

WISCONSIN GOVERNOR HITS TAX ACT

Says State Defrauded by Income Legislation.

DEMANDS REPEAL

Executive Addresses Assembly in Special Session.

MADISON, Wis., March 22.—Addressing the Wisconsin Legislature in special session today, Governor John J. Blaine declared that the single state issue is:

"Shall we make taxation public and honest or shall we establish an extravagant espionage system through inspectors and auditors?"

The Legislature was summoned in special session at 10 o'clock and Governor Blaine presented his message of 6,000 words in joint meeting of both houses in the assembly chamber.

DEMANDS REPEAL

Gov. Blaine urged the legislators to:

1. Repeal the secrecy clause of the State income tax law.
2. Permit examination of returns of corporation incomes for six years back.
3. Permit examination of individual income tax returns for six years back.
4. See that tax returns based on fraud are examined for a definite period back.
5. Sanction an appropriation to the State tax commission to restore \$40,000 to the soldiers' fund borrowed in making a preliminary audit to ascertain if funds had been committed in tax returns.

In advocating the repeal of the secrecy clause of the State income tax law, the Governor declared that through this clause the State is defrauded out of millions of dollars.

ASKS EXTENSION OF

He asked that the limitation of three years when income tax returns might be extended to six years.

"I said he desired an opportunity to audit returns for the years 1916, 1917 and 1918, which cannot be done without Legislative approval."

"The secrecy clause in the income tax law protects the dishonest and the criminal tax dodger," the Governor said. "Out of 13,500 corporations in Wisconsin there are 3,000 which are believed to have filed fraudulent tax returns."

"Tax auditors and inspectors are expensive," Governor Blaine said. The State already is compelled to hire too many inspectors to look after lawbreakers," he said.

MAN MUTILATED BY 2 STRANGERS

John Silk Attacked at His Home in Chicago.

CHICAGO, March 22.—Two mysterious assailants entered the home of John Silk, 46, married man, threw him on the sidewalk and mutilated him with a jack-knife.

"I know you—you are Willis—I'll teach you to ruin my daughter," one of the men cried, strikingly similar to that on Jerry Lillis by Jack Cuddey in Kansas City some years ago, occurred yesterday afternoon. Silk, too weak from loss of blood to rise, lay on the floor five hours until found by his wife in the evening. He was under a doctor's care today.

Silk told the police he was alone when the two men called, representing themselves as bathroom inspectors. Suddenly they seized him. Then the elder of the two men, a man of about forty, accused Silk of ruining his daughter. They seized him, held him against the bathroom floor and mutilated him with a jack-knife.

"I kept telling them that I was a married man, that I knew nothing about any girl, but they wouldn't listen to me," said Silk. "They made a terrible mistake. They mistook me for some other man."

Mrs. Silk, who became hysterical when she found her husband in a pool of blood, said she was convinced of her husband's innocence.

Reparation Demand Simply Terrorizes Official Germany

BERLIN, March 22.—The note of the allied reparations commission detailing payments which will be required of Germany this year, was received here today. It created consternation in government and financial circles.

A fresh crisis for the Wirth government is predicted.

The payments required by the allies will necessitate an additional issue of 40,000,000,000 paper marks and additional taxation, it was said.

PACT ENEMIES CONTINUE TO HAMMER AWAY

Republicans and Democrats Alike Attack Four-Power Treaty.

WASHINGTON, March 22.—Still ham-mering hard at the four-power treaty as certain to involve the United States in war, its Republican and Democratic opponents launched a final verbal of-fensive in the Senate today by which they declared they were hopeful of pre-venting its ratification Friday.

Administration leaders, claiming to possess the two-thirds vote essential to ratification, expected reinforcement from the return of Senator Owen of Okla-homa from Europe and Senator Trammell of Florida from his home. Both are counted upon by Senator Underwood of Alabama to support this dwindling leadership in the treaty fight.

On the other hand, leaders of the Democratic opposition reported several Democratic Senators upon whom Under-wood is also depending to be averting in their support of the four-power pact. Senator Smith of South Carolina an-nounced he would vote against the treaty. Senator Dial, Smith's colleague, was un-derstood, however, to have promised Un-derwood to follow him.

Republican leaders were watching closely the situation on the Democratic side, but despite its uncertainty, Under-wood was confident in his ability to hold a sufficient, though small, num-ber of his colleagues in line to insure victory for the Republican forces.

The adoption of the Harding Brande-gere "alliance" reservation was re-garded as a foregone conclusion, but the Democratic opposition planned another fight to force the treaty's rejection.

Senator Robinson of Arkansas, who would create a Pacific and Far Eastern "League of Nations" by bring-ing all nations having or claiming an interest there within the scope of the four-power pact.

LA FOLLETTE

ATTACKS TREATY

WASHINGTON, March 22.—In an im-passioned speech opening his first attack on the four-power treaty, Senator La Follette, Republican of Wisconsin, de-scribed it to the Senate today as an un-holy combination of powers, "formed for the purpose of exploiting prostrate Rus-sia and China."

"It is true," he said "Germany and Russia now are prostrate and China im-potent. But that condition will not long last. The day will come when those great countries, with their unnumbered millions, will recover their strength, and then will come the combination of nations which will oppress them in the time of their weakness and distress."

'FREE' CHANCES ON AUTOMOBILE CAUSE ARRESTS

(Continued From Page One.)

"They have been selling these chances on an automobile and I told them the Better Business Bureau could not approve of this. I called Prosecutor Evans' attention to it and I understand Mr. Miller promised to stop the sale."

Following their arrest, both Miller and Campbell made long statements, telling of the difficult situation that they had been in. The day will come when those great countries, with their unnumbered millions, will recover their strength, and then will come the combination of nations which will oppress them in the time of their weakness and distress."

