DENVER, Jan. 29.—Judge Ben Lindsey, world famous juvenile court authority, today joined the ranks of the army of boosters for the Times' and allied Scripps-Howard newspapers' plan for a world-peace and rehabilitation conference to be called by President Harding.

"I have read the editorials with great interest," he said, "and the plan appeals to me as very wise and timely. I heartily endorse the suggestions."

By Times Special
COLUMBUS, Ohio, Jan. 29.—Ohio pastors, in convention here, passed a resolution calling upon President Harding to convene an international conference for economic rehabilitation of Europe.

"Unless the United States comes to the rescue of Europe," the resolution sets forth, "the world is threatened with chaos."

If the United States is unwilling to avail itself of existing provisions for international cooperation, it must present some better way.

President Sullivan, Columbus Federation of Labor, and General Baker of the American Legion approved the plan, believing this to be the one country which can avert a conflict.

COLORADO GOVERNOR, SAYS
U. S. MUST LEAD WAY

By Times Special
DENVER, Jan. 29.—Governor William E. Sweet of Colorado said today: "The first point, which must be conceded by all, is that the United States must furnish the leadership in settling the European entanglement."

"There must be also a scaling down of Europe's debts to America, and the sooner the United States comes to a realization of this the better."

Former Congressman Ben Hilliard, who voted against the war, said, because multimillionaires and bond speculators always have a hearing when the commissions meet to consider war and reparations problems, the plan advanced would not have fair consideration.

The Best Cough Syrup
is Home-made.

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You're probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it feels, the relief it gives, and the fact that it's a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex, then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, breaks the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, spasmodic cough and bronchitis.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.—Advertisement.

By Times Special
TOLEDO, Ohio, Jan. 29.—Mrs. David M. Blaine, president of the Service Star Legion here, formerly the War Mothers, declared a demand that everything possible be done to prevent another world war to be made at the chapter's next meeting.

"We war mothers suffered enough in the last war," she explained. "We have too many women in black in our ranks now. We don't want to increase that number. We must not suffer another war. I agree heartily with the suggestion of the Times. I hope it will be adopted by President Harding, a conference called and his plan accepted by the world's statesmen."

Mrs. Ben W. Johnson, president of the City Federation of Women's Clubs.

"Women all over America are firmly against another war. I believe the men are. We should all cooperate to prevent another such horror."

Police Chief's Order to 'Put on Lid' Results in Series of
Raids—Gambling, Blind Tiger and Vagrancy
Charges Lead—28 Women Held.

Two hundred and fifty-eight persons were arrested in Indianapolis over the week-end, according to police records today. Of this number 230 were men and twenty-eight women.

Squads of police made a series of raids, following special orders from Police Chief Herman Rikhoof, that "the lid" must be kept on. Of the 230 men, all except forty-six were released on bond. Twenty-three of the women obtained bond.

Six men were arrested on charges of keeping a gambling house, 45 gamblers and visiting a gambling house, 43 operating a blind tiger, 58 vagrancy, 7 statutory charges.

The police defied an injunction issued by Judge Harry O. Chamberlain of Circuit Court and raided the poolroom of Robert "Rufe" Page, colored Republican politician, at 1321 N. Senate Ave., and George Jondke, who were arrested on charges of keeping a gambling house. Patrolmen Hadley and Harris, both colored, who made the arrests, also sent eight men to headquarters on charges of gaming and visiting a gambling house.

Page was one of thirteen colored men indicted by the grand jury recently, following an investigation by Prosecutor William P. Evans. The two patrolmen who raided Page's place walked into the poolroom and there, alerted, watched men shoot craps. They obtained some money and dice as evidence.

Judge Chamberlain, when told of the raid on Page's poolroom, said: "The injunction was not against arresting any law violators. It was only against stationing a lot of policemen in there and driving customers out."

I shall not take any action about it. I know that Page was indicted by the grand jury recently."

RHEUMATISM PAINS
ARE NOW IN SEASON

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kind.

Rheumatism is caused by body waste and acids resulting from food fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the body of this impurity.

In damp and cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this waste and acids, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste matter, also to stimulate the kidneys, thus forcing the blood of rheumatic poison.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folk who are subject to rheumatism.—Advertisement.
