

ECHOES DOWN THROUGH YEARS

Stars of Yesterday 'Comeback' Strongly at Keith's

By WALTER D. HICKMAN

The sweetest echo of years ago is heard again.

Corinne is the echo, singing "Rosie, You Are My Posie."

The same Corinne was on the stage even before 1880 and she is on the stage today. A little lump of joy came into my throat when Corinne, with her magnetic guitar, stepped on the stage at Keith's yesterday afternoon. The years have been kind to the voice, the form, the eyes and even the mind. She was at the height of her glory during the world's fair in Chicago, and today she is being received wonderfully by the older ones as well as the younger generation.

Corinne isn't the only old-timer of fame with "The Stars of Yesterday." The curtain goes up as Tony Williams is telling his "granddaughter" of the old days. This serves to introduce Corinne, Lizzie Wilson, of wooden shoe fame, Barney Fagan, who at the age of 73 still shuffles his feet in perfect time, and Joseph J. Sullivan, who wrote "Where Did You Get That Hat?"

These old-timers, bless every one of them, get right into your heart, not because they are old, but because they have staged a wonderful comeback. They still give you your money's worth.

Anita Diaz opens the bill this week with her educated monkeys. I have said in previous seasons that this is the best animal act on the stage. It still is.

Smart dancing and clever songs are offered by Ed Lowry and Irene Prince in "Vest Pocket Follies." Harry J. Conley and Naomi Ray still are convincing the audience with "Rice and Old Shoes."

Wells, Virginia and West have a new idea in presenting dances. B. C. Hillman, who composed "Buddies," and Jim Kilpatrick know how to introduce the piano to an audience as it should be done.

Mel Klee, still in black face, sings and gets confidential with the audience and the audience liked him yesterday.

The Stanley brothers, gymnasts, close the bill.

At Keith's all week.

Lights Up at English's

English's opened its regular season last night about four weeks later than in former years. "Bringing Up Father on His Vacation" opened the 1922-1923 season.

This is just a popular-priced musical comedy based upon the cartoons by George McManus. This show makes no pretense of being a high priced show. It must be judged in its class. As a popular-priced cartoon show, this one stacks up fairly well. The principals are better than in an average cartoon attempt to entertain.

Walter Vernon is Jiggs, Louise Earle is Maggie, Katherine Gorman is Kitty and J. W. Clifford is Dinty. There are other principals and a chorus.

Between Jiggs' attempt to deceive his wife, numerous song numbers and dances are introduced. A Chinese number in the first act is the best. In the second part, "Old Time Tunes" is the number which stands out.

Personally, I don't care for any cartoon musical comedy, but this show will probably round out a lengthy and a profitable season while the houses in the larger cities "starve to death" with high class attractions.

The engagement closes Wednesday night at English's.

Concerning "The Rose Girl"

In "The Rose Girl" we become acquainted with another style of a Shubert "unit" show. This is the first time this season that the Shuberts have condensed a musical comedy which enjoyed more or less popularity when presented on the stage as a complete evening's entertainment.

"The Rose Girl" has been nicely produced from a scenic standpoint. The cast was better than I expected. Louis Simon and Shop Camp handle the comedy roles in such a way as to make their work stand out. They know comedy values. Simon is at his best while "butting" in Mrs. March's role. The duel scene, although not high comedy, is good for real laughs.

One Wilbur as the flower girl has a voice. Robert Ballard makes a real head-solder out of Captain Victor La Grade. He can sing. Harry Coleman is satisfactory. The real surprise is the dancing of Cortez and Peggy. Their specialty in the vaudeville section of the show is easily the best thing on the bill. The cast includes Almsworth, Arnold, Hattie Hoff, Lella Romer, Gladys Hart and others. A chorus is used.

"The Rose Girl" has some pretty melodies, such as "My Eyes Are All to Blame" and "There Comes a Someday."

Nathal, the featured offering with the show, is all in Chicago and has been unable to appear so far. This left the vaudeville section of the bill in a chaotic condition.

Hog and Pauly open the show in a noisy and talented thing called "The Dog Dealer." It is impossible. Hattie Althoff and sister offer a piano and singing act. The pianist has ability, but the soloist suffers by several poorly selected numbers and a tendency to be too dramatic.

Louis Simon appears in a night gown and bare feet in a silly hospital playlet, called "Peck and Pack." It has a couple of "hoakum" laughs and that's all.

Cortez and Peggy appear in two splendid dance numbers. This gifted pair save the vaudeville section of the show as it stood when reviewed.

It must be remembered in fairness that vaudeville offerings are distinct and separate from "The Rose Girl." At the Shubert's mark all week.

A Well Balanced Bill

A well balanced bill, headed by Shura Kulowa and her Imperial Ballet, is offered at the Lyric this week.

