Cops to Hurl Tear Bombs at Criminals

NEW YORK, March 8.—Tear bombs and gas masks will be used by the New York police to war on criminals.

The Board of Aldermen has been requested to appropriate funds for the purchase of one hundred gas masks for experimental purposes.

A single tear bomb would be effective enough to render helpless more than a dozen rioters, according to Police Captain Charles E. Schofield, of the Police Training School.

It is proposed by the police to use the bombs to drive from cellars and roofs thieves and gangsters who take refuge in those places, ready to kill.

The masks wanted by the police are similar to those used in the World War.

Truck Tries Shimmy; Hard Luck Follows

EXETER, Mass., March 8.—An auto truck belonging to Arak Ataman could not resist the strains of a jazz record and "shimmied" into a stone wall on Green street.

Ataman became excited in rounding a curve when his son, who was holding a victrola in the rear of the truck, put on a jazz record. He lost control of the truck and finally crashed against the stone wall. The talking machine was taken to a repair shop. Father and son were shaken up.

Wife, 22, Is Mother of Seven Children

ELYRIA, Ohio, March 8.—Although not yet 22 years of age, Mrs. Frank Usher, wife of a local butcher, is the mother of seven children. Mr. and Mrs. Usher have married six years.

The first three children, all born singly, are healthy. Then came twins, both girls, about a year ago. The twins, however, died. A few days ago another set of twins, boys, arrived. They are in robust health.

Warns Not to Shut Door in Girl's Face

COLUMBUS, Ohio, March 8.—"For every fallen woman there is a fallen man," asserted the Rev. Dr. William Pfeiffer, addressing an audience of women in Central Baptist Church here. "There is no double standard."

"The surest way for a mother to send a fallen daughter to hell is to shut the door in her face," continued the Rev. Pfeiffer. "Only a mother's love can bring her back to righteous living."

Also Buys Curios

HUNTSVILLE, Ark., March 8.—Henry Ford may buy the world's largest collection of curiosities, which are to be scrapped as a result of the arms conference, but a purchase which has interested Arkansians more than anything else was the purchase a few days ago of an old-fashioned carding machine, the first one ever brought to Madison County, for which he paid the "outlandish" sum of \$300.

The old carding machine was the property of S. R. Hanby. The machine had been "out of commission" for several years and was considered by the owner as a curiosity. Ford, who had it and offered the \$300, however, was quickly accepted.

Dock Sets Cargo Mark

BOSTON, March 9.—What is believed to be a world's record for handling cargoes was set by the ship "Hesperus" in South Boston. During the month of January, cargoes from twenty-three vessels, totaling more than 40,000 tons, were disposed of.

CANADA TO GRADE HOGS.

EDMONTON, Alta., March 8.—Hogs will be sold in the future at public stock yards and abattoirs in Canada according to official grades. This national policy was determined at a conference at Edmonton between representatives of the producers, packers, London and provincial governments, and will be put into effect May 1, according to an announcement by Dr. W. H. Grisdale, deputy minister of agriculture. The grading will be done under the livestock branch of the Dominion Department of Agriculture.

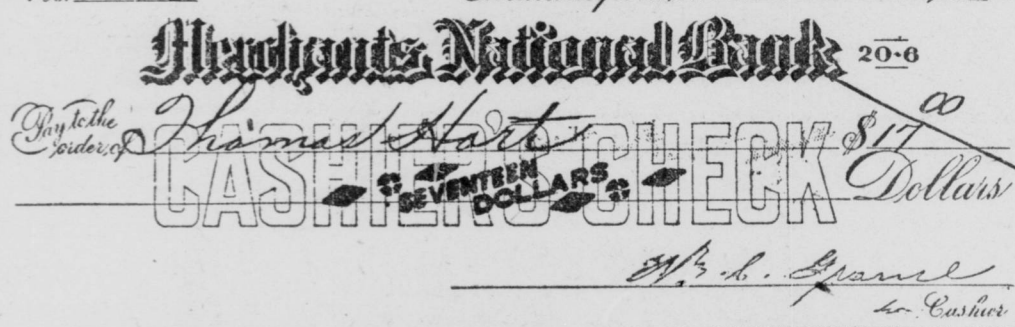

PLEADS GUILTY BY PHONE.

ZANESVILLE, Ohio, March 8.—Pleading guilty by telephone to the latest here, L. A. Wright of Newark, "tagged" by police for parking his car in a safety zone, was in a hurry to get home. After mailing a check to pay his fine, he telephoned police headquarters and pleaded guilty.

FIREMEN COLLECT FUND FOR PAIR MADE HOMELESS

No. 125512

Indianapolis, Ind. MAR 8 1922

Not content with fighting the fire which rendered homeless Mr. and Mrs. Thomas Heart, 1541 Holliday street, yesterday, members of Engine House No. 20, New Jersey and South streets, are taking up contributions for the couple. Both Mr.

and Mrs. Heart were suffering from pneumonia when the flames destroyed their home and were treated with the greatest difficulty by Mr. Heart's brother, Lou Heart.

