"Certainly Did Wonders For Me"

Mrs. A. E. Hager, 909 London Road, Duluth, Minn., writes: "I have been taking your Cadomene tablets for the past month. They certainly did wonders for me, as I was so nervous I wasn't able to do my own housework; so sick and miserable. Now I can do all my own work and feel good all the time. My daughter and her husband have also been taking them, and they helped wonderfully."

Cadomene should be taken by any one who has symptoms of impoverished blood and weak nerves, like the following: Nervousness, sleeplessness, irritability, weakness, nervous indigestion, headache, backache, trembling at slightest mental excitement or physical exertion, cold extremities, uneasiness for worry or fear, lack of energy and "high spirits."

Cadomene supplies iron and phosphorus with other tonics that build up blood and Nerve Force. Take them and see how quickly they bring astonishing benefit to your poor "frayed" nervous system. All good druggists sell them. Ask for Cadomene tablets.

SHOOTING OF MAN AND WIFE PUZZLES COPS

Accountant Killed by Unknown Assailant While
Picnicking With Mate.

AURORA, Ill., May 22.—The mysterious circumstances surrounding the death of Eugene Hummer, an accountant, and the wounding of his wife, Beesie Hummer, were puzzling the Aurora police today.

Hummer and his wife were picnicking in Fox River park Sunday and were sitting on a bench along the river bank when a shot was heard. Mrs. Hummer cried "I'm shot." Hummer sprang from the bench and as he did so a second bullet came from across the river and struck him. He died on the operating table at the Aurora general hospital. Mrs. Hummer's wound is not believed serious.

Police think the bullets may have been fired by fishermen along the river or perhaps may have been fired by some party of poachers too plentifully supplied with "moonshine."

Witnesses reported seeing two automobiles speeding away from the park soon after the shots were fired.
