

HOOVER EXPECTS BETTER MARKETS

Demand for Foodstuffs to Supply Europe Predicted by Commerce Head.

By United News

WASHINGTON, Sept. 29.—American food markets shortly will be flooded with European purchasers, seeking foodstuffs to tide over the serious crop shortages prevailing throughout Europe, according to Secretary Hoover.

With Europe facing a wheat shortage alone of some 100,000,000 bushels, to say nothing of the market failure of other crops, Hoover predicts that the western continent will turn to the United States for relief.

At present, he said, there is a lull in foreign purchasing of American foodstuffs. This is due to the fact that the foreign nations are desirous first of exhausting their own limited supplies.

REPORT PROFIT ON LABOR OF INMATES

State Prison Officials Show \$50,000 Made on Manufactured Goods.

Approximately \$50,000 will be turned over by the Indiana State prison at Michigan City to the State as the profit of the institution for the fiscal year, according to a report submitted to Governor McCray. The receipts from sale of articles manufactured at the prison were \$916,508.78, as compared with \$473,523.69 last year and \$681,220.55 for 1919-20.

Prison officials informed Governor McCray the pay system recently instituted after the enactment of a law making this possible has been a great boon to the prisoners and an added incentive for industry. Approximately \$50,000 has been paid to the inmates this year, the minimum figure for wages having been 13 cents a day. From \$1,500 to \$2,000 monthly has been sent to families of inmates.

Binder twine, clothing, shoes, monuments, road signs, tinware, tobacco, furniture and various kinds of weaving are included in the industries carried on within the prison walls.

HONORARY POLICEMAN RETURNS 'Corinne', Favorite in 1880, Reappears at Keith's

By WALTER D. HICKMAN.

On the afternoon of April 23, 1881, Corinne, then an "infant prodigy," visited the White House at Washington, D. C., as the special guest of President Garfield and the then First Lady of the Land.

During her visit there, President Garfield placed his autograph in her album, which contained the names of many prominent people.

Next Monday afternoon, the same Corinne, but aged by many years, will appear on the stage of B. F. Keith's in

Lizzie Wilson, Joseph J. Sullivan, Tony Williams and Mae Kennedy.

In Indianapolis on Dec. 22, 1880, Corinne, after appearing in the policeman's chorus number at the Park Theater, was presented with a gold badge as an honorary member of the Indianapolis police force.

"The Fast Mail" Booked

A movie has been made of Lincoln J. Carter's "The Fast Mail," which was a thriller on the stage years ago. This movie, if all reports are true, is

The original Corinne as she appeared as the Sergeant in "The Pirates of Penzance," at the old Park Theater, Indianapolis, in December, 1880. She is seen wearing a police badge which was given to her when she was made an honorary member of the Indianapolis police force. The ponies and carriage were used by the infant Corinne when she appeared as "Cinderella." The same Corinne, but grown up, will be at Keith's next week.

an act with other old timers, "Stars of Yesterday."

At the time Corinne was received by President Garfield in the Blue Room, she was appearing in "The Magic Slipper." She appeared in a burlesque upon the fairy story of Cinderella. She also appeared in the famous policeman's chorus from "The Pirates of Penzance." At that time, the infant Corinne owned a beautiful pair of ponies which were used upon the stage as well as to haul the pretty little Corinne to the theater.

Those days have passed, but Corinne is on the stage again. She is associated this time with Barney Fagan.

36 GIVEN PAPERS

Thirty-six applicants for full citizenship passed the naturalization examinations before Judge W. W. Thornton in Superior Court, Room 1. Nine were rejected, two because they had claimed exemption during the war on the grounds that they were aliens, two because they had violated a law in the past five years, two because they had not been in the country five years, and another because he was unfamiliar with the Government.

Two men failed to appear. Seventy-six more applicants will be examined today and Saturday.

ASKS RECEIVER

The Superior Court was asked today to appoint Paul F. Walton, owner of a store at Oakland, Ind., receiver for the business to protect creditors of the business in a suit filed today by Hamilton, Harris and Company.

Louisiana Lady Says She Has "Never Found Anything Better Than Cardui for a Run-Down Condition."

"It would be hard for me to tell how much benefit I have derived from the use of Cardui," said Mrs. I. G. Bowman, of 1319 Front Street, Morgan City, La.

"I was so run-down in health I could hardly go.

"I was thin.

"I had no appetite.

"Could not rest or sleep well.

"I was so weak, and so very nervous, I was no pleasure to myself or any one else.

"I suffered some pain, but the worse of my trouble was from being so weak and easy to get tired and out of heart.

"This nervous condition was worse than pain.

"Some one told me of Cardui, and I decided to use it.

"After using a few bottles, I regained my strength. I wasn't so nervous, and began to eat and sleep, and grew stronger and was soon well.

"I have never found anything better for a run-down condition."

If you suffer as this Louisiana lady did, it is reasonable to suppose that you, too, will find Cardui helpful for your troubles, as thousands of women have.

Run Down People Need Vitamins Found in Utica Club Pilsener

Before the Volstead act went into effect one of the great English brewing companies was doing a tremendous business in the United States in one of its products, which was sold largely to invalids. This was Bass Ltd. and Bass Ale was a famous tonic all over the country for many years.

Utica Club Pilsener contains the same ingredients as this famous Ale and is as beneficial to invalids, convalescents, etc.

The tonic property of a proper combination of hops and malt has been recognized by the medical profession for years. In Utica Club they are combined properly to have the full medicinal value, and also to produce the remarkable flavor which many people claim cannot be distinguished from that of the old style beverages.

Science has also recently found that Utica Club Pilsener contains vitamins, which your system cannot get along without. Brewed yeast, such as used in Utica Club, is one of most prolific sources of vitamins known.

Get Utica Club for those dear ones who are recovering from or threatened with a severe illness and need a tonic—you will find it truly beneficial.

Order a case today. If your grocer does not carry Utica Club, phone the Monument Bottling Co., 912 N. Davidson St., Indianapolis, local distributor. Phone Main 1212.—Advertisement.