The ballet is cleverly arranged and the artistic effect is pleasing. Shura Kulowa can dance, and so can her male partner and the four pretty girls who assist in the act.

Lillian Burkhardt offers a comedy sketch called "Mother's Right Here." Miss Burkhardt is clever and the act is highly entertaining.

The Melroy Sisters offer character songs and dances. Both girls dance well and one puts over a college boy song in a clever manner.

The Rinaldo Brothers, with bronzed bodies, offer studies in Roman art.

DASHING

LELIA ROMER

All musical comedies of foreign atmosphere have in their cast a dashing elderly maiden who is quite wise. "The Rose Girl," now at the Shubert, is no exception to the rule. Miss Romer plays the role of Mrs. March, proprietress of Casino. She plays madame with flaming "red" hair.

They do some clever acrobatic stunts. Gleason and Browning play several musical instruments. The act runs to "nut" stuff and has some merit. Otto and Hammer offer a comedy act, with a line of patter on hunting. They have some good material and put it over. Grindell and Esther get their comedy out of the thinness of the male member of the team. Their best work is their harmony singing.

Bell and Gray close the bill with a fast wire walking act. (Reviewed by J. K.)

The Palace Starts Something

There is a whale of a big show at the Palace this week.

It is one of the biggest combination vaudeville and movie bills I have seen in many a day.

It's a regular three-ring circus.

Anita Stewart in "The Woman He Married" is the movie feature of the bill.

Nice work on the part of Miss Stewart. Direction is competent and suspense fairly well sustained.

In the vaudeville part of the bill is a boiled down edition of the stage farce, "Parlor, Bedroom and Bath."

Helen Goodhue is playing the breezy feminine role and getting away with it in good style.

"The Runaways" starts out simple enough but ends up in a pleasing set with some good popular tunes. A Baldwin Stone is responsible for the melody which includes several pretty numbers. The act is staged in good taste.

Martini and Sullivan offer a comedy magic act. The magician should refrain from finding fault with the audience for not laughing. Fage and White, a black face act, engage in conversation and melody.

Another act which has a featured position is "Carnival of Venice." It is a musical offering, atmospheric and melodious. Joseph Regan and company appear in "Irish Moments." Regan is a singer of sweet songs.

The usual movie novelties make up the bill.

Chorus girls have much to do in the "London Gaiety Girls" at the Broadway this week. One of the girls leads several song numbers, others read specialties and one member of the chorus offers a big surprise in the finale.

The show is composed of comedy hits, specialties and songs, without any suggestion of a plot. Each member

of the chorus has a part to play.

"Mother Why Not Try The Newer Form Of Iron"

And Be Strong and Well and Have Nice Rosy Cheeks Instead of Being Nervous and Irritable All the Time and Looking So Haggard and Old?

"The doctor gave some to Susie Smith's mother and she was worse off than you are and now she looks just fine."

There can be no healthy, beautiful, rosy cheeks without iron. Good physicians have long emphasized the fact that doctors should prescribe more of the newer form of iron—Nuxated Iron.

For their nervous, run-down, weak, haggard-looking patients. When the iron goes from the blood of women and children, the blood is weak and the vitality from their bodies.

This newer form of iron, like the iron in your blood and like the iron in certain green vegetables, is highly recommended to thousands who wish quickly to increase their strength, power and endurance.

It is surprising how many people suffer from iron deficiency and do not know it. Iron is absolutely necessary to enable your blood to change from living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you the proper amount of good. You don't get the strength out of it, and as a consequence you become weak, pale, and sickly-looking, just like a plant trying to grow in soil deficient in iron.

You can tell the women with plenty of iron in their blood—beautiful, healthy, rosy-cheeked women, full of life, vim and vitality. You can get Nuxated Iron from any druggist under an absolute guarantee that it will do the same for you or your money back. On sale at Hook Drug Co., Heng Drug Co. and Henry Huder—Advertisement.

ber seems to try and beat the rest putting "pep" into the show. Benny Small and Eddie Welch handle the comedy end of the show and Jack Wolf sings and dances well. Dolly Webb, prima donna, and Clair Gray, a good-looking blonde ingenue, have much to do. Francis and Milford offer a clever specialty turn.

A comedy male quartette and an old-time banjo player are other features of the show.

Comedy and Movie on Bill

The Rialto combining musical comedies with movie entertainment this week is presenting "Hitting the High Spots" and "The Girl From Rocky Point."

"High Spots" is a musical comedy, employing the services of several principals and a chorus. Specialties are introduced.

The movie feature, "The Girl From Rocky Point," deals with certain typical hypocrites who live in small towns. Most of the action takes place in a fishing village.

Due Thursday

Theatergoers have every reason to expect much from Pauline Lord in "Anna Christie," which comes to the Murat Thursday night for three days. This is a prize-winning play which made good on Broadway.

