffering from probably fatal wounds as the result of the reopening of Tong warfare in Chicago's "Chinatown." All of the victims are members of the Hip Sing tong. The customary wall of silence was encountered by the police when they attempted to obtain information about the shooting, which took place in a Chinese gambling house.

DEMAND WAR ON MORMONS. LONDON, March 6.—The Mormon campaign for women converts in England is in full swing. The authorities are criticised from many quarters for permitting it to go on.

**Oval Braided
Rugs Like
Grandmother
Used**

Nothing adds more to the attractiveness of colonial furnished rooms than the oval braided rugs. They are just what their name implies, braided of new cotton materials, hit-and-miss grounds with plain borders of light and dark blue, rose, tan, black and pink.

Will lie smoothly and firmly on the floor and are washable, durable and sanitary. Reasonably priced.

Size 24x36 at \$3.00
Size 27x54 at \$5.00
Size 30x60 at \$6.00
Size 3x6 at \$8.00

—Ayres—Rugs, fourth floor.