Seeks Renomination

JUDGE LINN D. HAY.

With Judge Linn D. Hay of Superior Court, Room 2, today filing notice of being a candidate at the coming primary to succeed himself on the Republican ticket, all county judges, who are seek-ing renomination have filed notice of their candidacy.

Judge Hay enters the campaign with a record of accomplishment on the bench. Many important legal questions have been handled by him and often he has rendered an opinion for the first time in Indiana on the constitutionality of a new legislative act. In these matters he is always called upon to express their views to the State Supreme Court. He was the first Indiana jurist to pass upon the constitutionality of the tax law.

Judge Hay filed his notice after con-sulting with the local merchants and the golf links. He is an ardent golf fan and uses the links to "keep in" physically for the bench.

PLAN EXPERT GIVEN VIEWS AS TO CIRCLE

Kessler Hears Both Sides in Controversy Regarding Building Heights.

George E. Kessler, city plan expert from St. Louis, conferred today with leaders of the two factions in the controversy over how high buildings shall be permitted in Monument Place. He will get the ideas of both the property owners and the monument board of control and leave the city late this afternoon.

The city plan commission held a special meeting with Mr. Kessler yesterday and laid the problem before him. The board of control members say they are willing to permit buildings to go up to 194 feet, under certain conditions. Otherwise, they wish the limit at the present eight-six foot mark. They fear the monument would be dwarfed by high buildings.

On the other hand, property owners wish the limit raised to 124 feet, assertive any less will mean new buildings can not be erected economically and the National Disabled Soldiers' League has started the American Legion, World War Veterans, Veterans of Foreign Wars, Spanish-American War Veterans, women of the 8th Division Auxiliary, and the Marion County branch of the American War Mothers.

"For my services since Jan. 11, I have only received \$80. When the \$1,000 fund of Mayor Shank was gone other workers quit. The waiters and the cooks at the National Disabled Soldiers' League relief station are serving and working without pay."

DENIES PLAYING POLITICS ON JOB
"There is a disabled soldier, James Curry, who served in the 1st Division, who is a sign painter, and he has painted political signs while at 16 East Michigan street, and certain persons have started the talk I was using my position for political purposes, but this is untrue. You will find as many of the signs painted for the Democratic party as for the Republican party at the relief station, and also signs painted by Curry for various candidates. But I am sure politics has played a part in causing this arrest."

MILLER placed the blame on the Amer-ican Legion declaring that organization was holding a similar raffle at a circus to be given next month.

Deputy Prosecutor J. Burdett Little smiled when he met Miller in the turn-key's office shook hands with him. The men had met a half hour before when a man was tried on a minor charge in city court and Miller had tried to get back \$25 worth of bazaar tickets this man is al-leged to have had and is said to have failed to account for.

The National Disabled Soldiers' League has not been granted permission by the board of public works to use Tomlinson Hall for the circus and carnival April 15 to 15, it was said at the board's office. A representative of the league several days ago asked the date be reserved, but the rent has not been paid. Under the board's rule, the hall is not rented until the rent is in the hands of the clerk of the board of public works.

It was expected the board would be asked not to reserve the hall for the league at the board meeting this after-noon.

INDIANA COST REPORTED LOW

Grain Growers Report on Membership Drive.

CHICAGO, March 22.—A deficit of \$50,000 was reported to the convention of the United States Grain Growers here today by W. G. Eckhardt, treasurer. The deficit, he said, was made up largely of organization expenses. During January and February of this year, Eckhardt said, the gross receipts of the organization had exceeded the expenses by \$28,000. Cost of holding members during the recent membership drive in various States was limited in the report per member as follows:

Colorado, \$60; Illinois, 712; In-diana, \$4.77; Iowa, \$6.38; Kansas, \$4.92; Minnesota, \$7.70; Missouri, \$6.37; Ne-braska, \$5.55; North Dakota, \$6.30; Ok-la-homa, \$10.22, and South Dakota, \$13.11.

Ten minutes after using Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. Danderine is due to the hair with fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, help-ing the hair to grow long, strong and luxuriant. One application of Danderine makes thin, lifeless, colorless hair look thickly, brightly, lustrous and just twice as abundant.—Advertisement.

FLOWER SHOW HEADS ON JOB TO GET READY

Staging Committee Works Day and Night for Opening Saturday.

With the opening of the fifth national flower show less than four days away, local and national committee chairmen were today busily engaged at the Manu-facturers' building, Indiana State fair-ground, preparing for the arrival of the first displays, which are scheduled to arrive tomorrow.

The staging committee, of which George B. Wiegand is chairman, will be engaged night and day in the arrange-ment of exhibits, so every detail will be completed by the time the show is open to the public at noon Saturday.

Reports made by the chairman of the sixteen local exposition committees at the final meeting of the executive com-mittee, held at the Lincoln Hotel yester-day, indicated the fifth national flower show will be the equal of any national flower show in previous years. In many classes a larger number of entries was reported than had ever been known before.

MUSICAL PROGRAM IS ARRANGED.
The music committee reported arrange-ments had been completed for a musical program, which assures the flower show visitors of fine orchestral programs each afternoon and evening and featuring prominent local soloists.

Claude S. Wallin, secretary of the local executive committee, said the sale of trade tickets almost had exhausted the supply of 20,000 allotted to local merchants and manufacturers. The largest indi-vidual order for trade tickets so far re-ceived was for 1,200. The order was received yesterday from the Merchants' Association of Indianapolis. Other large orders are American Club, 600; State Life Insurance Company, 600; Shortridge High School, 500; and the Indiana Association of Indianapolis.
