SPIED TODAY

A lady riding in the rear seat of a sedan was busily engaged in putting her hair in kid curlers while she rolled and swayed as the automobile hit the chuck holes on Shelby St. —E. H.

A policeman came out of a grocery at Blaine and Miller Sts. Evidently he had been kicked hard by the mule. He went staggering up the alley to Howard St., to pull his box. Passersby remarked to each other, "Do you see the same thing I do?" —C. V. L.

A man walking north on Illinois St. threw out his arm as a signal as he turned a corner going east.—E. C.

I saw a boy about 14 years of age turn the switch on an electric light and then attempt to jump into bed before the light went out.—L. K. K.

A boy proceeded west on Washington St., on a bicycle, reading a comic paper as he rode.—E. F. H.

A woman on an E. Washington St. car ripped the hem out of her dress to let it down longer.—H. V. C.

An old woman held up traffic at Market and Pennsylvania Sts. while she crossed the intersection.—P. E.

At the southeast corner of Madison and Washington Sts. at 5:07 Tuesday afternoon I heard a traffic cop blow out an auto driver, who stopped to avoid running down a boy on a wheel. "Come on, come on; you've got the right-of-way," the cop yelled. "I'll take 'em to the hospital." —H. E. C.

IT IS YOUR OWN FAULT IF YOU CATCH COLD

When it is understood that colds result from wrong living, bad air, loss of sleep, overwork and worry, you may realize that it is your own fault if you catch cold. If you neglect your health, allow yourself to become tired, run down and with resisting power lowered, you leave yourself wide open to attack. You can build power to fight off colds by taking Father John's Medicine. If you do catch cold you can drive it off by taking Father John's Medicine. The pure food ingredients in Father John's Medicine give new strength and health—guaranteed free from drugs and alcohol.—Advertisement.

DOCTOR ORDERED WOMAN OBEDIED

Took Lydia E. Pinkham's Vegetable Compound and is Now Well

Chicago, Illinois. — You surely gave women one good medicine when you put Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous it kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E.

Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world." — Mrs. ADRIETH TOMSHECK, 10567 Wabash Ave., Chicago, Illinois.

There is nothing very strange about the doctor directing Mrs. Tomcheck to take Lydia E. Pinkham's Vegetable Compound. There are many physicians who do recommend it and highly appreciate its value.

Women who are nervous, run down, and suffering from women's ailments should give this well-known root and herb medicine a trial. Mrs. Tomcheck's experience should guide you towards health.

Collins, Booth Tarkington, John Philip Sousa and others will be the guests of the management during the run of the picture. Many prominent ministers of the city have been invited to see the picture during the first Indiana run.

This picture was booked at an opportune time because one of the biggest church meetings of the State will be held in the city next week. A special orchestra, under the direction of Herman Arndt, will play a special score. During week days two performances will be given daily. It is said the picture cost nearly \$3,000,000 and three years were used in filming it. It is a foreign made spectacle using a foreign cast.

Syrup Pepsin Helps Nature Give Relief

TRY IT WHEN A LAXATIVE IS NEEDED AND SEE THE WONDERFUL RESULTS

HERE'S ALICE

IT IS NOT NECESSARY TO TAKE A VIOLENT PHYSIC FOR SO SIMPLE AN ALIMENT AS CONSTIPATION. Yet many thoughtless parents give mercury in the form of calomel, and coal-tar in the form of phenol when a natural vegetable compound like Dr. Caldwell's Syrup Pepsin will do the work equally well and without danger. People should realize that mercury may salivate and in certain conditions loosen the teeth; that phenolphthalein, by whatever name known and however disguised in candy, may cause dermatitis and other skin eruptions; that salt waters and powders may concentrate the blood, dry up the skin and cause lassitude.

YOU CAN TAKE DR. CALDWELL'S SYRUP PEPSIN YOURSELF OR GIVE IT TO A BABY IN ARMS, AS THOUSANDS OF MOTHERS DO EVERY DAY, WITH THE CONFIDENCE THAT IT IS THE SAFEST AND BEST MEDICINE YOU CAN USE FOR CONSTIPATION AND SUCH COMPLAINTS. A TEASPOONFUL WILL RELIEVE YOU OVER NIGHT EVEN IF THE CONSTIPATION HAS BEEN CHRONIC FOR MONTHS.

Dr. Caldwell's Syrup Pepsin is a compound of Egyptian seneca and pepsin with pleasant-tasting aromatics, and does not cause or grippe. Every druggist handles it, and bottles are so generous that the cost amounts to only about a cent a dose. You buy it with the understanding that if it does not do as claimed your money will be refunded. The names of all the ingredients are on the package.

Mrs. A. Arceneaux of Orange, Texas, suffered from constipation for six years and found no relief until she took Dr. Caldwell's Syrup Pepsin; and Mrs. Gus Anderson of Ball, Kans., corrected her bowel trouble so that she now eats and sleeps normally. Bring a bottle of Dr. Caldwell's Syrup Pepsin into your own home and let the family use it for constipation, biliousness, wind, gas, headaches, flatulence, and to break up fevers and colds.
