

# Tribe Purchases 'Spud' Campbell, Terre Haute Three-I Third Sacker

## POPULAR PLAYER WILL GET CHANCE IN FASTER CLASS

Has Good Record in Smaller Loop—Well Liked Among Players in League.

### HAILS FROM FRANKLIN

Is All-Around Athlete—Plays With Shelbyville Net Team—Trainer Signed.

By EDDIE ASH  
Billy "Spud" Campbell, Terre Haute Three-I League third baseman and former of Franklin College, today was purchased by the Indianapolis Indians. Manager Hendricks announced.

The Tribe boss was elated over his success in landing the youthful Hoosier infielder and he believes he turned a deal that will make a popular hit with the fans.

Campbell is an all-around athlete and is playing basketball this winter with the Shelbyville Elks. When in college at Franklin he was among the outstanding athletes of the State.

Is a .300 Hitter  
Campbell has been in league baseball about three years and his record the last two seasons has been high-class. In 1921 he hit .325 and in 1922 he hit .300.

Manager Hendricks had been keeping his eye on Campbell for some time and was advised recently by Owen Bush and Elmer Dugan to buy the young star. Dugan is a veteran Three-I Leaguer who lives at Franklin.

Campbell stole forty-one bases in 1921 and twenty-one in 1922. His record as a sacrifice hitter also made a hit with Hendricks, the player getting thirty-one in 1921 and thirty-three in 1922. Campbell's fielding average last season was .916.

Speeds Up Competition.  
The purchase of Campbell will make competition on the Tribe infield rather warm. Seven infielders, including Steve Yerkes and Tom Whelan, utility, are now on the roster, as follows: Kirke, Christenbury, Sicking, Baird, Campbell, Whelan and Yerkes.

With Owrie Bush interested in Campbell the Three-I League had to get a thorough chance to make good as a regular. If he makes good in a big way here a future sale to Bush's Washington Americans will be in prospect.

Sam Gullion, an ex-service man, today was appointed trainer for the Indians. He was recommended by Andy Lotshaw, former Indian trainer who now is the Chicago Cubs.

President Smith, satisfied with the preparations for the 1923 season, will depart for St. Petersburg, Fla., tonight for a vacation. While in the South he may secure a training camp site for the Indians in the Peninsula State.

## TAYLOR DEFEATS KELLY ON POINTS

Bud Gets Away to Fast Start in Scrap.

By United Press  
CHICAGO, Jan. 9.—Bud Taylor, Terre Haute bantam, won over Jimmy Kelly, in ten rounds of fast boxing here Monday night.

Taylor got away to an early start and pulled up enough points to give him the edge despite the flashy comeback of Kelly in the last three rounds.

From start to finish it was a great scrap and both were in top form.

Rambler's Going Strong  
The Marion Rambler have placed a fast team in the field for basketball honors and so far have not lost a game. Teams with access to gyms are asked to call Kenneth Williams, Harrison 3493, or address 717 E. Ninth St.

## CROSSING GUARD IS UNDER ARREST

Carelessness Caused Truck's Wreck, Is Charge.

Joseph Parisi, 37, of 1218 S. East St., driver of an automobile truck which was struck by a Pennsylvania passenger train, was in the Vineland Hospital today. His condition was not serious. The accident occurred at the Leota St. crossing of the Pennsylvania Railroad tracks late Monday.

Following the accident Bernard Kelly, 57, of 1114 S. East St., watchman at the crossing, was arrested on the charge of criminal negligence. It was alleged that he raised the gates to permit the truck driven by Parisi and another automobile to cross. The other automobile got across, but after Parisi's truck started across the gates were again lowered, it was charged, and the truck was hit by a train in charge of Engineer William Green of Columbus, Ohio. The truck was hurled against a freight car on another track and then wedged between the locomotive and the long train of freight cars and demolished. Fred Hawthorn, 127 Herman St., and Albert Spratt, 47 S. Dearborn St., were in the truck, but escaped injury by jumping.

## Goes Begging

WALTER SCHMIDT

By NEA Service  
PITTSBURGH, Pa., Jan. 9.—Walter Schmidt, first-string catcher of the Pittsburgh team, is on the market.

