BRYANISMS

Says William Jennings Bryan:
"The so-called liberal victories at
the polls this week were really Re-
publican defeats."

"There is no popular demand for
the repeal of prohibition. The
conscience of America triumphed
in the adoption of prohibition—
the appetite of America will not
overthrow it."

"Some editors are writing editorials
that suggest they were written while
the author was under the influence of
liquor."

"Prohibition is not responsible for
the present crime wave—the war is.
"Light wines and beer have no
chance."

CHICAGO, April 15.—William Jennings
Bryan today declared that the "notable
liberal victories" claimed to have been
scored at the polls this week were not
liberal victories at all—they were Re-
publican defeats.

"The reaction against the Republican
Administration is so strong that Re-
publican members of Congress are likely
to suffer whether they are wet or dry,"
he asserted.

"The political pendulum is not swing-
ing back toward the wet candidates—and,
what's more, it won't."

"The conscience of America has tri-
umphed in the adoption of prohibition.
The appetite of America will not over-
throw it. There is no great public clamor
for the return of the saloon."

"The truth is there is a larger ma-
jority in this country back of prohibition
than there was behind any President
elected since the Civil War."

"Editorials day after day are encourag-
ing lawlessness. Some of these editorials
suggest they were written while the au-
thor was under the influence of liquor.
No sober man could write that way."

"It is about time for these so-called
liberals to take off the mask and de-
scribe themselves by a word that the peo-
ple will understand. They are the law-
less element in this country today."

"What they do want to do is to control
one branch of Congress and thus to re-
fuse to appropriate the money necessary
to the enforcement of the Volstead act."

LAWLESSNESS
VERSUS LAW.
"The issue is clearly drawn. It is law-
lessness versus the law."

Asked if he thought there was any con-
nection between the present crime wave
and prohibition, he replied:

"Only in the sense that prohibition
lessens crime. The crime wave isn't con-
fined to this country alone. It's world
wide. It's an after-the-war condition."

Mr. Bryan admitted he realized that
there is considerable crime in the world.
"Do you think, Mr. Bryan," he was
asked, "that there is any chance of light
wines and beer?"

"No," he replied. "The wets don't
want that. If beer and wine were
permitted, the owners wouldn't
obey the law any more than bootleggers
do now."

The 1924 campaign? It is a little too
early to predict, Mr. Bryan said.—Copy-
right, 1922.

INDORSE FIVE FOR EACH SIDE

Conference Puts O. K. on
Candidates.

Indorsement of five Democratic and five
Republican candidates for nomination for
State Representative, by the Marion
County conference for Non-Partisan Pro-
gressive political action was announced
today by Milton N. McCord, secretary.
Mr. McCord said the principal of the con-
ference "is to endeavor to correct the
evils that have been placed upon the in-
dustrial class whether organized or un-
organized, whether they belong to the
agricultural or manufacturing districts."

The Democrats indorsed are Edgar A.
Perkins, Peter O. Boland, Jerry O'Con-
nor, Martin H. Walpole and Louis C.
Hawkins, and the Republicans, John H.
Murray, Louis A. Barry, Thomas A. De-
ster, J. O. Brown and William F. Wilson.

All candidates for the Legislature and
House of Representatives from Marion
County and for the United States Senate
from Indiana have been sent question-
naires by the conference. About fifty
have replied, Mr. McCord said. A can-
didate for United States Senator may be
indorsed next week, he said.

sengers were injured early today when
a coach and three sleeping cars of West-
ern Pacific overland limited train No.
2, eastbound, which left San Francisco
Friday morning, were derailed two miles
west of Winnemucca, Nev. A broken rail
is believed to have caused the accident.

Hughes Sends New Missive to Mexico

WASHINGTON, April 15.—Secretary of
State Hughes has sent a new note to
Mexico in an attempt to settle the dif-
ferences between the United States and
that country. The whole tenor of the
note is understood to portend an early
agreement between the nations and
American recognition of the Obregon
government.

