

CITY AND COUNTY G. O. P. Factions PATCH UP PEACE

Shank Tells Courthouse Crowd
He Will Be 'Regular' if They
Let City Alone.

EVANS TALKS HARMONY

City Employees Expected to
Work on Registration After
City Hours.

If Republican county candidates will stop trying to run the city as well as the county and in other ways conduct themselves as nice regulation little candidates should, Mayor Shank will help them get elected.

This, in effect, was what Mayor Shank conveyed at a peace conference at Republican county headquarters Friday afternoon, it was learned today.

And, according to all reports, the candidates satisfied the mayor there would be no further talk of "ours with Bill Armitage" and "separate organization."

Accordingly the mayor permitted the announcement that city employees would be expected to work on registration, after city hours, until Oct. 2, the second registration day.

The mayor was so satisfied with assurances of good faith on the part of the candidates he indicated he might take back the order prohibiting John F. Walker, superintendent of street cleaning, from directing regis-

tration.

Prosecutor William P. Evans and Judge James A. Collins of Criminal Court were among candidates who bespeak harmony. Evans' attack on the Shank administration, resulting in the police shake-up last month, started the trouble between the city and county factions, it is said. He directed most of his fire toward William H. Armitage, chairman of the mayor's advisory commission and likewise chairman of the executive committee of the Republican county organization.

FORD SHUTDOWN AS PER SCHEDULE

Big Auto Plants to Close in
Protest Over Coal
Profiteering.

DETROIT, Sept. 16.—Nearly one hundred thousand Ford employees in various localities were to be thrown out of work at closing time tonight, when the huge Ford plants at Highland Park, Dearborn, River Rouge, Novi and many other factories engaged in manufacturing Ford parts and supplies were scheduled to close down, awaiting Ford's next move in his fight against fuel profiteers.

The first lay off occurred last night when 18,000 River Rouge employees were confronted with posters instructing them to turn in their tools and remain away from the factory until further notice.

SEEKS HUSBAND HERE

Kokomo Woman Reports Spouse Missing and Son Hurt.

Mrs. Clifford E. Bassett of Kokomo today appealed to the Indianapolis police to find her husband, who has been missing for a month.

Mrs. Bassett states her son was injured seriously in an automobile accident at Kokomo two days ago. Her husband left that city a month ago to work in Indianapolis and she has not heard from him since that time.

ARREST CHINESE

Police Take Seven in Tow on Gaming Charges.

Seven Chinese were scheduled to appear in City Court today to answer gambling charges. Pan King, 119 N. Alabama St., proprietor of a tea store, was charged with keeping a gambling house. The other six were charged with gaming and visiting.

FIND STOLEN BAG

Police Return Tools and Parts to E. J. Cooper.

Patrolman Oscar Merrill today found a traveling bag filled with tools and parts of an adding machine in the Courthouse yard.

E. J. Cooper, West Lafayette, last night reported the bag stolen from his automobile, which was parked in front of the Denison Hotel.

6 MILLION FIRE LOSS Government Wharf Burns With Death of Three Persons.

By United Press
NEW ORLEANS, Sept. 16.—Three to five lives are believed lost and approximately \$6,000,000 damage was the toll of a fire which started in a box car loaded with burlap near the Army warehouses here early today. It swept the 2,000-foot Government wharf.

MAY REFUSE TO REHEAR DISPUTE

Commission Members Take
Track Paving Case Under
Advisement.

The public service commission, after hearing arguments for a rehearing of the case of the city of Indianapolis versus the street railway company for paving between street car tracks, today was expected to deny the petition, though the case has been taken under advisement.

Taylor E. Groninger, corporation counsel for Indianapolis, and Merle N. A. Walker, attorney representing property holders, urged the commission to rescind its former ruling and to return the case to the "status quo" until the next session of the legislature should clarify laws involved in the case. Ferdinand Winter, counsel for the railway company, objected vigorously to this procedure, holding that the order of the commission in compelling the city to do the paving was just and reasonable.

CRAMPS, PAINS AND BACKACHE

St. Louis Woman Relieved
by Lydia E. Pinkham's Veg-
etable Compound

St. Louis, Mo.—"I was bothered with cramps and pains every month and had backache and had to go to bed as I could not work. My mother and my whole family always took Lydia E. Pinkham's Vegetable Compound to my friends for female trouble."—Mrs. DELLA SCHOLZ, 1112 Salisbury St., St. Louis, Mo.

Just think for a moment. Lydia E. Pinkham's Vegetable Compound has been in use for nearly fifty years. It is prepared from medicinal plants, by the utmost pharmaceutical skill, and superior methods. The ingredients thus combined in the Compound correct the conditions which cause such annoying symptoms as had been troubling Mrs. Scholz. The Vegetable Compound exerts a restorative influence of the most desirable character, correcting the trouble in a gentle but efficient manner.

NEW BATTLE CRY BY OLD GUARD TO LAND VOTERS

Slogans Being Dusted Off for
Use During Next Six Weeks
of Activity.

LABOR IS PROMISED MUCH

Campaign Will Seek to Offset
Effects of Daugherty's
Strike Injunction.

By LEO R. SACK
Times Staff Correspondent
WASHINGTON, Sept. 16.—With what seems an irresistible undercurrent of progressivism sweeping the country, G. O. P. old guard leaders here are planning an opposition campaign between now and the November elections with "We are on the eve of the greatest industrial revival ever known" as their battle-cry.

Just as "back-to-normalcy" was the one great issue in 1920, a paraphrase of that slogan will be used during the next six weeks in an attempt to stem the tide of dissatisfaction which set in more than a year ago over the old guard's failure to make good their platform promises.

Promises to Labor
Leaders plan to offset nation-wide resentment in labor circles against Daugherty's sweeping injunction and the Administration's attitude in the strikes, by promises of an "era of plentiful employment," a "full dinner pail," and that "the revival is now upon us."

Big business supporters of the Administration are being appealed to to

"go slow" for a while, and declare a truce in their war on labor, the general onslaught made on unionism by Wall Street having had anything but a wholesome effect.

OPPOSES PARTIAL ANNEXATION PLAN

Claycombe, Sponsor of Broad Ripple Measure, Wants
Whole Town.

City Councilman Lloyd D. Claycombe, who introduced the ordinance annexing Broad Ripple, said today he did not favor a proposal of remonstrators that only that part of the town lying south of Fifty-Ninth St. will be taken in.

Harry C. Hendrickson, attorney for the opponents of annexation, said he had informed counsel for the city his clients would not oppose absorption by the city of only part of the town.

"I introduced the ordinance at the request of people all over Broad Ripple and because I thought it was the best thing for the town and city. I'm not disposed to change my views unless some new and strong arguments convince me," said Claycombe. "It would be difficult for the city to take only a 'bite' out of Broad Ripple because the town would have to annex such a section first."

The "Boom" Heard 'Round the World

The spectacular building boom that the city is enjoying has ceased to be a town topic. It has become noised about all over this country.

Very few cities have made such a wonderful building record this year as Indianapolis. Twelve million dollars were expended for new buildings during the first six months of 1922, and each month is breaking all previous records.

This company has had no small part in this rapid expansion of the city's business and residential sections. Edison service follows the flag of progress wherever it goes. The number of new homes and business houses connected up during the past few months has exceeded all records.

Edison service protects the users of Direct Current Energy from danger, inconvenience and loss.

Another Motor Generator Sub Station is being installed in the rear of 48 Monument Place, which will contain three 2,000 K. V. A. Motor Generator Sets. These sets for use in the downtown Direct Current district.
