

BROWN RITES CONDUCTED AT NEW LONDON

Death Follows Acceptance of
Friends' Church Pastorate
at Richmond.

Funeral services for Albert J. Brown, 63, 333 North Irvington avenue, minister and business man, who died at the Methodist Hospital following an operation Saturday, were held at New London, today.

Mr. Brown recently had accepted the pastorate of the First Church at Richmond and was making plans to move there next week with his family. He also was president of the Indiana division of the Farquhar Heating and Ventilating Company.

He was born at College Corner, Union County, Indiana, and received his early education in the public schools of New London. After finishing high school, he taught for several years and then entered Indiana University. At the end of his junior year he went to Leland Stanford University and was graduated from that institution in 1902. A year later he received the M. A. degree.

During the summer of 1902 he was sent to Alaska by the Government to make an ethnological survey of the Indians for the World's Fair at Chicago the following year. After his return from Alaska, he became pastor of the First Friends Church in West Newton, and later was superintendent of the Irvington High School and also was pastor of the First Friends Church in Indianapolis for five years. He was president of Wilmington College, Wilmington, Ohio, from 1908 to 1912, when he became connected with the Farquhar Heating and Ventilating Company.

During the winters of 1919 and 1920 he did child relief work in Germany, for the American Friends' service committee, under direction of Herbert Hoover.

He is survived by his widow, two daughters, Miss Helen and Althea Brown, and two sons, Sidney S. and Robert Brown, all of Indianapolis.

MAN IS FOUND DEAD FROM GAS; INQUIRY BEGUN

Death Believed Accidental—
Two Attempted Suicides
Are Reported.

With gas heater turned on but not lighted, Michael Dwyer, 65, was found dead in his room in a rooming house at 228 East Washington street early this morning.

Dr. George Christian, deputy coroner, started an investigation to determine if death was accidental or if Dwyer committed suicide. It is believed by persons living at the rooming house death was due to accident.

Mrs. Christina Kissel is the owner of the house. Dwyer as a rule gets up at 4 a. m. to go to work. When he did not come down stairs Mrs. Kissel knocked on the door. Receiving no answer and detecting the odor of gas, she called other roomers. Bradley Taylor and Leo Roberts forced the door and found Dwyer lifeless on the floor. The body was taken to the J. J. Blackwell Undertaking Parlor.

Mrs. Kissel said she was sure Dwyer's death was due to an accident. She said he had lived in Indianapolis many years, and had roomed at her home five years. Dwyer is survived by three daughters and a son all living in Indianapolis. He was employed by the Capitol Lumber Company.

Two persons attempted suicide yesterday, but physicians at the city hospital declare both have a chance to recover. Following a lover's quarrel, Miss Jennie Able, 28, 914 South Meridian street, while at the home of a friend, Mrs. Hattie Bowman, 631 1/2 South Meridian street, took poison. Miss Able was taken to the city hospital. She told the police she had a quarrel with George Crawford, 2001 Cornell avenue.

Earl Gunter, 30, 800 West New York street, took poison. The police were told he was despondent over domestic troubles.

Rotarians to Hear Talk by Rev. Wicks

The Rev. Frank S. C. Wicks will speak at the meeting of the Rotary Club at the Claypool Hotel, Tuesday, on "Snaps in England." The National Flower Show will have a place on the program through the efforts of Walter H. Bertermann, a member of the club. Several candidates will be voted on for membership.

DID PAIN DISTURB YOUR SLEEP?

THE pain and torture of rheumatism can be quickly relieved by an application of Sloan's Liniment. It brings warmth, ease and comfort and lets you sleep soundly.

Always have a bottle handy and apply when you feel the first twinge. It penetrates without rubbing.

It's splendid to take the pain out of tired, aching muscles, sprains and strains, stiff joints, and lame backs. For forty years pain's enemy. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

**Sloan's
Liniment** Pain's
enemy

NUXATED

It is the organic iron in your blood that takes the oxygen from your lungs.

This nuxated organic iron unites with your digested food as it is absorbed into your blood, like fire unites with coal or wood, and by so doing it creates tremendous power and energy. Without organic iron in your blood your food merely passes through your body without doing you any good.

Organic iron, like the iron in your blood and like the iron in stomach, lungs and spleen may be lost from any drug used under the name of Nuxated Iron.

Over four million people are using Nuxated Iron annually, their experience proving that it never fails to strengthen and endure the weak, nervous, run-down people. It is a case, in two weeks' time.

