

ASSIGNMENTS BY METHODISTS WILL BE MADE MONDAY

Bishop Lee's Proposition to
Reduce Districts Will Be
Acted Upon.

THOUSANDS HEAR ADDRESS

Albert J. Beveridge Speaks at
Conference Session at
Greensburg.

By United Press
GREENSBURG, Ind., Sept. 16.—Next year's assignments in the Indiana conference of the Methodist Episcopal Church will be made Monday afternoon, according to prominent ministers attending the sessions here today.

Before the assignments can be made, however, Bishop Lee's proposition of changing the districts from eight to less will have to be decided upon, one minister declared.

Albert J. Beveridge, candidate for United States Senator on the Republican ticket, was the principal speaker yesterday afternoon.

His address drew a crowd estimated at 10,000. This was the largest attendance ever recorded at a conference session, the leaders said.

Bishop Lee will preach the annual sermon tomorrow morning.

In the afternoon a class of young preachers will be ordained. Following this a tribute will be paid to preachers who have served fifty years or longer.

DOWN AROUND THE OLD HOME TOWN

Lovely Fan
Scientific research, statistics and such always did interest a certain coed at Indiana University at Bloomington.

Hence, after a prolonged session at mathematical gymnastics, she announced that exactly 14.47 per cent of the organized coeds at the university wear their hair bobbed.

One girl estimated she had saved \$14.65 a month on hair net hair pins, "gluten grease" and shampoos since her locks were amputated.

There's a whale of a fish story originating at Warsaw, Ind. It seems anglers have been hesitant about admitting the presence of a sea serpent or some sort of monster within the broad waters of Little Chapman Lake. But several women who got a glimpse of the "fish" agreed, it was 18 to 24 inches broad, as big as a sawlog and weighed 400 to 600 pounds. Many verifications have caused the old-timers to no longer scoff but to have faith that some day perhaps they'll hook it.

Not only with deepest reverence but with fondest care, the Rev. James A. Brown, pastor of the Baptist Church at Adams, Ind., handled his Bible during his sermon last Sunday. The book is more than 300 years old, handed down from the days of Shakespeare and kept constantly in his family.

Many strange tales of unusual things that happened during the cyclone which destroyed Hedrick, Ind., on the night of April 17 have been told, but here's the strangest of all vouched for by three Hedrick men.

While the tornado raged, a limb from a peach tree was driven into the trunk of a small maple tree. As a result Glen Doney, Charles Holtz and Scott Hedrick each ate a large and luscious peach plucked from the maple tree.

Flappers' wings are not fanning the breeze in China. Miss Paula Seidelman has just returned to Evansville after six years spent in the Orient as a missionary and said it will be several centuries before American flapper styles become the vogue there.

Long distance championship of the cats that came back is held by "Sammy," a large black, battle-scarred Tom owned by Mr. and Mrs. Frank T. Stockton of Williamsport, Ind. When the family went to Vermillion, S. D. in 1917 he was taken along. In the spring of 1921 Sammy's fancy turned to Indiana. He disappeared. On their recent return here, Mr. and Mrs. Stockton discovered him perched on a fence and identified him by the scars on his back and his musical yowl.

CITY PLANS NEW LIGHT CONTRACT

Engineer Begins Study of Arrangements Made in Other Cities.

Instructions to prepare a new city street lighting contract were given City Civil Engineer John L. Elliott today by Mayor Shank.

The present contract, held by the Merchants Heat and Light Company, expires in May, 1924, but Elliott said it will require months of investigation and study to prepare terms of a new agreement.

Will Study Lighting

"I intend to study street lighting methods in the larger cities so the new contract will call for the latest methods," Elliott said. "I told the mayor the specifications would be put under the microscope and he said that was in accord with his wishes." Elliott said territory in which underground wiring is required probably would be extended east to the Monon railroad and south to Sixteenth St. It also may be provided the wires and fixtures in such a district become the property of the city at the end of the contract period, Elliott said.

An Editor Recommends

"5-DROPS" to Rheumatic Sufferers

Mr. L. P. Hill, editor Enterprise, Enaley, Ala., writes:

"I want to tell you that I have been living in this district for the past 27 years and there is no man that I better know than I am. I tell you this because I want you to know that I am no stranger to the people. About twenty days ago I was down on my back with the worst case of rheumatism and I began to use your medicine and in about a week I was on my feet again. People all over Birmingham and Enaley were astonished to see me get well so quick and wanted to know what I had done. I told them '5-DROPS' and every man who has the rheumatism knows what I mean. I will write to you of my remedy and I am sure it will increase the sale of your medicine."

Such evidence as this should be sufficient to prove to any person the value of "5-DROPS" in rheumatism.

"5-DROPS" is sold by the leading druggists in every part of the United States and Canada.
