

YOU should consider that at least 10 cents out of every dollar you earn belongs in a bank account to make the future bigger than the present.

Your life should represent progress—not standing still or falling back. An Interest Paying Account with us will help you to bigger things.

You can open an account with one dollar.

## The Responsibility for Your Child's Future Rests With You

YOU can not afford to feed, clothe and nurture your children's bodies and leave their eyes to care for themselves.

Your little one's eyesight is constantly striving to adjust itself to their body growth. Vision frequently overtaxes their vitality at this period, unknown to themselves or to you.

The neglect of your children's eyesight today may bring needless suffering to them in years to come.

It is your duty to care for your little one's eyes. Bring them here for a thorough eye examination at once.
