

## DEEP SEA PIRATES CAPTURE VESSEL; HIT SHOAL WATER

**Captain Imprisoned by Daring  
Trio, Who Narrowly Escape  
Lynching When Caught.**

By United Press  
HAMBURG, Oct. 27.—Three deep sea pirates are in the Hamburg jail under close guard to protect them from lynching and the details are just being learned of a stirring episode on blue water. The pirates shot the captain of the schooner Bertha, locked him up, overpowered the crew and took possession of the vessel.

The Bertha, with a valuable cargo, and carrying no arms, was hoisted some distance off Hamburg by a party of four men in a small boat. Refusing to surrender at their command, the captain was shot and bungled into his own cabin, where he was locked up. Then the pirates conquered the Bertha's crew and began to ransack the ship.

Having satisfied themselves apparently as to the value of the cargo the pirates began navigating the ship toward shore. Their attention being diverted from the captain he loosed himself and got over the side with some members of his crew in a life-boat and rowed for shore amid the dancing spears of bullets striking the water all around him. During the night the schooner ran into shoal water and grounded and there she was found when the skipper returned with shipping officials and an armed party from Hamburg. Three pirates remaining aboard were easily taken. The fourth had put off in a small boat and escaped with valuable booty.

When the three prisoners were brought ashore the police had a battle to prevent waterfront crowds from lynching them.

## Skin Ablaze with Eczema Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digesting torture and its soul-tearing, unrelenting itching, pimples, black-heads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature! S. S. S. builds them by the million! It has been doing it since 1890! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known to us mortals! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes: "My little girl had a very bad case of eczema. She began taking S. S. S. and in well over a week, I thank you very much, I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it cures rheumatic build, firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.
