

FARMERS DISCUSS IMPROVED HOMES

Short Course at Purdue De-
votes Second Day to Forum
on Domestic Life.

By Times Special.
LAFAYETTE, Ind., Jan. 9.—The Indiana Farm Home was the central theme before the annual farmers' short course at Purdue University today. Classes in all other lines of work were suspended during the afternoon while the farm men and women devoted their time to a discussion of the farm home as the basis of agricultural progress.

E. L. Miller of of Lafayette, president of the Tippecanoe County Farmers' Federation, and Mrs. Lawrence J. Foster, wife of a prominent Montgomery County stockman and farmer, were the principal speakers.

"There are no fixed rules for securing a home, but there are three fundamentals—industry, honesty and economy," said Mr. Miller in the course of his remarks.

Mrs. Foster made a strong appeal for a deeper appreciation on the part of farmers generally for the farm home and what it really signifies rather than "merely a place to eat and sleep."

"Not a large enough share of the farm income has gone into the farm home, and there has been too little consideration of what it would mean to the farm family to make it a more convenient and attractive place to really enjoy living," said Mrs. Foster.

The morning program for the men included instruction in corn judging by Prof. M. L. Fisher; judging of stock to be slaughtered by Prof. F. G. King; judging of dairy cattle, by Prof. L. H. Fairchild; what farm products to produce and where, by L. S. Robertson; how to head off the chin-chin bug, by Prof. J. J. Davis; how to bring back the farm orchard, by C. L. Burkholder, and prevention of soil erosion, by C. A. Norman, and organized inspection trips to the university farms.

HALF THE FIGHT AGAINST ILLNESS

Keep the Liver Prepared to Do Its Duty in Cleansing the System. Black-Draught Will Help.

Mrs. Wesley Mabe, who resides near Kermersville, N. C., says Thedford's Black-Draught is kept in her home all the time, since it has proved very valuable when used to correct derangements of the liver, stomach and bowels, and to help prevent sickness from developing from such conditions.

"For dizziness, headaches, colds, and similar troubles, Black-Draught is a wonder," according to Mrs. Mabe.

"It helps carry away bile and cold the easiest of any medicine I ever saw."

"I have used Black-Draught with my whole family, and will continue to do so, as it has proven its worth. We are glad to recommend Black-Draught. My health is just fine."

Black-Draught has been found a useful adjuvant in breaking up colds, when the use of a laxative or cathartic medicine is indicated. It acts upon the liver as a tonic, helping it to drive poisons and unhealthful matter from the system.

Biliousness, dizziness, coated tongue, bitter taste in the mouth, often warn you that your liver is out of fix. Don't neglect it. Prevention of illness is better than cure. Take Black-Draught for your liver. Be sure you get Thedford's.

Most druggists sell Black-Draught. Get a package, today—Thedford's—Advertisement.

MERGER OF TELEPHONE COMPANIES AUTHORIZED

Interstate Commerce Commission Favors Union at Princeton.

WASHINGTON, Jan. 9.—The Princeton Telephone Company of Indiana was today authorized by the Interstate Commerce Commission to acquire the properties of the Oakland City, Ind., Telephone Company and certain properties of the Indiana Bell Telephone Company. The value of the Indiana properties has been set at \$16,981 and of the Indiana properties \$54,914.

The Princeton Company will effect its purchase of these properties by exchange of its own stock with the stockholders of the other two companies.

The purchase of the two companies by a competitive company is to eliminate duplication of services in the territory where the three companies have operated. The plan was found by the commission to be of advantage to the public interest.

Business Is Good

A Message From the 211 Employees of the Fletcher Savings and Trust Company

Our third annual New Business Contest ends January 31, 1923. This year we have divided ourselves into twenty teams, each under the leadership of a director of the company and a captain. We have set for ourselves a goal of 2,000 new accounts and \$500,000 of deposits.

At the end of the fifth week of the contest, thanks to the generous co-operation of depositors and other friends, our efforts have been rewarded with 1,175 new accounts amounting to \$380,925.

In the remaining weeks of the contest we are hoping to more than reach our goal and we shall greatly appreciate your help. May we remind you of the uncommon protection afforded depositors by the company's capital and surplus of two million dollars, and also of its effort to bring the complete banking facilities of its main office to your door through its eight branches and affiliated banks? Any one of us will gladly wait on you or any friend whom you may interest in opening an account here. We assure you that we endeavor to give uniformly courteous and painstaking service. Credit for new accounts will go to any of the following team members you may choose to name:
