

GENOAPARLEY IS ON BRINK OF COLLAPSE

Lloyd George Strives Bravely
to Avert Breakdown of
Conference.

SOVIET IS 'WAITING'

MOSCOW, May 4.—If the Genoa conference fails, Russia will approach the United States for a loan offering railway concessions as collateral, according to a report in the Moscow Daily of the International News Service today by M. Stokov, editor of the Communist organ *Izvestia*, and chief of the Soviet's publicists.

GENOA, May 4.—The Genoa conference tottered on the verge of complete collapse today.

Lloyd George through conferences

brought the whole structure of the conference to the ground, while the sauvet Russie appeared to be quietly waiting to complete the destruction.

The Soviet delegation, which has indicated it will reject the allied proposals, is playing its waiting game in the hope that an open breach between France and Great Britain will give Russia an opportunity to throw on the French all blame for a collapse.

The Soviets also hope to negotiate separately with the British, as they have with the Germans, and believe Lloyd George may come to agree to this because of the attitude of France.

The French delegation awaited instructions from Paris which would be, it is believed, to rebuke France's unacceptable opposition to conditions regarding return of private property as contained in the note to Russia.

Lloyd George was in direct communication with Premier Poincaré at Paris, making every effort to persuade the French premier not to adopt such an attitude.

FRENCH APPROVE PACT CONDITIONALLY

PARIS, May 4.—The French cabinet today approved, in principle, Premier Lloyd George's ten-year non-aggression pact, on condition there are reservations guaranteeing that the treaty of Versailles shall be scrupulously observed. An outline of the pact was submitted to the cabinet by Louis Barthou, head of the French delegation at Genoa.

DEMOCRATIC CHOICE NOT TO BE EASY

DR. JOHN N. HURTY

After twenty-five years as secretary of the State board of health, Dr. John Hurty entered a political campaign for the first time as a candidate. He was rewarded by the highest number of votes cast for a candidate for the Republican nomination for the Indiana House of Representatives.

THREE WORKMEN DROP 20 FEET

Three men dropped twenty feet, when a scaffold, on which they were working, gave way in the rear of a double house being built at \$21 and \$25 North Keyston street. All were employed as carpenters.

Chester Klock, 45, 945 King avenue, was seriously injured by a scalp wound. He was taken to the city hospital. George Simmons, 18, 837 North Keystone street, was slightly injured about the arms. E. C. Phillips, 40, 1217 Sturm avenue, said he was not hurt.

Dr. H. H. Glick gave first aid. W. F. Lehr, proprietor of a grocery at Michigan and Davidson street, is building the house.

3 of 5 Husbands of Madame Blue Beard Believed Poisoned

CLEVELAND, May 4.—Circumstantial evidence continued to pile up today against Cleveland's lady Blue Beard suspect.

Although examination of the exhumed body of her third husband to die under mysterious circumstances in the last few years had not been completed, Prosecutor Stanton announced other traces of arsenic or any other poison would lead to serious charges against her.

The woman's two children, who died of poison said to have been taken accidentally, were heavily insured. Stanton claimed to have learned today. He is working on the theory that she poisoned the last three of her five husbands so she could collect the insurance.

DEFECTS CAUSE POLLUTION OF PLEASANT RUN

Sewer System Repairs Will Be
Recommended at Once to
Commissioner.

Serious defects in sewer systems causing pollution of Pogues Run and Pleasant Run were pointed out in a report to the board of sanitary commissioners today by M. W. Tatlock, inspector for the board. The report will be turned over to the street commissioner with recommendation that repairs be made.

Clogging mud may cause raw sewage to flow directly into Pogues Run at Rural street, Temple avenue and Jefferson street, the report says.

Pleasant Run is polluted with sewage from the large septic tank caring for about half of Irvington. One corner of the sand filter of this plant was washed out by the recent heavy rains causing direct discharge into the stream. All septic tanks between Irvington and the mouth discharge directly into the run while a storm sewer overflows at Lowell Avenue and Sherman drive was discovered to empty into an open ditch, running about 100 feet along Lowell Avenue before emptying through common to the stream.

