

## EMPLOYMENT REFLECTS AUTO INDUSTRY RISE

Thousands of Men Are Given  
Work in Month of  
April.

DETROIT, May 12.—Steady improvement in the automobile industry here is reflected in the employment situation, and Detroit once more is riding the crest of a wave of prosperity. Employment agencies for the first time in eighteen months report a slight surplus of jobs over the number of work applicants. Rooming houses, the Y. M. C. A. and hotels of the moderate rates all report keen demand for rooms from men returning to the city in search of employment. The demand for automobiles is unprecedented, the heads of Detroit factories declare. With the Ford Company taking the lead, all the automobile concerns are expanding daily. Thousands of men were given employment during the month of April, and unless the demand for cars takes a decided slump several thousand additional men, particularly those of the mechanical type will be assimilated during May.

Edsel Ford, president of the Ford Motor Company, said the company increased its employee list by 9,000 during the month of April. The Packard Company announces it will take on 1,000 men during May to provide for increased production. One hundred men are being given employment every day at the Highland Park and River House plants of the Ford Motor Company, and this policy will be continued as long as workers can be assimilated, Edsel Ford announced.

More than 4,500 additional employees will be put to work by the Fisher Body corporation on completion of its \$2,000,000 addition to the West End plant, officials announce. Building operations in the addition are nearly completed. The total employment of the plant after the new unit is in operation will be approximately 10,000. The addition itself is 1,000 feet in length and six stories high, with a floor space of 650,000 square feet.

## Two Held on Thefts of Money Orders

OLIVER STANTS, 322 Arlington avenue, and Roy Glascock, 1044 Odell street, were arrested on vagrancy charges after a large number of blank money orders were found in Stants' possession. Stants also had a small quantity of "white mule," so a tiger charge was filed against him. Mort E. Huff, proprietor of a drug store at 723 West Washington street, reported to the police two men had stolen several blank postoffice money orders from his store.

TRIAL OF PAGE-DELETED.  
SHELBYVILLE, Ind., May 12.—The trial of Robert Page, Indianapolis negro, charged with the murder of a 11-year-old negro girl, set for May 18 in the Circuit Court here, has been postponed on agreement of counsel. The new trial date will be fixed later.

## MAYBE SO ANNIVERSARY OF NURSE IS CELEBRATED

Florence Nightingale's 102d  
Birthday Observed by  
Hospitals.

The hospitals of Indianapolis and four thousand other hospitals throughout the United States and Canada held open house today and observed with special programs the one hundred and second anniversary of the birth of Florence Nightingale, "The Lady of the Lamp," whose work in alleviating suffering during the Crimean war and later in civil hospital administration in England, have given her the place of the foremost nurse of history.

In commemoration of Miss Nightingale's service to medical science in establishing nursing as a desirable and fitting profession for women, the Indianapolis hospitals threw open their doors to the public and conducted visitors through all departments of their institutions, to show the facilities for training young women in this rapidly growing profession. Demonstrations also were given to the women visitors of the best methods of home nursing. General visiting hours were observed in most of the hospitals from 1 until 5 o'clock.

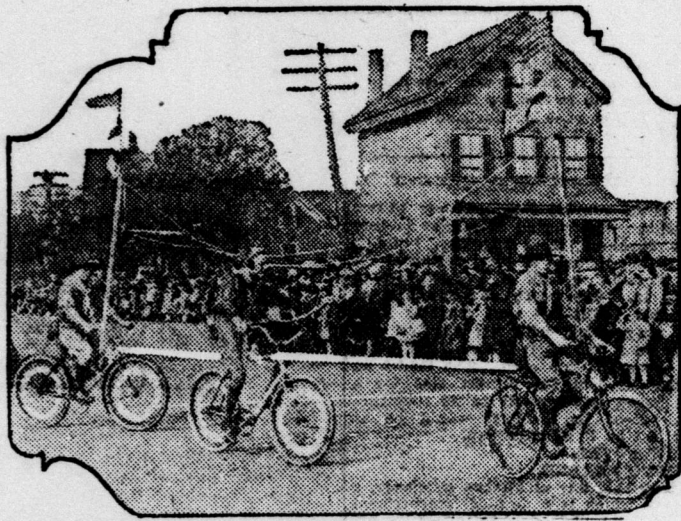

St. Vincent's Hospital held a reunion of nurses and internes. A radio program was given at the hospital during the afternoon and this evening the hospital will observe the twenty-fifth anniversary of the founding of its nurses' school. The program for the evening will include a playlet by the student nurses, several musical numbers and addresses by the Rev. Francis H. Gavisk, Dr. Frank Morrison, Dr. J. H. Oliver, Dr. O. G. Pfaff and Mrs. J. Herrman, one of the first graduates of the nurses' school.

## STOP ITCHING SKIN

Zemo, the Clean, Antiseptic  
Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, Eczema, blotches, Ringworm and similar skin troubles will disappear. Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.—Advertisement.

## Jersey City Boy Scouts Take Radio With Them on Hikes.

Boys, when you plan a hike, here's an easy way to take your radio set with you. Boy Scouts on parade recently in Jersey City, N. J., introduced the novel scheme.

They rigged up the aerial between masts lashed to two bicycles. The lead-in came down the middle to a receiving set fitted to a third bicycle between the other two.

A Boy Scout on each wheel, and the parade was read to start.

To insure the same distance between

the forward and rear bicycles, so as to keep the antenna from lowering or tightening, the boys lashed their wheels together by means of long poles. That kept them always the same distance apart.

But the fellow in the middle had all the fun! He heard the concerts, while the others looked on.

That was obvious, however, when the boys changed seats every few blocks.

The same stunt can be tried by any three or more boys on country hikes.

## Public Hearings on 3 Ordinances

Public hearings on three ordinances will be held prior to the opening of the regular meeting of the city council Monday evening. President Theodore J. Bernd announced today. The measures to be considered are those regulating the building height limit in Monument Place, annexing territory in the north-eastern part of the city between Thirty-Fourth and Fifty-fifth streets and annexing territory in the southeastern section near Churchman avenue.

## Dyed a Sweater and Skirt with Diamond Dyes

Every "Diamond Dyes" package tells how to dye or tint any worn, faded garment or drapery a new rich color that will not streak, spot, fade or run. Perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. For fifty-one years millions of women have been using "Diamond Dyes" to add years of wear to their old, shabby waists, skirts, dresses, coats, sweaters, stockings, draperies, hangings, everything.—Advertisement.