Failure of Schmidt to report in the spring of 1922 forced Pittsburgh to use young catchers. Given the opportunity to play regularly both recruits, Gooch and Mattox, made good.

Schmidt is a great backstop. It was believed that he would be immediately gobbled up by some club, but as yet nothing doing. This has come as a surprise to Dreyfus and probably an even greater one to Schmidt.

## BIG CONTEST AT WABASH TONIGHT

Franklin Five Expected to Meet Heavy Opposition.

By Times Special  
CRAWFORDSVILLE, Ind., Jan. 9.—One of those "big" games is on the card tonight here. Franklin will take on the Wabash team, it looks like one of those feature battles that happen just once in a while.

The Little Giants are prepared for a real struggle in their first game against a Hoosier five. Most of the players have seen the Franklin team in action against either Butler or De Pauw and know exactly what they are up against.

The probable Wabash line-up will be Captain Adam and Burdette, forwards; Thompson, center; Goldsberry and Grater, guards. There is a possibility that Thurn may get into the contest at the pivotal position.

Reports from Franklin state that Wagner will start his freshmen and the line-up will be Vandiver and Galt, forwards; C. Fiddle, center; Ballard and E. Fiddle, guards.

## FRANKFORT FIVE GOING AT FAST CLIP THIS YEAR

Case Develops Speedy Outfit—Wins Over Logansport and Bloomington Impressive.

By Times Special  
FRANKFORT, Ind., Jan. 9.—Twelve straight victories over some of the best high school quintets in the State is the record marked up by the Frankfort High School basketball team already this season. The 43 to 19, win over Clifford Wells' Logansport aggregation here Dec. 15, and the 29 to 22, victory over the strong Bloomington five Dec. 22, mark the locals as one of the State's best.

Oliver is the only regular left from last year, but the new men on the squad have been showing great form and fans are already claiming the best quintet in the history of the school.

Frankfort High boasts of one of the finest high school gymnasiums in Indiana, in Howard Hall. The building has been dedicated to Miss Kathryn Howard, principal of the Frankfort High School. The playing floor is fifty by seventy-four and there is a seating capacity of 3,000. Seats are expected to be at a premium here Jan. 12 for the Frankfort-Lebanon tilt.

When Spradling, Behr, Harker and McCarty were lost by graduation last spring, the Frankfort fans were downhearted, but the new men have filled the gaps, and the team is a well-balanced aggregation. Everett Case is in charge of the Frankfort quintet, taking the place of Paul Lustetter who resigned last year to succeed Griz Wagner at Franklin.

The locals lost a pre-season game to Jefferson High School of Washington Township, but since that time they have won the best of the rest of the way. The record of the Frankfort five this season follows:

Frankfort, 50; Jefferson, 24.  
Frankfort, 32; Colfax, 23.  
Frankfort, 50; Shelbyville, 19.

## BROAD RIPPLE IS GIVEN CAR HOPE

Power for New Line Assured, Railway Company Says.

"Broad Ripple will have city car service with a 5-cent fare 'soon as economically possible,' officials of the Indianapolis Street Railway Company said today following a conference with the board of public works and other city officials.

The question of having the car company pay the excess cost of paving between the tracks, was brought before the board and officials by Taylor E. Groninger, city corporation counsel. Dr. Henry Jameson, chairman of the board of directors of the car company, and Robert I. Todd, president, assured the board that the matter would receive attention.

In dealing with the Broad Ripple situation, Dr. Jameson explained that city service runs to Forty-Sixth St., and the tracks north of that point are owned by the Union Traction Company. Since the public service commission had granted the T. H. & E. Traction Company right to enter commercial electric business in Indianapolis and thus insure sufficient power for the car company, the only remaining problem is to lease, buy or build tracks to Broad Ripple, he said.

## QUAKER TELLS OF AID GIVEN TO RUSSIANS

Head of State Service Committee Addresses Nurses.

"Quakers are responsible for famine relief in a district in east central Russia about the size of Belgium," Mrs. Louisa Billman, State director of the American Friends service committee, said at a meeting of the State nurses' association here today.

