

NEW PARLEY TO SAVE EUROPE IS BRITISH DESIRE

Plea to the United States to
Call Confab Made by
Newspaper.

NEW DIPLOMACY WANTED

Germany's Peril Equally En-
dangered All Europe, Basis
of Appeal to America.

By United Press
LONDON, July 10.—Plea to the
United States to call a conference to
save the civilization of Europe was
made today by the Daily Express.
The newspaper foresees the collapse
of Germany and bases its appeal to
America on the belief that Germany's
peril equally imperils all Europe.
The Express said that Secretary of
State Hughes inaugurated America's
"new diplomacy" at the Washington
disarmament conference, and greatly
succeeded.
The paper urges the United States
to try the "new diplomacy" again and
save Europe.

DOUBLE PERIL FACED

Defense Bill and Moratorium Fess-
lism Aggravate Chancellor.

BERLIN, July 10.—A double peril
menaced the cabinet of Chancellor
Wirth today.

First, violent opposition in the
reichstag to the defense of the re-
public bill.

Second, general pessimism over the
result of Germany's request for a
two-year moratorium on cash inden-
nity payments.

The defense bill aimed directly at
the monarchists was to be called up
in the reichstag this afternoon, hav-
ing been favorably reported. The
conservatives have publicly proclaimed
their intention of making a bitter
fight against the measure.

The steady decline of the mark and
the admission that the financial plight
is so desperate that the government
can not continue paying reparations
in gold, have caused nationwide pes-
simism.

MARK STILL LOWER

Germans Hope For Intervention by
U. S. and England.

By CARL D. GROAT,
U. P. Staff Correspondent.

BERLIN, July 10.—The mark, bar-
ometer of German finance, tumbled to
new low levels today as the Wirth
government placed the future of the
republic in the hands of the allies and
asked relief from its debts.
Germany, facing financial, indus-
trial and social collapse, looks to
England and America to bring pres-
sure on France so the latter shall not
press reparations claims too far.
From the French, unless London and
Washington intervene, the Germans
expect no mercy.

It required 2,425 marks to buy a
British pound sterling when con-
tinental exchanges opened after the
week-end.

JOINT ACTION EXPECTED

Allied Powers Will Get Together on
Moratorium Proposal.

LONDON, July 10.—The allied
powers are expected to take con-
certed actions on Germany's request
for a moratorium on cash indemnity
payments during the next two years,
it was learned today from official
sources.

British officials stated that Great
Britain will not act until the inter-
allied reparations committee makes
recommendations.

Won't Remit Payment

LONDON, July 10.—It is impossible
for Great Britain to remit the repara-
tions payments due her from Ger-
many in favor of the French, even to
settle the indemnity problem, Premier
Lloyd George told the House of Com-
mons this afternoon.

The nations are taking concerted
action in the reparations crisis and
a decision is expected within a few
days.

the railroad labor board in preventing
an immediate call for a strike of
signalmen and prospects of a similar
arrangement with the clerks and
freight handlers.

Goes Into Conference
E. H. Fitzgerald, head of the clerks'
union, went into conference with the
board after announcing that members
of his union had voted for a strike on
many lines.

Board members believed the clerks
and the signalmen would finally
accept the same conditions.
There were no prospects of any
settlement of the shopmen's strike.

The general attitude of the railroads
to fight the strike with Federal court
injunctions was evidenced as at-
torneys for the employers went into
court in many cities and obtained
writs preventing pickets from inter-
fering with workers.