The firemen, assisted by Wangelin & Sharp Company, automobile dealers, have subscribed \$17 towards the fund and will receive contributions at the engine house.

The furniture destroyed in the fire was a total loss to the Hearts as no insurance was carried.

CAPTAIN TELLS OF SHIPWRECK

Says No Trace Was Seen of Foundered Vessel.

NEW YORK, March 8.—A dramatic story of the founding of the Norwegian freighter Grottoft in the midst of a terrible hurricane at sea with the loss of thirty-five lives was brought to port today by Capt. Hans Jorgensen of the Baltimore-American liner Esthonia.

Feb. 29 the Esthonia was about seven hundred miles east of Cape Race, Newfoundland, when a storm of unprecedented violence struck the ship.

The ship was picked up by the Grottoft, but could find no trace of wreckage or crew.

Says City Dollar of More Value

COLUMBUS, March 8.—Deflation has injured every line of business, but unequal deflation has hit the farmer hardest of all," declared L. J. Tabor, director of agriculture, of the State of Ohio.

The farmer's dollar has a buying power of 90 to 100, as compared with the pre-war dollar, while the dollar of the city business man has a buying power of 118, as compared to his pre-war dollar.

"Nothing radical will take place in agriculture, but it will slowly turn to a better condition," he said.

Medicine that will make industry feel better overnight. The road out is the way of economy, thrift, faith and work.

"Export trade has increased in food stuffs, although the value of goods exported has fallen off. The greater tonnage has been absorbed by the decline in prices and there is not the surplus stock in this country that is generally supposed. With this surplus absorbed, recovery is in sight for the farmer, but it will not come in a single day."

Director Tabor declared that, "given the price of food, the American farmer will still be feeding every man, woman and child in America one hundred years from now."

Students Warned to Stop Morals Slump

DEFIANCE, Ohio, March 8.—A warning against cheap fiction, youthful "love cases," and spooning was given by Dr. Edith Swift of New York City, addressing the student body of Defiance College.

She declared a girl "all dolled up isn't always exactly what she seems."

"And a fellow can doll himself up to be just as deceptive," said Dr. Swift. "This is all wrong."

"Do not consider that because two young people have gone together for a short time that a bargain is foreclosed. I advise you not to pierce off during the first semester of your freshman year."

Declaring that standards of morals had slumped among students since the war, as well as among the general young people, Dr. Swift made a plea for a rigid code of sex standards in the colleges and universities of the country.

"Don't forget that we cannot lie in one another's arms and not yield to emotions which should be suppressed," she said.

2,000 Rubles Needed to Bring One Letter

NEWARK, N. J., March 8.—A registered letter from Russia, bearing exchange stamps to have bought an automobile at pre-war exchange, was received at his Newark postoffice today.

There were 600 stamps attached to the back of the envelope and held together in strips by metal fasteners. Each stamp was worth four rubles, making the total value of the stamps 2,000 rubles.

At the normal rate of exchange, at which each ruble was worth fifty-one and a half cents, the stamps on the letter were worth over \$1,000.

A registered letter may be sent from the United States to Russia for 15 cents.

Landru Case Is Plot for New French Play

PARIS, March 8.—Charles Henry Hirsch, one of the country's famous playwrights and whose play, "La Danseuse Rouge," which depicts the life and death of Mata Hari, famous woman spy, shot during the war, had such a long run in Paris, now contemporaries writing "Les Amours de Landru." For several weeks he has been busily engaged consulting various documents connected with the case and has often been seen taking sketches and notes in the Versailles Court, where Landru was sentenced.

THE PINK OF CONDITION

MEANS A CONSTANT FIGHT AGAINST CATARRH

THE P. U. R. N. CO. COLUMBUS, O.

Can You See Your Ribs?

"It wasn't that I wanted to get fat,—no, I just wanted to put on about 8 pounds more flesh. Then I'd be just right. I've nibbled at diets, gorged big meals, I've haunted health resorts, been to fine climates, guzzled milk, but nothing, oh, nothing, has helped me. I've lost weight, gained it, lost it, gained it, but I've never been able to put on the extra pounds I need. I've been told that I should eat more, but I've never been able to do it. I've been told that I should exercise more, but I've never been able to do it. I've been told that I should take medicine, but I've never been able to do it. I've been told that I should take cod liver oil, but I've never been able to do it. I've been told that I should take St. Jacobs Oil, but I've never been able to do it. I've been told that I should take The Pink of Condition, but I've never been able to do it. I've been told that I should take The P. U. R. N. Co. Cod Liver Oil, but I've never been able to do it.