Operating Stills Near City Hall

Two ten-gallon stills in full operation
were captured today by Lieutenants Cox
and Stoddard at 408 East Ohio street,
within a block of the city hall. Charles
Anderson, 42, who said he is an actor,
admitted ownership of the distillery. Po-
lice said. He was arrested on a charge
of operating a blind tiger.

The lieutenants found the plant in the
attic of the Ohio street house. They also
discovered 100 gallons of mash, four
gallons of white mule whiskey, 25 pounds
of sugar, a whisky gauge and a large
number of bottles and jugs.

EXTENDS LAW TWO YEARS ON IMMIGRATION

Senate Adopts Joint Reso-
lution After an Amend-
ment.

HOUSE SAID TO CONCUR

WASHINGTON, April 15.—The Senate
this afternoon, by a viva voce vote,
adopted a joint congressional resolution
extending for two years the present law
restricting immigration into the United
States to 3 per cent of the number of
foreign nationals in this country when
the 1910 census was taken.

The resolution was passed by the
House on Feb. 20, and now goes to con-
ference. An amendment offered by Sen-
ator Harris, Democrat, of Georgia, to pro-
hibit all immigration for five years, was
voted down. The resolution, as passed
by the House, extended the law for only
one year, but concurrence of the House
in the two-year extension is expected in
conference.

CONTROVERSY OVER REILY NEARS CRISIS

Action Promised in Order to
Prevent Start of Im-
peachment.

WASHINGTON, April 15.—The long
dispute over the administration of the
Porto Rican government by E. M. Reilly,
governor of the island, is nearing a
crisis.

An ultimatum has been served upon
Republican House leaders by the non-
partisan group that unless steps are
taken by next Wednesday to clear up the
long standing controversy, impeachment
proceedings will be started against
Reilly. As a result it was learned today
that President Harding either will order
a thorough investigation of the island
dispute or quietly remove Reilly.

"Some action will be taken very
shortly," it was said, in an effort to stave
off the threatened impeachment proce-
dures against Reilly. A number of hur-
ried conferences on the Porto Rican
situation have been held the last few
days between President Harding and
House Republican leaders, who carried
word to the White House that impeach-
ment proceedings were being considered.

A decision as to what immediate action
is to be taken will be formed, it is ex-
pected, at a conference to be held to-
morrow or Monday by Harding and Sec-
retary Weeks. Demands for Reilly's re-
moval have been made repeatedly by the
powerful Unionist party in Porto Rico,
by the Porto Rican senate and by Res-
ident Commissioner Davis. President
Harding so far has upheld Reilly.

Reilly's last act to stir up controversy
was his alleged forcible ousting from
office of District Attorney R. Diaz Col-
lazo of San Juan. Collazo had been
instructed by a grand jury to return
indictments against Reilly and two other
American appointees on the island—Aud-
itor W. L. Kessinger and J. R. Hull.
Reilly's private secretary. The charge
was misappropriation of funds.

PASTOR GONE; OFFER REWARD

Has Been Missing Since
Wednesday.

PEORIA, Ill., April 15.—Rewards total-
ing \$225 are offered leading to the finding
of Rev. W. L. Leach, pastor of the Avery-
ville Methodist Church, dead or alive. No
trace has been found of Leach since he
disappeared last Wednesday night after
holding church services. One theory is
that he has been drowned; another is
that he is a victim of amnesia. Hundreds
of his parishioners and Boy Scouts are
searching the adjacent country.

Source of Russian's Wealth May Appear

Boris Bakhmeteff Summoned Before Senate
Committee.