## BULLSEYES of BASEBALL

NO. 9: THE FREAKIEST BASERUNNING I EVER SAW

By DILLY EVANS  
REAR plays always create discussion. Baseball abounds in such situations. As Catcher Eddie Atensmith goes the credit of pulling the freakiest bit of baserunning I have ever seen.

Atensmith, who is now catching for the St. Louis club of the National League, was a member of the Washington team when he put over his bit of baserunning extraordinary. Philadelphia was playing at Washington, and had the home team badly beaten. Chief Bender was doing the pitching for the Athletics.

When Atensmith singled in the ninth after two were out, the score was something like 13 to 2 in favor of the Athletics.

On the first ball pitched Atensmith stole second without any opposition. On the second ball he stole third. No one paid any attention to him. The next pitch was a strike, making the count two balls and a strike.

Then some war in the grandstand started all the trouble by yelling, "Why don't you steal home, Eddie?"

Atensmith decided to do that very thing. As Bender started his wind-up, Atensmith dashed for the plate. The run meant nothing in the game, and Bender seeing the humor of the situation, decided to let Atensmith get away with the play.

When Atensmith slid over the plate in safety, Bender was still winding up. Atensmith had gotten to the end, brushed off his uniform, and was half way to the bench, doffing his cap to the mock applause of the crowd, before Bender had time to stop.

## Owrie's Pals Throw Party

It was "Owrie Bush night" in the east end Monday evening and he was basking over with toasts for Owrie. Among the speakers were William Peak, former city commissioner; Andy Lotshaw, trainer of the Chicago Cubs; "Young Mike" Kelley, manager of the "South Atlantic" South Atlantic League Club; Johnny Dugan of Cincinnati, prominent baseball booster connected with the K. I. O. League, National Baseball Federation and Union Printers National League.

Owrie Deeply Impressed  
The affair was given under the auspices of the Washington East Side Club, right in the midst of Bush's so-called days. The night's affair, who helped Indianapolis and Detroit with pennants, and who is capping his splendid baseball career as a major league pilot, was deeply impressed by the gathering. He was presented with a valuable watch chain, gold knife and Elks charm suitably engraved with a baseball emblem.

Indianapolis is certainly proud of its native son, big league manager. Indianapolis hopes Owrie Bush wins a thousand pennants.

## BUTLER NETTERS MUCH TOO GOOD FOR NOTRE DAME

Irish Given Decisive Beating by Locals in Rough and Tumble Game.

By VEDDER GARD  
The Notre Dame basketball team should take Butler's nickname of Bull-dogs because of their ability to hang on. The players from South Bend hung onto anything in sight Monday night at Tomlinson Hall against Butler—throughout the contest arms, legs and shoulders were grabbed, and occasionally the basketball. The tilt was an easy victory for the Irvington five, 29 to 14. Notre Dame made only two field goals throughout the forty minutes, and both of those were wild and woolly shots that happened to find the loop.

Notre Dame meets Purdue at Lafayette tonight and Butler takes on Fairham at the Irvington gym. Hooker and Leslie were kept out of a greater part of the fray Monday night in order to be ready for the games later in the week. Purdue is the Butler opponent at Lafayette on Friday.

Reports preceding the Irish netters stated that they had finally gotten together a basket team. Judging from the Butler game it seems to be the same old story of Notre Dame net playing with a round ball on a hard floor. They did everything but make flying tackles and a couple of those were tried by subs who went into the game late.

The Notre Dame version of basketball is surely not what crowds at Tomlinson Hall have been looking at recently.

Young Nipper, the freshman guard, formerly of Tech, looks better every day. He played a beautiful game against the Irish and proved hard to tackle. He dropped in four close-up shots in the first period. Griggs also went good. Wally Middeworth took plenty of shots and finally snarled a couple of long ones. Paul got a chance and fitted in well with the Butler style of play and showed plenty of speed. Colway played one of his best games during the time he was in.

The visitors showed flashes of speed but that is about all.

## NIGHTERS' FOR ATHLETICS

Athletes will be encouraged at the Arsenal Technical night school during the second term, which opened Monday night. A basketball team will be organized according to Edward E.