If you want that virile force, that stamina and strength so necessary to great success in practically every undertaking in life, you owe it to yourself to commence trying Nuxated Iron today.

IRON

SIGNS INDICATE 'NORMALCY' SOON WILL BE HERE

Employment and Home Building
Reports Forecast
Better Days Near.

WASHINGTON, March 20.—Two of the fundamental economic indicators—employment and home building—showed today an economic revival is approaching more rapidly each month.

The Department of Labor and the Department of Commerce reported an increase in employment and home building plans of great magnitude. More than one million homes will be built this year, the Commerce Department estimated from reports from all parts of the country.

Figures from twenty-seven northeastern States, housing more than two-thirds of the population, show remarkable increases in home building during December, January and February. In three of the lowest building months in the year, other parts of the country show relatively the same increase over the last year. The building increase for these three months indicates a great building program for the balance of the year, the report states. Builders and building material concerns are preparing for their highest year since the war, for thousands of idle construction workers are being absorbed in this new work and by summer there may be a shortage of skilled workers.

Of fourteen basic industries canvassed by the Department of Labor nine showed increased numbers of employees for February this year over the same month last year and five showed decreases. The most important increases were in the automobile and heavy industries. The increase in automobile plants was 54.4 per cent and in heavy industries 54.4 per cent. The iron and steel industry registered a decrease of 13.6 per cent and paper-making 11.4 per cent.

5 Killed as Auto Skids Before Traction Car

ROCHESTER, Mich., March 20.—Probe of the accident in which Assistant General Superintendent Edward H. Ives, of the Detroit United Railways, his wife and three children and a girl ward were killed was ordered here today.

The accident occurred near here Sunday when an automobile driven by Ives was struck by an interurban car. The automobile skidded in front of the car at an icy crossing, it was believed.

**Makes a Family Supply
of Cough Remedy**

Really better than ready-made cough syrups, and saves about \$2. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne.

TROTSKI SAYS U. S. FOSTERS OLD PROGRAM

Asserts American Capitalistic
Views Are Opposed to
Soviet Rule.

MOSCOW, March 19, via London, March 20.—The accusation that the United States fosters a program for the re-establishment of capitalistic relations which "brought about the imperialistic war" was made here today by Leon Trotski, commissar for war in the soviet government, in an exclusive interview.

Trotsky said he thought Russia would succeed in convincing the powers that understandings with Russia are possible only through acceptance of the soviet's views.

The soviet military leader began his statement by discussing the refusal of the United States to participate in the economic conference at Geneva.

He said: "It is my impression that the refusal and the reasons advanced for it increase the ambiguity which characterized the American policy toward Russia. Secretary Hughes said the rehabilitation of Russia is impossible until steps are taken to investigate who was responsible for the economic plight. Every peasant and worker knows that the white armies and their entire supporters were responsible. Every one knows that the Czech-Slovaks and the forces under Admiral Kolchak operated under the guidance of France and the United States and brought about such awful consequences as now exist."

Blames the Powers for China's Plight

SHANGHAI, March 20.—At a dinner given in honor of Jacob Gould Schurman, United States minister to China, who is touring southern China, Wu Ting Fang charged that the world powers are responsible for the military expedition of South China against the North.

"The Washington conference heard illegal government delegates," said the veteran Chinese statesman, "while the genuine cause of China was uninvited. It failed to recognize the Canton government and consequently the South is fighting for recognition."

Dye Blouse or Baby's Coat in Diamond Dyes

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to err, to stain, to fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—Advertisement.

The Eden Zone

Makes Your
Wash-day Welcome

Because it is equipped with every latest scientific device to make for perfection. The automatic start and stop, the interlocking swinging wringer, the inclosing of all moveable parts, the self cleaning and other features, the ease, thoroughness and quickness with which the Eden does its work makes it the greatest household time and labor saving device in the country.

The sediment zone, a channel of quiet water at the bottom of the Eden, traps all dirt as it falls through the perforated washing cylinder, keeping the wash water entirely free from all dirt particles. This continuous dirt elimination is what makes Eden-washed things cleaner.

Short-Length Sale of Cotton Fabrics

SPECIAL purchases made in three different centers of distribution, from a number of prominent mill agents, have brought to us OVER 25,000 YARDS of domestic cotton fabrics at most unusual price concessions, enabling you to select materials for your spring sewing at greatly reduced figures and making it worth while for you to buy now for needs which may be months away.

