

FOUR PERSONS HURT IN SERIES OF ACCIDENTS

Two Injured When Struck by
Autos, One Breaks Wrist,
One Scalded.

Four persons were injured in a series of accidents last night and early today. Two are believed to be seriously hurt.

The injured:
Michael Farrell, 57, 1427 Williams street, hit by automobile today, condition serious.

Mrs. Nancy Porter, 57, 1224 Cornell avenue, fell down stairs last night. Both wrists broken, seriously injured.

Harry Golde, 22, Louisville, Ky., scalded by hot water early today at Black-ers Chile parlor. Taken to city hospital.

Paul Winkler, 9, 1366 Ewing street, struck by automobile severely bruised. Farrell was crossing Washington street at 7 a. m., a half block east of Oriental street, and walked into the side of an

automobile driven by Thomas J. Johnson, 23, 39 South Gray street. A support for the top of the automobile struck him on the left side of the head inflicting a deep cut near the eye and injuring his jaw. His skull may be fractured. Dr. John A. McCool, 1410 East Washington street, gave first aid. Farrell was taken to the city hospital in an ambulance.

Mrs. Porter, who fell downstairs, is in a serious condition because of her advanced age. Dr. Douglas A. Leathers was called to the Porter home.

Golde was employed at the Black-ers Chile Parlor on Massachusetts avenue, and was standing close to the coffee urn when Carl Smythe the night manager, was pouring water into the urn. The handle of the bucket broke and the scalding water poured onto Golde.

Winkler was injured last night while riding a bicycle on Tenth street near Olney street. Victor Roberts, 33, 1330 Keating avenue, driving an automobile turned from Olney street onto Tenth street and the automobile struck the boy. Witnesses told the police that Winkler was riding on the left side of the street and Roberts was not blamed for the accident. Dr. G. Rubush was called and gave first aid. He said the boy was severely bruised, but not seriously injured.

JOBLESS FUND OF CITY SPENT, ASSERTS SHANK

Men Employed on Streets to
Lose Jobs Saturday,
Says Mayor.

Employment of needy men under the \$2-a-day relief plan on unimproved street work will cease Saturday afternoon, Mayor Samuel Lewis Shank announced today. The \$20,000 fund provided by the city council for this purpose will be within \$1,500 of exhaustion by that time, the mayor said.

From twenty-five to 100 men and fifty teams have been employed to spread cinders by means of the relief fund since it was established more than a month ago. Public utilities and factories have been supplying the cinders free. An average of ten carloads a day have been put on muddy streets and alleys.

While the street commissioner is waiting for the ground to dry out so the regular work on unimproved streets may

be started, the mayor said he was going to send street inspectors to property owners along all unpaved streets and alleys in an effort to obtain signatures on petitions for the permanent improvement of such highways.

The mayor believes it is a waste of money to put gravel and stone on unimproved streets every year and the cost of maintaining such streets for twenty years would pay for a hard surface which would give infinitely better service.

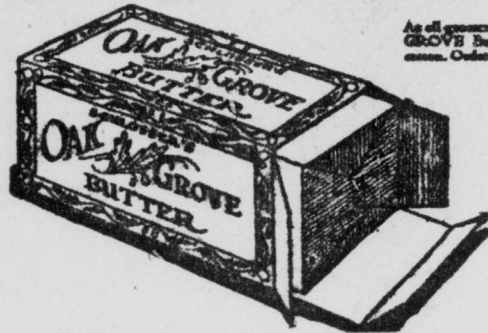

Russia Threatens Attack on Poland

WARSAW, March 16.—War is threatened against Poland by Russia in a sharp note received here today from Moscow. It was dispatched by George Tchitcherin, the commissar for foreign affairs in the Soviet government and protested against talks over the Russian frontier by Polish

irregulars. A repetition of the raids would be considered cause for declaration of war by the Soviet government, the note said.

Many Donations to Public Library

A total of 592 magazines, 115 books and \$10 in cash for the purchase of books has been received by the Indianapolis Public Library since March 1 for its library work at Robert Long and city hospitals. The response to the appeal for magazines, according to Charles E. Rush, city librarian, has been especially gratifying. Increasing numbers of people are forming the habit of turning over their magazines as soon as they have been read to Central Library or their nearest branch library for distribution to the hospitals, where they are finding an eager welcome. The need now is particularly for good magazines for children, especially boys, library officials say.

What it means to win
1st PRIZE

Oak Grove Butter was awarded first prize over 19 other competitors in the State Butter Scoring Contest held at Purdue University, February 13.

The award means more than a silver cup to the manufacturer. It means that the buyers of Oak Grove Butter have received, and will continue to receive, the best butter that money can buy.

Made of selected cream—the delicious taste and delicate flavor of Oak Grove Butter never varies. Try it.

Just like Magic~

Aladdin rubbed his magic lamp and a genie appeared to carry out his slightest wish. The new woman touches a button, and her great, tireless servant, ELECTRICITY—the modern genie of the home—performs, not fanciful feats, but the practical, every-day, must-be-done tasks of the household.

Electric washing machines, vacuum cleaners, ironing machines and dish washers do all the heavy cleaning.

Electric ranges, grills, toasters, waffle irons and other utensils make meal time easy and comfortable.

It costs **NOTHING** to see **PROOF** of this. Ask any dealer member of the Electric Appliance League for information on **ANYTHING ELECTRICAL**. They will demonstrate **FREE OF CHARG**. Just **ASK** them.

Indianapolis to Welcome General Ballington Booth

The "Daily News" of Scranton, Pa., says: "General Ballington Booth, founder of the Volunteers of America, preached last night in the Immanuel Baptist Church. General Booth swayed his audience to the very verge of tears, and with the stroke of the master orator, would bring laughter and smiles by wit sharp and clear. When he began his address the audience that braved the storm to hear the matchless speaker overflowed to the balcony."

Rev. W. Quay Rosselle, Ph. D. D. D., pastor of the Fifth Baptist Church, Philadelphia, Pa., says: "General Ballington Booth preached for me at the Fifth Baptist Church, Philadelphia, on Sunday evening. The announcement of the coming of this renowned orator brought out a large congregation. In a masterful way he expounded some of the fundamental principles of the New Testament, and then proceeded to show how they were being fulfilled in the varied activities of the Volunteers of America. General Booth is certainly one of the most powerful orators in the world. A visit from this compelling personality is a genuine stimulus to any church. I heartily commend the man, his mission, and his work."
