Rural St.; Robert Eugene Slack, 1916 E. Washington St.; Mark Allison Smith, 2630 N. Alabama St.; Earl T. Stucky, 642 N. Rural St.; Albert H. Sturm, 2105 S. East St.; Francis C. Vance, R. R. "B-1," Box 326; Louis A. Zeller, 230 E. St. Joe St.

Face Blind Tiger Charges
Albert Weese, barber, 1852 S. Meridian St.; John Bean, employee, and Charles Sudmeyer, owner of the building, were under arrest today on blind tiger charges. Eighteen half pints of whisky were found in the barber shop.

Negro Held for Theft

James Ash, 50, colored, 1301½ N. Senate Ave., was arrested today, charged with taking a watch and some clothing from the home of Mrs. F. Calvert, 1502 N. Missouri St.

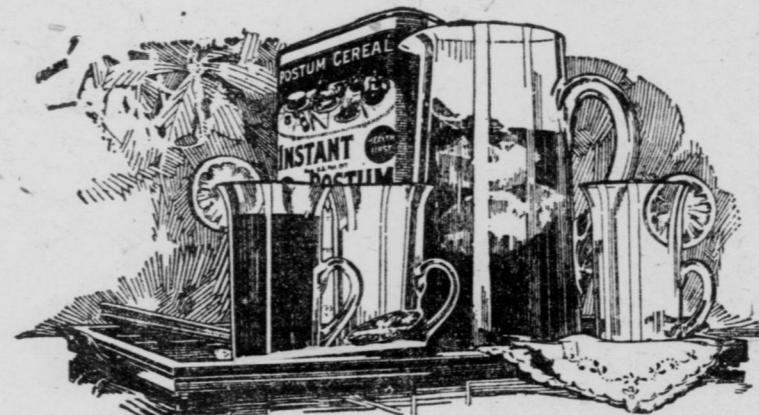

Loan Company Forms

Articles of incorporation for Berne Savings and Loan Association of Berne have been filed with the secretary of State. The capital stock is \$200,000.

Coal Company Organizes

Charles J. Whitlock of Terre Haute and Willie Louise Whitcomb and R. Whitecomb of Clinton have incorporated the W. & W. Coal Company at \$60,000.

ICED POSTUM

There's cool refreshment, satisfaction and health in the wholesome goodness of a glass of delicious Iced Postum.

PREPARE Postum as you usually do—making it dark and rich. Add cracked ice. Serve with sugar and lemon, or sugar and cream, as preferred.

Invite the children to share this delightful summer "cooler." Postum is a safe drink for everybody. Never a chance of harm to nerves or digestion. A happy safeguard for health, against the harmful elements of coffee and tea.

Postum, served hot or iced, is good for you—

"There's a Reason"
Sold by grocers everywhere!

Made by Postum Cereal Co., Inc., Battle Creek, Mich.

MOTOR NOTES

LONG OIL CAN RANGE

The oil can can be made to reach into far places by attaching a strip of copper wire to its spout. This is done by fitting a cork to the end of the spout and setting the wire into cork alongside the spout end. When a drop of oil comes out of the spout it flows along the wire to the farther end.

REMOVING LAMP RIM

When a headlight rim cannot be taken off by hand an easy way to remove it is by the use of a strap or belt. Place the belt around the rim and pass the end through the buckle. When the belt is drawn tight a sudden pull will loosen the rim without damaging the lens.

TEST FOR SPARK LEAK

A simple test to tell whether power is being lost due to a leaking spark plug is made by dropping oil around a cylinder attached to the floor behind the front seat. When the robe is needed it is pulled out and when it isn't in use it rolls up into the cylinder.

BOATS DEPOSE OUIJA

Summer calls for newer joys, Sales Woman Says.

"Sail boats and sand toys have taken the place of the ouija board and the stuffed money, at least for the summer," declared the saleswoman in the toy department of an Indianapolis store when questioned as to the most popular toys at this time of year.

Of course, the boat owners are rather limited in a choice of sailing places around town and sand beaches are few and far between in Indianapolis. But if the family will stand for it, one can always dig a mudhole in the back yard, turn on the lawn hose and enjoy all the pleasures of the sea shore right at home, she pointed out.

"Firewater" Is Charged
CHICAGO, July 19.—Chief Little Bear and his wife, Shining Star, wedded since 1896, each seek single freedom. Little Bear charges cruelty. Shining Star says "firewater."

by placing a wooden frame, the sides of which taper down, underneath the seat. The raised seat will look as shown.

FOR INACCESSIBLE NUTS

Nuts set into inaccessible places can be tightened or changed by the use of two end wrenches and a monkey or pipe wrench. The two wrenches are joined as shown, one is fitted to the nut and the monkey wrench is then clamped to the end of the second one. Then, by careful twisting, the nut can be tightened or loosened.

LAP ROBE ROLLS UP

A lap robe that rolls up like a curtain when not in use is being made for automobile drivers. The robe is encased in

the rim without damaging the lens.

TEST FOR SPARK LEAK

A simple test to tell whether power is being lost due to a leaking spark plug is made by dropping oil around

a cylinder attached to the floor behind the front seat. When the robe is needed it is pulled out and when it isn't in use it rolls up into the cylinder.

AMENDMENT OF FEDERAL LAW IS GRABLE'S DESIRE

Maintenance of Way Union Head Points to Lack of Definiteness.

By United Press

CHICAGO, July 19.—Amendment of the transportation act to define "a just and reasonable" wage is in prospect, according to President E. F. Grable of the maintenance of way organization.

Grable indicated that wage questions affecting his organization would be settled without resorting to a strike.

Senator Cummings of the Interstate commerce committee, will start hearings in the near future with a view to amending and clearing up the transportation law," Grable said.

What Present Law Says

"At the present time the law simply states that our men should receive a just and reasonable living wage."

"This wage should be so defined as to guarantee a man the right to raise a family. As his responsibilities grow his wage should grow in proportion."

Both Grable and board members were silent regarding the strike now in effect.

Grable sought and received assurances from the board that the applications for a rehearing of rules and wage agreements would be given immediate attention.

Grable said he had instructed the

general chairmen of railroads throughout the country to immediately take up the question of adjustment with their respective roads. As these matters are brought to the attention of the roads they will be taken before the board.

Kiwanians Plan Frolic

Annual mid-summer frolic of the Kiwanis Club will be held Thursday evening at Ma-Lo, Keystone Ave. and Fifty-Ninth St. Two hundred Kiwanians have made reservations.

Exchange Note

NEW YORK, July 19.—Clothes they previously stole from a downtown tailor were out, burglars returned to Ginsberg's and helped themselves to the latest styles, leaving the old suits.
