

# REPAIR EXPENSES ARE LESS, WHILE WORK IS GREATER

Street Maintenance Economies  
Shown in Engineer Elliott's  
Latest Report.

The city asphalt repair department has made approximately one-third more street patches so far this year than in all of 1921 at approximately one-half the cost for labor, City Civil Engineer John L. Elliott announced today.

Last year about 500 tons of asphalt were used in street repairs. So far this year approximately 700 tons have been used, not to mention old asphalt which has been worked over for small patches in cold weather, an innovation this year.

Elliott said the department has spent on materials to date \$48,000. Last year \$55,430 was the cost.

For salaries and wages this year \$32,000 has been spent, as compared with \$63,462.32 last year. The total labor cost this year will approximate \$25,000, Elliott estimated. The wage rate was the same both years.

For salaries and wages at the city asphalt plant the cost this year has been \$11,355 and probably will be \$13,000 for the year. Last year it was \$14,188.

Until this year asphalt repair has been in charge of the street commissioner. The Shank administration had it changed to the engineering department so trained engineers could supervise.

Elliott said he planned to keep one gang of asphalt repairmen working until Dec. 1, and probably one brick and block street gang until Jan. 1. It has been customary to suspend street repairing about Nov. 1.

## SALESMAN STANDS BEHIND WOMAN

Dilted Fiancee of Candler Gets  
Reassuring Word From  
Witness.

By United News  
LOS ANGELES, Oct. 13.—Wilbur Leggette, who claimed he was the "traveling salesman" mentioned in Asa Candler's alleged charges preceding the breaking of his engagement to Mrs. Onezima De Bouchelle, has wired Mrs. De Bouchelle in New Orleans asking her to call on him if he could help her, it was learned Thursday.

Leggette's message was quoted as follows:

"Anything that I can do for you to assist you don't fail to call on me. Keep up your fight and make them eat their dirt. I gave them state- ments the lie. I am strong for you."

## MIGRATORY PICCOLO Wielded by Army Applicant Here

The Wandering Jew has ceased his journeys; but the itinerant piccolo player has come to take his place, according to Captain Wilson of the local army recruiting station. Yesterday, according to the captain, Thomas Bartholomew Connally, who insisted upon the Bartholomew, made his appearance at the station and desired to enter the service as a piccolo player in one of Uncle Sam's Army bands.

Connally played his instrument during the World War, and upon receiving his discharge migrated to India. At Calcutta he fell in with some dusky Hindu musicians. American jazz was introduced and Connally joined the chirp of his piccolo to the exotic strains in the country where the wall of the snake charmer's wife had been the only music for centuries.

## The Famous Maytag Electric Washer

A Featured Display Among the Many in

### The Electrical Show

One of the most important displays in the Sixth Floor Electrical Show is that of the Maytag Washer, nationally known as one of the very best of all electrical washers. Conclusive demonstrations will reveal its desirability as a time-saving, money-saving and labor-saving aid to every housewife.

#### Two Models—Each a Peer of Its Type

Two styles of Maytag Washer have been developed, both capable of doing a highly satisfactory type of laundering. The cabinet type pictured, contains an aluminum cylinder revolving at high speed through which hot water is forced, coursing through the meshes of the materials contained within it and cleaning them thoroughly.

The "tub" type utilizes a reversed plunger combined with a circular movement which produces a veritable "tempest" in a tub and effectively cleans all garments placed within it.

#### Both Models Are Sold on Remarkably Easy Terms

## LAWSON'S EFFECTS ARE SOLD ON BLOCK

Common People Pay Entrance  
Fee to Witness Spectacle at  
Financier's Home.

### ATTEMPT ROBBERY

Two Men Prevented From Entering  
Baker Lunch Room.

Two men attempted to force the rear door of Baker's Dairy Lunch room, 155 N. Illinois St., last night. Harold Stapp, night man at the cafe, prevented the men from gaining entrance.

Stapp is the man who fought with the hold-up man during a robbery last week. The hold-up man was shot by the police.

Lawson himself was nowhere in sight. Friends said he was in seclusion in Boston, broken-hearted, because

alleged financial straits made it necessary for him to sell Dreamwold, the racing place of his children.

On a bookcase in the library was Lawson's famous work "Frenzied Finance."

### PICTURE HAT

A large black velvet picture hat is lined with cloth of silver, and has elaborate silver lace patterns applied on the crown.

### CREDIT MEN ELECT

Association Chooses Officers at Meeting at Athenaeum.

Carl W. Steeg was elected president of the Indianapolis Association of Credit Men at a meeting at the Athenaeum. Others elected to offices were: John M. Caswell, first vice president; Henry Knaff, second vice president; Charles Edward Sullivan, treasurer; James J. Bright, John C.

Rugenstein, F. L. Bridges, F. A. Guth and O. E. Moss, directors.

### GREEKS GIVEN LOAN

By United News  
CONSTANTINOPLE, Oct. 13.—The new Greek government has obtained a loan of 10,000,000 pounds from Great Britain, according to a report from Athens.

### SEARCH FOR BANDIT

Police Want Former Pullman Porter for Train Robbery.

CHICAGO, Oct. 13.—Police today were searching for a former Pullman porter who they believe was responsible for the daring hold up of the California Limited, crack Santa Fe flyer in Kansas City yesterday.
