REPORT FAILS TO VINDICATE BUREAU GROUP

'No Serious' Irregularities, but Probe Will Be Continued.

Special to Indiana Daily Times and Philadelphia Public Ledger.

WASHINGTON, May 12.—While the virtually completed report on the inventory of the Bureau of Engraving and Printing discloses "no serious" irregularities, Treasury officials said today the squad of Department of Justice agents investigating the big printery is still probing the plant.

The inventory report which will be presented to Secretary Mellon tomorrow is regarded by officials as a sweeping refutation of charges of widespread circulation of fraudulent and duplicated Government war bonds.

Treasury officials do not accept the report as a "vindication" of the discharged bureau officials. It was explained that the report is merely a check-up on assets of the plan. The inventory is not considered to be a clean bill of health for the institution. It was learned a discrepancy of about fifty sheets of bond paper in all departments was discovered. This shortage in paper may have happened during the past five years and is considered a remarkable showing, in view of the enormous amount of paper handled in turning out stamps, notes, bonds and certificates. Such mistakes might be charged, it was said, to errors of mechanical equipment, though no complete explanation on this score was attempted.

"Gets-It" —Painless Corn Remover

This Corn Remedy Is Guaranteed

No matter how tough or how stubborn it may have been, the corn or callus that is touched with a few drops of "Gets-It"

is doomed to a quick, easy, sure and painless end. Never again can it pain you. Soon you are holding in your fingers its entire remains—a single piece of dead, shriveled skin that you throw away—forever. Hard corns, soft corns, any corn.

Costs but a trifle—and guaranteed. Try it. E. Lawrence & Co., Mfg., Chicago.—Advertisement.

If Back's Lame or Kidneys Bother

Drink Plenty of Water and Milk—Start Flushing Them in the Morning.

Nine people out of ten overlook the fact that the kidneys like the bowels get clogged and lazy and need a purifying flushing now and then to help these delicately constructed organs filter all the waste and Toxins (Poisons) out of the blood; otherwise there is a retention in your system of Uric Acid and poisonous matter which when permitted to remain causes pain and dull misery in kidney region, headaches, rheumatic pains, disturbed rest and all sorts of annoying bladder troubles that excite and irritate the entire urinary system, creating distress.

To have strong, healthy kidneys and bladder, you simply must keep your kidneys clean and active so that they are capable of easily and normally filtering and expelling the poisons, neutralizing the acids and freeing your system of urinous wastes. No artificial drugs are necessary. Merely secure a package of Dr. Carey's PRESCRIPTION NO. 777 (Tablets or Liquid).

Hook's Dependable Drug Stores, Pearson Drug Co., and all good druggists have it. Take a little right after eating for a few days and your sluggish, tired out kidneys will then work with ease. It never disappoints, is pure, tastes good and for your health's sake its small cost is negligible. Ten days test will not disappoint your or druggist will refund your money. Insist on genuine.—Advertisement.

TRACHOMA IS GREAT SCOURGE

NEW YORK, May 12.—The great scourge among the children of the Near East is trachoma. This is a malignant eye disease.

It is prevalent in Egypt, Palestine, all of Turkey and Russia. It condemns the victims to blindness.

Dr. John McMullen, United States Public Health Service, says of trachoma: "When the disease attacks little children they pass dismal days endeavoring to shield their eyes from the light.

In one trachoma hospital at Alexandropol it is estimated that there are 6,000 cases.
