Mexican Assassins Make Second Unsuccessful Assault on American.

By United News
MEXICO CITY, July 5.—An unsuccessful attempt has been made to assassinate W. O. Jenkins of Puebla, according to reports printed in the Mexican press here.

Jenkins, an American, was involved in a sensational episode two years ago when he was thrown in jail by Mexican authorities after being kidnapped by bandits and held for ransom.

Jenkins escaped his would-be assassins unharmed, but two men accompanying him were killed, according to reports here. The attack is credited to agraristas.

Mexican military officials have turned the investigation of the Bielaski kidnapping case over to the civil court in the State of Morelos.
