

EUROPEAN CAPITAL IS POURING INTO MEXICO PROJECTS

U. S. and Oregon Govern-
ments Are Not Recon-
ciled.

By C. C. LYON.
WASHINGTON, Feb. 9.—Back from a visit to Mexico, Elmer Dover, former assistant secretary of the Treasury, says that "European capital is pouring into Mexico. German and English money are in the lead, competing for the wonderful opportunities that confront investors. American capital is lagging far behind."

Dover has been the "go-between" between President Harding and President Obregon. He has just completed his fourth "unofficial" trip between Washington and Mexico City.

"Will the United States recognize the Obregon government?" I asked Dover.

"There is no change in the status of negotiations for recognition of the Mexican government," said Dover. "The two governments appear unable to reconcile their respective policies."

"Briefly, the United States Government has requested that the Mexican government sign a treaty before recognition is given, while, on the other hand, the Mexican government insists on being recognized first and signing the treaty later."

"It is my belief there is very little difference between the two governments in matters of principle or policy; it is more a difference in procedure."

SEVERE PAINS AND SO WEAK

Florida Lady Says She Suffered Greatly, but Found That Cardui Helped Her, and She Got "Stout and Well."

Dady, Fla.—"For a long time I had trouble each month, and suffered a great deal, evidently some womanly weakness," says Mrs. E. E. Pagett, who resides here on Route 1. "I would have very severe pains down on each side and across my back, and feel so weak I would have to lie down and then have a bad headache. 'I know there was trouble somewhere, and with all the doctoring I had done, I didn't get relief. Tears and such didn't reach my trouble, so I decided to take Cardui."

"I found as the time came around, the pain was less, but I kept on till I took six bottles. I am stout and well... and give Cardui all the praise."

Thousands of other women praise Cardui, for beneficial results. Cardui is a mild, harmless, vegetable tonic medicine, found valuable in the treatment of many common womanly ailments. If you suffer as many women do, don't let your troubles run on without doing anything for yourself. Take Cardui! Since it has helped so many, Cardui may be of valuable assistance to you, in regaining your health.

BAD COUGH; KEPT LOSING WEIGHT

Mr. Coleman thought his time had come. But he's well now.

"I was taken with a dry, hard cough about six months ago. Finally I got so sore across the chest I could hardly breathe; and coughed continually until I thought it would kill me. Had no appetite, spent over \$100 on doctors and medicines, and was worse off than when I started."

"The first bottle of Milks Emulsion did me more good than the \$100 spent for other treatment. It soon gave me a good appetite, my cough left me, and I have regained the flesh and strength I had before I was sick."

Arthur Coleman, Box 391, Helena, Ark.

You need an appetite, a good stomach, and some real strength if you want to fight off disease. Give Milks Emulsion a trial at its maker's risk. Milks Emulsion restores healthy, natural bowel action; it is a truly corrective medicine, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food, and thus build flesh and strength. Milks Emulsion is strongly recommended to those whose sickness has weakened it; it is a powerful aid in resisting and repairing the effects of wasting disease. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60 cents and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Advertisement