The Prospect plant of the Citizens Gas Company and the factory of the American Dresser Company will pollute Pleasant Run, according to Mr. Tatlock.

The board directed Charles H. Hurd, consulting engineer, to proceed with the construction of a night soil pit at Sellers farm. This will be 90 feet wide, 200 long and 15 feet deep. Instead of an open ground night soil will be dumped so as to be covered with water, topped by a film of creosote. The present method of handling has given rise to intense objection on the part of citizens of West Indianapolis.

OFFICIAL VOTE PROVES BIGGER THAN EXPECTED

(Continued From Page One.)

Democratic and 43,000 Republican. Such an estimated total vote will be 39 per cent of the total vote in Marion County for President in 1920. The total presidential vote was 145,577 of which 79,975 were Republican and 61,460 Democratic.

On the basis of 152 precincts, the average total official vote in Marion County was 288 and Democratic, 67.

The official tabulation of 152 precincts officially heard from gave New 17,820 and Beveridge 15,108, putting New 2,412 ahead. Ralston was far in the lead in the Democratic senatorial race with 6,300 to 3,111 for Sanders, 449 for Slivins, 221 for Shively and 102 for Howard.

Joseph T. Tamm had 1,735 for Democratic nomination for Congressman against 2,512 for Woodburn Masson Merrill Moore, stated by the Jewett-Lemcke faction, was far in the lead in the Republican congressional race. Moore had 3,459, McCray, 5,705; Becker, 5,406, and Hollingshead, 662.

Candidates on the Jewett-Lemcke slate were as follows: for senator were:

For Judge Superior Court, room 5, Judge Richard L. Erbwein; for Judge Juvenile Court, Frank J. Lahr; for county Clerk, Leonard M. Quill; for auditor, Harry Dunn; for treasurer, John L. Duvall; for recorder, John W. Castor; for sheriff, George Soder; and for commissioner, Joseph T. Tamm.

As in most parts of the State Beverage was strong in the rural precincts of Marion County. This was true even of country districts close to Indianapolis.

In the Sixth of Township Beveridge was 64 to 46 in New 28.

In the First of Marion townships, Beveridge had 96 and New 70 in the Fifth of Washington township.

The First of Marion township gave Beveridge 51 and New 33. The Second of Washington township was 88 to New 70; Beveridge and 75 to 40. In the Second of Center township, both got 30, while in the Fourth of Perry township it stood 88 for Beveridge and 33 for New.

Official returns bore out the conclusion made from unofficial reports that New crusaded through the Fifth and Sixth wards and negro sections of other districts.

The negro, however, was not enough to make the loss of Marion County serious to Beveridge.

The track in which there were three hives and countless bees, was left at Washington and Delaware streets.

The police were taking no chances at getting stung. They said Yost and the truck load of bees were "zig-zagging all over the street" when the arrest was made.

Dr. Jesse A. Sanders, wet candidate for Democratic nomination for Senator in Marion ahead of Samuel M. Ralston in several places in south side and close to him in most of this section. In the country district and the north side Ralston was far ahead. Sanders took many negro precincts.

Examiner Sanders' south side vote was the Second precinct of the Thirteenth ward where he got 50 to 41 for Ralston, Eighth of the Eleventh ward, thirty for Sanders and twenty-nine for Ralston and Third of the Thirteenth ward, where it was 119 for the wet and thirty-three for Ralston. In the Sixth of the Eleventh ward Sanders had forty-four and Ralston forty-four. The eleventh ward, Sanders and seven for Ralston. The Fifth of the Twelfth showed Sanders seventeen to Ralston eleven; Eighth of the Thirteenth ward, Sanders ninety and Ralston thirteen; Third of the Fifteenth ward, Sanders sixteen and Ralston fourteen; Fourth of the Thirteenth ward, Sanders fifty-eight and Ralston twenty-eight; First of the Eleventh ward, Sanders thirty-two and Ralston twenty-nine.