Whether you need any of these fabrics at this present moment or not, it will be distinctly interesting to see them, to examine their quality, freshness of pattern and color and note how low their prices are.

All Short Lengths, But You May Buy What You Want of Any Piece

1,000 Yds. Percale, 12 1/2c Yd.

Yard wide standard percale; odd pieces from stock; figures, checks, plain shades, stripes.

1,870 Yards Diaper Cloth, 10c Yard

Soft, downy, full bleached "Nemo" Diaper cloth, closely woven. Sold Only in Sealed 10-Yd. Pieces.

2,500 Yards Pajama Check Dimity, 12 1/2c Yard

5 to 20-yard pieces. This consists of "seconds," containing mill imperfections and a few oil marks. Excellent for underwear for the whole family; for pajamas, night dresses, etc.; yard wide, soft finish, good weave.

1,900 Yards Shirting, 15c Yard

High count percales, yard wide, soft finished in a fine assortment of clear-printed stripes, suitable for men's shirts, women's aprons, boys' blouses, for house dresses, children's dresses, etc.

1,850 Yards Cotton Shantung, 29c Yard

This is so called from its resemblance, in softness of finish and in its natural linen shade. It is a 32-inch fabric, made of fine combed yarns, soft, light, closely woven, and very attractive to the feel as well as to the eye. It is most desirable in shirts, underwear, dresses, etc.

1,650 Yards Fine Percale, 20c

A most popular assortment of new checks. This fabric is yard wide and comes in attractive blue, gold, red, brown and pink combinations. Will wash well.

There are also 1,875 yards of silver gray and similar dark-gray percales in this assortment—at the same price.

2,000 Yards Cotton Challis, 12 1/2c Yard

Yard wide, well woven, in a well-known brand. Comforter patterns. Pieces are from 2 to 10 yards.

400 Yards Drapery Print, 25c Yard

Big, bold, attractive patterns in rich color schemes figure in this assortment. These are pieces from 10 to 20 yards.

1,500 Yards "Bates" Ginghams, 23c Yd.

32 inches wide; all zephyr ginghams, in a beautiful assortment of patterns, checks, plaids, stripes, etc.

2,000 Yards Silk-Stripe Tissues, 33c Yd.

These are indeed most attractive; the silk stripe harmonizes so well with the crisp, dainty patterns and emphasizes the color scheme so well; 27 inches wide; pieces are 10 to 20 yards long.

1,885 Yards Gingham, 17c Yard

This is cheviot gingham from a well-known mill; it is closely woven and good weight for children's rompers and play dresses, as well as for aprons, house dresses and the like; 32 inches wide.

Renfrew Woven Tissues, 39c Yard

These are 32 inches wide, but come in lengths of 10 to 20 yards. The color combinations are such as one would expect from Renfrew.

Renfrew Zephyr Gingham, 29c Yd.

This wears well; it is 32 inches wide, in a remarkable assortment of colors and patterns.

2,668 Yards Devonshire Cloth, 33c Yd.

This is the cloth par excellence for making children's play clothes; it resists even the hardest wear, as most mothers know. Fast colors, mostly dark shades. 32 inches wide.

300 Yards of Spring Woolens

THIS purchase contains enough for about 57 suits—it will be necessary to come very early to get any of it.

69c 27-inch wool tweeds in rose and heliotrope. Only 40 yards.

\$1.29 54-inch wool tweeds, in the season's newest and most popular shades and patterns. Just 200 yards.

\$1.59 54-inch homespun woolens, new colors; most desirable. Just 60 yards.

Some Old Favorites Again on Sale

Bluebird Lingerie Crepe, 29c Yard
Beautiful and colorful combinations; practical fabric for the purpose.

Toweling at 10c Yard
15 inches wide, red stripe glass toweling, bleached twill and bordered cotton crash.

Brown Union Crash, 15c Yard
Blue bordered, 16 inches wide, part linen weft.

200 Silk and Woolen Dresses, Special at \$8.95

THESE are dresses that partake of the spring spirit in their fresh, vivid colors, their dainty, youth-giving styles, their charm; and their quality, in workmanship as well as in material and trimming, shows at this low price unmistakable evidence of shrewd buying and careful preparation.

Materials:	Taffetas	Canton Crepes	Crepe de Chine