On the Screen

The following movies are on view today: "The Fast Mail," at the Apollo; "Manslaughter," at the Ohio; "From Rags to Riches," at the Circle; "Moonshine Valley," at the Isid; "Bull Dog Courage," at the Isis; "While Satan Sleeps," at the Colonial, and "Cross Roads," at the Regent.

IF YOU ARE WELL BRED

You do not bring a guest to a dinner party, dance or any function to which invitations have been issued without getting permission from your hostess.

If, however, her plans are already made and she cannot include another guest, you bear no resentment if she refuses. Such a course is not unusual.

ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on the package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-four years and proved safe by millions for Colds, Headache, Toothache, Lumbago, Earache, Rheumatism, Neuralgia, Pain, Pain.

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of twenty-four and 100. Aspirin is the trade mark of Bayer Manufacture of Monoacetic Diester of Salicylic Acid.—Advertisement.

ECZEMA IS ONLY SKIN DEEP

No internal medicine will cure Eczema. Only by the application of CRANOLENE, the great external remedy, can the Eczema be cured. Do not delay. Write for free test treatment; address Cranolene, Dept. D, Girard, Kan.

"Sleeps Like a Plow Boy"

"I suffered for 20 years with Eczema in the worst form. I tried all over the body CRANOLENE and it did all over the body. I sleep like a plow boy."—J. McCracken, Johnson City, Tenn. (Written two years after using CRANOLENE.)

Illinois Central System Urges Co-operation in the Movement of Coal

The Illinois Central System is facing the problem of providing coal cars for transporting fall and winter bituminous coal supplies from the mines to its patrons. Ordinarily this task is performed partly during the summer, before the heavy traffic occasioned by the movement of the crops begins. Owing to the miners' strike in the bituminous coal fields, which continued for nearly five months, from April 1 to August 22, the heavy movement of coal and the movement of the crops come at the same time this fall.

During the miners' strike the side tracks of the railroads were crowded with many thousands of idle coal cars. Reserve supplies of coal were exhausted, and all coal bins are now practically empty. Every informed person will appreciate that no railway system could keep itself adequately equipped to meet such a situation as this. However, the Illinois Central System organization is proceeding to the task of moving as many tons of coal from the mines to dealers, consumers and industries as it is humanly possible to move with its facilities.

By the prompt loading and unloading of cars and by direct billing of cars to avoid delays occasioned by reconsignment coal mine operators, coal dealers and coal consumers can aid materially in accelerating the coal movement. With the people demanding coal to keep them warm and prevent suffering this winter and with industries demanding coal to keep up production, thus avoiding unemployment, every person should constitute himself or herself a committee of one to see that no coal car is delayed for even one unnecessary hour.

We appeal to coal mine operators, coal dealers and coal consumers to co-operate with this company in preventing unnecessary delay in the loading and unloading of coal cars. We believe that the prompt movement of coal cars has never been so necessary as it is at this time. We also believe that, if we receive 100 per cent co-operation from coal mine operators, coal dealers and coal consumers in the prompt loading and unloading of coal cars, no one dependent upon the Illinois Central System for transportation will suffer from cold this winter.

About 75 per cent of the bituminous coal loaded on the Illinois Central System rails is unloaded at destinations on other lines. Therefore, one of our problems is to get cars unloaded promptly on our connecting lines and returned to us for quick delivery to the mines. In this we need and ask the greatest co-operation even of those whom we do not directly serve.

The Illinois Central System owns 30,667 open top cars suitable for coal loading. To this number should be added 5,000 new coal cars which we have recently purchased. Two thousand of these cars are now being delivered, and delivery of the remaining 3,000 has been promised in November in time to take part in the heavy coal traffic this fall.

One of the responsibilities devolving upon a railway system is that of constantly adding to its equipment in order to discharge faithfully its duty to its patrons. In addition to the 5,000 new coal cars which we are adding to those already owned, we are this month receiving deliveries of sixty-five new locomotives which were ordered last July.

The aggregate cost of cars and locomotives bought by the Illinois Central System this year amounts to more than \$14,000,000. Yet, in spite of this and the further fact that this railway system has expended more than \$180,000,000 for enlargements and improvements to its property in the last twelve years, its capacity for serving its patrons this fall and winter may be inadequate.

We ask our patrons to consider carefully all of the obstacles which have confronted us and the other railroads before framing an opinion in regard to why the capacity of the railroads is sometimes not equal to demands.

Constructive criticism and suggestions are invited.

C. H. MARKHAM, President, Illinois Central System.

IF BACK HURTS TAKE SALTS FOR KIDNEYS

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness, all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also helps neutralize the acids in the urine so it no longer irritates, thus helping to relieve bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent drink; water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.—Advertisement.
