

## PARDON BOARD ACT RELEASES PAUL BECKLEY

### Governor McCray Approves Remission of Six Months' Sentence.

The sentence of Paul Beckley, to serve six months at the State Penitentiary, was remitted by the State board of pardons, in its report approved by Governor McCray today.

Beckley was a companion of Charles F. "Chuck" Wiggins, local boxer, also sentenced to serve six months at the State Penitentiary in January, 1921. Wiggins' case is now under consideration by the board of pardons. They were charged with contributing to the delinquency of minor girls. The cases were appealed to the Supreme Court on technical grounds and the lower judge's judgment affirmed.

Wiggins was supposed to begin his sentence April 7, following the higher court's decision. Governor McCray granted him a sixty-day stay of sentence in order that he might carry out some boxing contracts, for which he is alleged to have had more than \$1,200 posted in forfeits.

Governor McCray indicated a few days ago that Wiggins would be allowed to serve his term when the sixty-day reprieve is up, although the board of pardons, which is now considering the Wiggins case, may recommend that the reprieve be part of his sentence also be remitted.

Beckley is said to have married the girl who implicated him, and has since been living in Frankfort.

## SPLIT OF REPUBLICANS

CHICAGO, April 11.—Nine men were arrested, charged with "repeating" during the first hour of voting in Chicago's primary election today. The arrests were made in the Eighteenth ward.

Squads of detectives were sent to other wards, it was said, on the trial of a band of "repeaters" said to have visited several precincts there.

All previous for primary election voting were expected to be broken in today's election. It was estimated 500,000 votes will be cast.

A referendum on the question of terminating the terms of thirty-one aldermen, to comply with a new law, for a smaller city council was on the ballots, in addition to the names of candidates for State, congressional, legislative, county and municipal offices.

A record breaking vote was expected to be cast throughout the State after a bitter primary campaign. Several Democratic candidates in the race for State offices are encouraged by a split within the Republican ranks, due to a factional fight for control of the legislature.

The sugar schedule is destined for a sharp fight. Cuban sugar rates are placed at 1½ cents per pound and other so-called full duty sugars at 2 cents.

Louisiana growers want a high protection. German growers, on the other hand, are giving sugar refiners and manufacturers using domestic beets or cane, the right to import at ¼ duty, two pounds of sugar for each pound of domestic used in a month.

LIQUOR DUTIES  
ADD TO REVENUE.  
Duties are leveled on intoxicating liquors in addition to internal revenue taxes but it is pointed out that the law does not in any way alter the Volstead law provisions, the rates cited applying only for legal, allowed provisions.

The long-staple cotton is protected with a 7 cents a pound duty; other cotton is free. Cotton gloves, a product of Germany, cheaply, are duties around \$3 to \$5 a dozen, according to grades. Hose and half hose, another branch in which German competition is sharp, received increases ranging from 100 per cent on hose valued at \$1 or less a dozen, to more than 125 per cent on those valued above \$5 a dozen.

Chemicals, pills and paints were substantially increased. The duties on the free list of the House the Senate added: Bananas, maps, music, engravings, photographs, certain old books and prints, broom corn, Brazilian beans, chestnuts, curry and curry powder, oil bearing seeds and nuts, including copra, hemp seed, palm nuts, grape seed, pigeons, sugar beet seeds, shingles, altars and other church paraphernalia, mahogany, rosewood and lignum vitae woods.

TIPTON IS  
HARD HIT  
TIPTON, Ind., April 11.—One of the worst storms in years visited here last night and played havoc with everything in general. The large smokestack was blown down. The electric light plant and wreck on the McIntosh Broom Factory, wrecking the elevator there.

Water pouring in where the large stack fell ruined a large amount of broom-corn which was stored in the McIntosh factory. The light plant was put entirely out of commission by the storm and it was necessary to put out the fire in the boiler house by hand. The plant stated the plant might be in shape to run by noon. Valves were burst and new parts had to be ordered.

All factories were out of commission because of lack of electricity. The storm also blew in several large windows. The power was off on the Indiana Union Traction line and cars were unable to proceed.

High tension wires were down between here and Anderson and one pole caught fire. Passengers were held up here yesterday for two or three hours after a hard storm at Anderson. Telephone poles were blown down here, several falling over the highways.

LEVEE GIVES WAY  
AT BEARDSTOWN, ILL.  
BEARDSTOWN, Ill., April 11.—The west end of Beardstown is flooding twenty-five square blocks of the city. There was no excitement as the six-foot levee caved in, since all inhabitants of the threatened territory moved out several days ago, taking their personal belongings with them.

City officials and National Guard officers figure it will take three hours for the river to fill the basin, which the levee protected.

Men Average \$70 Month.  
CHICAGO, April 11.—By International News Service.—Reduction of the wages of unskilled laborers on the railroads would be an act of wholesale infanticide," Frank P. Walsh, noted labor attorney, declared in an impassioned plea before the United States Railway Labor Board today.

"These men cannot support their families now on the wages they are receiving," he asserted.

He said they "average \$70 a month."

Ask Commission to  
Take Over Highway  
A delegation from the northern part of the State has asked the State highway commission to take over a section of road running from Albion to Columbia City, Indiana and Warren to the Blackford County line.

The road intersects with the Marquette State road and would give a direct route for the Tip Top trail, its proponents told members of the commission. They assured the commission that a fifty-foot right-of-way would be obtained, in compliance with the regulations for State roads. The delegation was told that the road probably would be taken over next year.

Among those who were in the delegation were Clarence Juller, mayor of Huntington, W. H. Ball, W. D. Hammer, W. F. Eberhardt, Curt S. Miller and George Wilson, all of Huntington.

Dry Raiders Find  
'Mule' in Grocery  
In a raid on George Perry's grocery, 217 North Senate avenue, Sergeant McGee and his squad of police found a "mule" in the shape of a "white mule" whiskey bottle. Perry was arrested on the charge of operating a blind tiger.

Earl Gunther, 800 West New York street, also was arrested on a similar charge. Gunther is alleged to have poured the contents of a half-pint bottle in some soup cans as the police entered his home. The police took the suds to the office of the city chemist.

BETTER THAN CALOMEL

Thousands Have Discovered  
Dr. Edwards' Olive Tablets  
are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild, sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take the place of the "gray" that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take the place of the "gray" that calomel does, but have no bad after effects.

Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is the pleasant little tablets that Dr. Edwards' Olive Tablets take its place.

Headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.—Advertisement.

TURN HAIR DARK  
WITH SAGE TEA

If Mixed with Sulphur It  
Darkens so Naturally  
Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray hair, faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and sulphur, and mixing them. All drug stores sell the ready-to-use product, improved by the addition of other herbs, and called "Sage and Sulphur Compound." It is very popular, because nobody can discover it has been applied, and it does not irritate the scalp or brush with it and draw this through your hair, taking one small strand at a time, until the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is the beauty of the hair, darkening the hair after a few applications. It also produces that soft lustre and appearance of abundance which is so attractive.—Advertisement.
