## BRITAIN CUTS YEARLY BUDGET

Lower Army Costs Help in Reducing Government Expenses.

LONDON, May 1.—The British government expenditures for the fiscal year of 1922-23 are estimated at \$10,000,000 pounds sterling, which is approximately 300,000,000 pounds less than the expenditures of last year, according to an outline of the new British budget, revealed this afternoon by Sir Robert Horne, chancellor of the exchequer.

The army estimates for the new year are put at \$2,300,000 pounds, and the navy estimates at \$4,884,000 pounds. The expenditures last year were about \$100,000 pounds below the government's receipts.

## Premier Business Woman of Chicago Boomed for Mayor

CHICAGO, May 1.—Chicago's "best business woman"—Mrs. Jacob Bauer, was boomed today by her friends as the next mayor.

Mrs. Bauer, a social leader, prominent in national and state politics and administration of a \$1,500,000 estate, began her career as a stenographer.

After serving three terms as secretary of the Chicago postmaster, she married Jacob Bauer, president of the Liquid Carbonic Company. At Bauer's death in 1912, she knew more about the business than any other individual, and took over its active management.

Mrs. Bauer was admitted to the Illinois bar after completing a law course.

## Rushing East to Investigate Suicide

NEW YORK, May 1.—Percy Grainger, noted pianist, was rushing east from Los Angeles today to investigate the cause for his mother's plunge here from the sixteenth story window of an office building, and to take charge of her body.

Percy declares the mother, Mrs. Rose Grainger, committed suicide, although friends declare they know no reason for her ending her life, beyond the fact that she was in poor health.

## Cuticura Soap Clears the Skin and Keeps it Clear

Soap, Ointment, Talcum, etc. everywhere. Samples free of Cuticura Laboratories, Dept. 2, Malden, Mass.

## DOG HILL PARAGRAPHS

While the rain was falling hard the other day, several dishpans and buckets were set under the leaks at the home of Washington Hicks and quite a lot of music was enjoyed from it. Salem Barlow, who was present, accompanied the noise on his banjo.

Slip Pickets violated one of the city ordinances of Tickville last Saturday afternoon, when he crossed the street after the town marshal had told him to wait until a wagon passed, and like to get arrested, thereby.

Little Fidelity Filanders is preparing to depart early tomorrow morning for the Gulf Ribs neighborhood to let his grand-nia brag on his new pair of shoes.

PROWLER AT TOPSEY HOME. Albert Tonsey, 1546 Kappes street heard some one enter his home last midnight. He investigated and the prowler ran from the house through an unlocked door.

## Uric Acid Treatment

85c Bottle (32 doses) FREE

Just because you start the day worried and tired, with aching head, burning and bearing down pains in the back—worn out before the day begins—do not think you have to stay in that condition.

Be strong and well. Get rid of the pains, stiff joints, sore muscles, rheumatic suffering, aching back or kidney trouble caused by Acids.

Get more sleep. If your rest is broken half a dozen times a night, you will appreciate the comfort and strength this treatment gives.

Rheumatism, kidney and bladder troubles, and all other ailments due to excessive acid, no matter how chronic or stubborn, yield to The Williams Treatment.

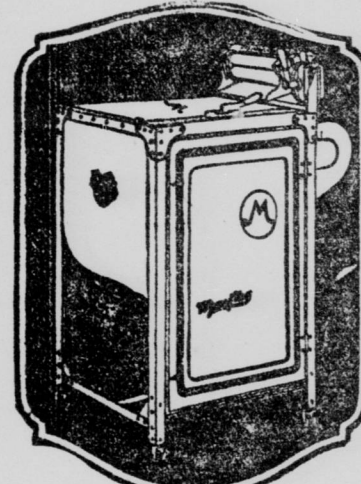

Send this notice and 10 cents to pay part cost of postage, packing, etc., to The Dr. D. A. Williams Co., W-2183, P. O. building, East Hampton, Conn. We will send you an 85c bottle (32 doses) free, by parcel post. No further obligation on your part. Only one free bottle to any family or address.—Advertisement.

## What Happens When Clothes are Placed in The Maytag Electric Washer

Your soiled clothes are placed within an aluminum cylinder, equipped with four rows of small openings. This cylinder is securely closed and when the current is turned on, rotates at high speed within the tank of hot and sudsy water.

The effect is that of a mill-race. The water, rich in cleansing soap, is forced with great intensity through the meshes of the fabrics within the cylinder. All fabrics are woven as meshes and it is within these meshes that the dirt accumulates. The force of the water drives out all foreign matter, yet does no injury to the fibre of the fabrics.

This process repeated but a short time efficiently and thoroughly cleanses all clothes subject to it—that's why the Maytag is such a success.