WASHINGTON, April 15.—Washing-
ton's absorbing diplomatic mystery—
Boris Bakhmeteff, ambassador of the
long defunct Czarist government—may
be solved within the next few days.
Bakhmeteff will be invited to appear
Monday before the Senate Labor Com-
mittee to tell what he knows of General
Semenoff, Cossack chieftain, now in jail
in New York, and whom Senator Borah
wants elected from the United States
as an undesirable. Bakhmeteff is de-
clared, welcomed General Semenoff with

open arms when he came to Washington
recently.
Bakhmeteff has been playing the role of
the "man of mystery" by his continued
presence in Washington since the over-
throw of the Russian Imperial govern-
ment. His ability to maintain the palat-
ial embassy, purchased by the old
regime, has aroused great curiosity.
Where he obtains the money to "carry
on" and assist the wandering Russian
nobles who drift into Washington oc-
casional is one of the chief topics of
discussion.

'FRISCO POLICE COURT HAS MUSIC

Now 'Whur D' We Go F'm Here?'

Police court in San Francisco now
opens with music. Judge Sylvain J.
Lazarus has outlined his reasons for
adopting this unusual innovation for
the International News Service as follows:

BY SYLVAIN J. LAZARUS.
Judge Department 2, San Francisco
Municipal Court.

SAN FRANCISCO, April 15.—The other
day a photograph and some records were
produced in my court as evidence in a
larceny case. Moved by an impulse,
which the criminal might claim was un-
judicial, I directed that the instrument
be set in motion. The prisoners' dock
at the time contained in its customary
and of human derelicts and the body
of the courtroom was filled with the
usual aggregation of spectators whose
morbid fancy leads into the criminal tri-
bunal.

The melody accepted by the auditors
with surprise but also with gratifying
interest and decorous attention. The un-

Is Your Blood Good Blood Or Is It

Weak, Sluggish, Thin, Watery,
Without any Snap or Vitality?

You can tell by the way you feel.
You need Hood's Sarsaparilla to
make your blood rich, red and pure,
tingling with health for every organ
and tissue. You need it if weak and
tired day in and day out, if your
appetite is poor, sleep unrefreshing,
for humors, boils, eruptions, scrofula,
rheumatism, headaches, nervous
prostration. It is simply wonderful
to give strength to your whole body.
Why should you not get all the help
Mrs. Maloney did and more? Read
her letter:

"It was because my grandmother
when she was 80 took Hood's Sarsa-
parilla with so much benefit that I
have used it myself. I was troubled
with an eruption of
Sores and Boils
caused by impure blood. My head
and face were especially afflicted,

WASHINGTON, April 15.—Impeach-
ment proceedings may be instituted in
Congress against Federal Judge Charles
P. Orr of Pittsburgh and George W.
McClintock of Charleston, W. Va., as the
result of their recent decisions affecting
striking coal miners. It was declared to-

sued an injunction ordering the aboli-
tion of the miners' tent colonies in Min-
go County, West Virginia.

Joffre Breaks Capital Ground

LINCOLN, Neb., April 15.—Lincoln de-
clared a holiday today in celebration of
the visit of Marshal Joffre, French war
hero, and the breaking of ground for the
new \$5,000,000 State capitol. After re-
viewing 3,000 Nebraska National Guard
cadets, Marshal Joffre turned the first

KEEP LOOKING YOUNG

It's Easy—If You Know Dr.
Edwards' Olive Tablets

The secret of keeping young is to feel
young—to do this you must watch your
liver and bowels—there's no need of
having a sallow complexion—dark rings
under your eyes—pimples—a bilious
look in your face—dull eyes with no
sparkle. Your doctor will tell you 90
per cent of all sickness comes from inac-
tive bowels and liver.

Dr. Edwards, a well known physician
in Ohio, perfected a vegetable compound
mixed with olive oil to act on the liver
and bowels, which he gave to his patients
for years.

Dr. Edwards' Olive Tablets, the sub-
stitute for calomel, are gentle in their
action yet always effective. They bring
about that natural buoyancy which all
should enjoy by toning up the liver and
clearing the system of impurities.

Dr. Edwards' Olive Tablets are known
by their olive color. 15c and 50c.—Ad-
vertisement.

trouble lasted about two
months."
